BLANCH C. LAW, Postmistress. Nov. 19, 1885.

LOCAL ITEMS.

MR. S. H. ZIMMERMAN is the regular traveling agent for the NEWS, and is authorized to receipt for advertisements or subscriptions.

THE contract for building the two cisterns on the square was awarded to Capt. Behrens.

CAPT. Behrens has a contract to overhaul and alter the Manne store and will begin work in a few days.

THE many friends of Col B. W. Edwards were glad to meet him out on the street again yesterday, after his long illness.

PARKER'S Electric Liniment is advertised in this issue. Read what it is good for and do not suffer pain when it can be so easily removed.

A. NACHMAN is having extensive improvements made to his store, and it will be one of the best arranged in town.

DR. H. J. LEE killed three hogs on Tuesday last week weighing 974 lbs nett, at 2 years old. These hogs made 23 gallons of lard.

A MEETING of the Darlington Guards is called for tomorrow night, February 12, to prepare for the annual parade on the 22nd, Washington's birthday.

WE call notice to change in advertisement of C. K. Rogers, assignee, and to change of date of personal property sale at the Cross Road, to Saturday, Feb. 20.

WORK was begun Monday, on the two cisterns on the square. When full they will supply the fire engine for four hours playing through a one inch nozzle and throwing fifty feet high.

THE time for paying Town taxes expired to-day, but the time has been extended to the first of March next, parties failing to pay by that time will be dealt with according to law. Read notice to tax payers.

THE young Ladies of the Baptist church of Society Hill will give an oyster supper Friday night of this week, at the residence of Miss McIntosh. We understand that they propose raising a fund to repaint the parsonage.

THE horse of Peter Thomas, colored, drawing a wagon loaded with six sacks of corn, a boy driving, ran away down the hill on Main St. Tuesday, throwing out the boy and injuring him severely, scattering the corn and breaking the wagon, finally stopping at the creek.

MR. C. MOONEY showed us his check on the Town Treasurer for his entire services while engineer of the fire engine, amounting to \$5.50. He requests us to state the amount as he heard that it was reported that he had charged an extravagant price for his services.

MR. J. K. GIBSON, after an illness of some time, died at his residence in Marion county on Monday at the age of 40 years. The body was brought to Darlington yesterday and interred in the Methodist cemetery, Rev. J. A. Elkins, of Liberty Chapel, officiating.

HUDSON'S Bridge, over Lynches River, is to be rebuilt. The County Commissioners will meet at the site of the old bridge on February 24, '86, when the contract will be awarded. Our subscribers who desire to bid for this bridge, should meet the commissioners on that date with their bids.

THE Darlington Mineral Spring needs attention. The boarding around the spring is broken down exposing the earth barricade, the urn has fallen down and been set up inverted, and a general appearance of neglect pervades this popular resort. It will soon be time for the spring and summer campaign, and a few dollars expended now will do good service.

ON Tuesday night a fire in the direction of Mechanicsville was seen from town. About 9 o'clock the smoke house of Mr. J. W. Fountain was found to be on fire, supposed to have caught from the smoke fire blazing out. The fire communicated with the dwelling and it was a total loss. Most of the furniture was saved. Loss not less than \$2,000 or \$2,500, with no insurance.

DURING the last two weeks a large number of mules and horses have been sold in this market. On Thursday last McCallough & Blackwell's lot was empty, they having sold their entire stock of mules. But on Monday they received a carload of No. 1 mules, and have since been able to keep up with the demand. Callaway & Conder have sold a large number, but still had a supply on hand up to yesterday evening.

TUESDAY in Lydia Township some negroes burning brush in a field, the fire got out, burning Mr. Kahn's barn, the wood shops of W. P. Mixton, the dwelling house of J. Boyd Witherspoon, occupied by Mr. Mixton. He saved his furniture but as there were no men on the place until the fire was well advanced the houses could not be saved. There was no insurance except partial insurance on Mr. Witherspoon's house.

THE County Commissioners have fitted up all the county offices with cocon matting, fenders and other articles for the comfort of the county officers.

WEDNESDAY of last week was a rather warm day with a south-west wind and rain. In the afternoon the wind veered to the north-east with sleet and snow after dark, and on Thursday everything was frozen up. Thursday night was intensely cold and clear. A bright sun on Friday warmed up matters a little. And since then the weather has moderated with prospect of more rain.

THE Y. A. S. F. E. Co., at a regular meeting held at their hall on the night of the 3rd inst, elected the following officers, President, C. Alexander, vice J. H. Early, resigned; J. H. Schmid, Vice President; A. B. Lunny, Secy.; P. C. Beck, Treas.; J. H. Early, Engineer; vice W. J. Early, resigned; W. M. Goodson, 1st Director; J. F. Muldrow, 2nd; W. C. Byrd, 3rd; J. O. White, Hall Keeper. The secretary the next day handed a list of the officers and members to the council. At a meeting of the council held just after, the report was received and approved and \$100 appropriated for the use of the company for pay of engineer and incidental expenses. The company numbers 28 men, and as now organized consists of an active body of men with no dead weight. The company was ordered out for practice with the engine yesterday evening. The engine worked all right, throwing one and two streams over two story buildings. The supply of water was short and shows the necessity of the speedy construction of the cisterns.

THE oat crop is supposed to be thoroughly killed in these parts by long freezes. Some farmers have planted over.

MR. E. WRIGHT who lost his mill by fire on the 6th of January, has renovated and commenced to saw again.

WE have never seen so little work done towards farming up to the present. The inclement weather deterred.

WE do not hear anything from the tobacco culturist these times, thought it near time for sowing the seed.

