Are you going to the Fair?

The Fair! THE FAIR!! THE FAIR!!!

Subscribe something to the Elliot Fair.

The ladies are working strenuously, to make the fair a success.

Travelling salesmen were plentiful in town a few days ago.

Call at Cornelsons and inspect the "Dolly" Vardens.

What a lovely sight! The crowd of female beauties who will grace the Fair to night.

We understand that Mr. T. C. Andrews has withdrawn his name as a candidate for Sheriff.

We invite particular attention to the "Notice" of County Auditor published in another column.

A long and interesting communication on the "new street" (celebrated "Dolly Varden") is necessarily held over till next week.

Meroney has just received a choice stock of groceries. Call and inspect them. He always keeps only first-class goods.

Mr. Doyle's kitchen was discovered on fire last Thursday morning about nine o'clock. The firemen were promptly on hand, and the flames, which at one time threatened serious damage, were soon extinguished.

Messrs. Bull, Scovill & Pike appear before our readers this week. They are doing a tremendous business, even at this season of the year, when money is so tight. The secret is: They sell goods low and make quick sales.

Our town is all excitement. Everywhere we go, we are asked if we're going to the Fair. Our reply is of course affirmatively. The Fair is given for a public good, and anyone who has at heart the public interest, will be sure to attend.

**AMERICAN NEWSPAPER DIRECTORY.**—We are in receipt of the above work, from the enterprising firm of George P. Rowell & Co., newspaper Advertising Agents, New York City. Address George P. Rowell & Co., 41 Park Row, New York City.

The ladies of Darlington propose to organize a society for the erecting of a monument to the Confederate dead of that county.

PRINCIPAL OFFICE, MACON, GA.

The undersigned having been appointed State Agents for the above Company and established the office of the Company in Columbia, invite attention to one or two of the advantages offered to them who may desire to effect insurance on their lives in a safe Home Company;

The Board of Managers at a recent meeting, passed unanimously the following resolution:

"Resolved, That in view of the fact that there are unusually large sums paid for Life Insurance, to the Companies of the North and East, which sums being there invested, contribute to the enrichment of those sections, whilst our own South is greatly in need of cash capital to prosecute successfully our Agricultural and Mechanical enterprises; it is ordered, that for the purpose of retaining these sums in our midst, hereafter a certain proportion of the net cash receipts from premiums, amounting to not more than 70 per cent. of the same be invested in such manner as may be in accordance with the regulations of the Company, in those sections from which the said premiums are attained."

(Signed) WM. B. JOHNSTON,  
President.

GEORGE S. OREAR, Sec'y.  
The Financial strength of the Company places it in high rank. Its last Annual Statement shows that the Company possesses, besides its large Guarantee, \$170 for every \$100 of its liability.

"Children's Lives Saved for 50 Cents."—Every case of croup can be cured when first taken, by Dr. Tobin's Venetian Linctus, warranted for 24 years, and never a bottle returned. It also cures diarrhoea, dysentery, colic, sore throat, cuts, burras, and external pains. Sold by the druggists. Depot, 10 Park Place, New York.

Venus herself would not have been beautiful if her complexion had been bad. If beauty is skin deep, it is necessary to secure and retain that part of it; and ladies, instead of resorting to paints and powders, should remember that an impure, blotchy, or sallow skin is the proof of feeble digestion, torpid liver, or vitiated blood, for all which Dr. Walker's California Vinegar Bitters is a safe, sure, and efficient remedy.

Burnett's Cocaine.—No oils, neither pomades or alcoholic washes—foreign or domestic—can compare with Cocaine as a Hair Dressing. It anchors the hair firmly in the scalp—gives it new life and lustre—and renders it the "crowning glory" of both sexes, old and young.

Pratt's Astral Oil.—More accidents occur from using unsafe oils, than from steamboats and railroads combined. Over 200,000 families continue to burn Pratt's Astral Oil, and no accidents directly or indirectly have occurred from burning, storing or handling it. Oil House of Charles Pratt, Established 1770, New York.  
T. D. Clancy & Co., Charleston, agents for South Carolina.

A Beautiful White, soft, smooth and clear skin is produced by using G. W. Laird's "Bloom of Youth." It removes tan, freckles, sunburns, and all other discolorations from the skin, leaving the complexion brilliant and beautiful. Sold at all druggists. This preparation is entirely free from any material detrimental to health.

Just the Remedy Needed.—Thanks to Mrs. Winslow's Sooling Syrup, we have for years been relieved from sleepless nights or painful watching with poor, suffering, teething children.

For Dyspepsia, indigestion, depression of spirits and general debility in their various forms; also, as a preventative against fever and ague, and other intermittent fevers. This Ferro-Phosphated Elixir of Calisaya, made by Caswell, Hazard & Co., New York, and sold by all Druggists, is the best tonic, and as a tonic for patients recovering from fever or other sickness, it has no equal.

Risley's Genuine Golden Bell Cologne Water, according to the original formula of Provost, Paris, so long and favorably known to the connoisseurs of Haviland, Harri and Risley and their branches, for its fine permanent fragrance is now made by H. Thurston's Ivory Pearl Tooth Powder.—The best article known for cleansing and preserving the teeth and gums. Sold by all Druggists. Price 25 and 50 cents per bottle. F. C. Wells & Co., New York. March 1-1y

**AYER'S  
Ague Cure,**

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in bilious derangement, caused by the Malaria of miasmatic countries.

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of the miasmatic poison. This "Cure" expels the miasmatic poison of Fever and Ague from the system and prevents the development of the disease, if taken on the first approach of its precursive symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Fever and Ague prevails, every body should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinson or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Paralysis, Painful Affection of the Spleen, Hysteria, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cure" expels the poison from the blood, and consequently cures them, all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy affords.

**Ayer's Cathartic Pills,**

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviolable. Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Coughs, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.* They are an excellent alternative for the renovation of the blood and the restoration of tone and strength to the system debilitated by disease.

**Ayer's Cherry Pectoral,**

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