THE roads from this place to Cartersville are in bad condition on account of so much hauling of fertilizers. It seems that there will be a considerable quantity used this year.

MR. Jesse Bass, Sr., says he was the 5th subscriber to the NEWS when published at Timmonsville, under the management of Mr. Hammond, and has not lost a year's subscription and still appreciates the paper. And always pays in advance. Ed. J.

THE new public road leading from the Cartersville and Lisbon road to the Lynches River road has caused considerable comment among the hands—distance from the other leading road to the river, one and a half miles. We cannot tell whether this road will pay the people or not. Three parts of the road has been cut through a part of very flat country and the timber is very heavy. We are fearful the mass of undergrowth will take the advantage. We have not heard the distance of new road to river road.

GOV. Thompson has appointed D. L. Smith, of this place, a Notary Public.

Mrs. Margaret Davis, of this town, died on Sunday, the 31st ult.

Thanks to Hon. Geo. W. Dargan for a valuable package of garden seed.

THE free school, like the oat crop is very much killed out by the cold weather. What a waste of public money the free schools are, when they run only through the winter months!

Rev. J. W. Humbert, the new pastor of the Methodist Church has made many friends since he came among us. He is very sociable and is liked by the people of all the churches. He also preaches well.

If your Timmonsville correspondent will come around this way and examine the oats he will find that they are dead beyond saving. Farmers intend sowing over so soon as the weather permits.

OUR people believe that the oats are all killed. They will know it next July.

The Lisbon charade troupe exhibited a 700 lb. Democratic speckled "nigger."

It is said that there will soon be a postoffice at this place called Lamar.

OUR ways are as good as other people's ways; as to our works you can't "prove 'em by us." We have done nothing so long 'till we have lost the slight.

Prof. Lantus, of Georgia, is running the Lisbon High School. Our genial spirited home-made professor, is running the Newman Swamp school.

The Lisbon celebrated do-nothing club holds its meetings now on the sunny side of the first building. The man with the biggest piece of chewing tobacco is always chosen president pro tem.

Whereas death has again been among us and lapped off in the prime of his manhood and usefulness, our late Vice Dictator, Brother John Woods, a most worthy brother who has successively filled all the offices of honor and trust in our Lodge, as well as that of Mayor of the Town. A brother noted for his integrity, justice, conservatism and patriotism his demise will make a void in our ranks not easily to be filled. Now be it

Resolved, That this Lodge sincerely mourn his removal from our ranks, and that a blank page be inscribed in our minutes sacred to his memory.

Resolved, That a copy of these resolutions be sent to the family of the deceased, assuring them of our sympathy and friendship; also that a copy be sent to the DARLINGTON NEWS for publication.

I. LEWENTHAL, J. C. WILCOX, G. W. EARLE, Committee.

Darlington Lodge, No. 1301, K. of H., January 26, '86.

"Shaky"—The Zig-zag Methods Employed by Berceryan Men

It is a notable fact that the people of Atlanta and elsewhere are beginning to be thoroughly convinced that worthless compounds become "shaky" at all new innovations, while an honest preparation never fears opposition. We do not propose to "wipe out" others, as the field for operation is large, and we accord to one and all the same privileges we enjoy. We are not so far from business principles as to denounce any other remedy as fraud, or imitation, or as containing a vegetable poison, the effects of which are horrible to contemplate. The remedy used is not compounded, for there is ample room for all declining anti-potash, pine top slop-water compounds.

One bottle of B. B. B. is more valuable in effects than half a dozen of any other preparation, we won't get mad about it. It ten bottles of B. B. B. cures a case of blood poison which others could not cure at all, it only proves that B. B. B. is far the best medicine.

20,000 bottles of B. B. B. have been sold to parties living inside the corporation of Atlanta since it was started two years ago!

Why this wonderful sale of a remedy in so short a time with so little advertising!

It must be confessed that it is because B. B. B. has proven itself to possess merit in the cure of blood, skin and kidney diseases. Hundreds of home certificates attest the fact of our claim that in Atlanta and many other points B. B. B. are "on top," and will stay there. Many persons desire to know how the B. B. B. acts on the system. By entering the circulation, it modifies the vitiated blood globules, increases the red corpuscles, antagonizes all poison, vitalizes and regenerates the flagging forces, furnishes the patulum for rich, new blood, eliminates all poison through the secretions, and increases the appetite, while, by its wonderful action upon the pores of the skin, the kidneys, liver and glandular system, all effete and impure matter is speedily conducted from the body, leaving the blood pure, fresh and healthy.

By its magical alterative powers, B. B. B. unloads the blood of all impurities, unloads the liver, arouses all secretions, restores nature to its normal condition, unloads the troubled brain, clears and beautifies the complexion, cheers the dispondent, strengthens the feeble, calms the disturbed nerves, and induces quiet and peaceful slumbers. It has been in use over twenty five years as a private prescription in the South.

It is no far-fetched, foreign-found or dream-discovered subterranean wonder, but is a scientific and happy combination of recognized vegetable blood poison agents, effected after many years of constant use and experiment in the treatment of thousands of some of the most appalling cases of scrofulous, syphilitic and cutaneous blood poisons ever known in the State, resulting in complete and unparalleled cures of pronounced incurable cases.

Send to Blood Balm, Atlanta, Ga., for a copy of their Book of Wonders, free, filled with information about Blood and Skin Diseases, Kidney Complaints, &c.

Business Notices.

ATTENTION D. G's. A special meeting of your corps will be held at armory, Friday evening, February 12th, at 8 o'clock, for the purpose of arranging for parade on the 22nd inst. Members are all expected to attend promptly. By order of Captain. J. E. NORMENT, Sec'y.
