FORTY ACRES AND A MULE.

We have selected this ideal farm | corn, peas, oats and garden, \$19; of Radical times (with which so in all \$720.50. I have not estima many of our colored friends were ted fodder-pulling because the regdeluded), to show, on paper at least, ular plough hand will do that, but that in reality it is sufficient for an if it so happens that he is pushed ordinary family; that a comforta- then, we will have to add a small ble support can be made on it, even amount for that, nor for ginning with cotton at eight cents, and that the cotton as that is done generally a world of happiness and content for toll and is deducted in the esti ment can be found in it. If we had mate of production. The receipts on forty acres and a mule what would the farm will or ought to be : Cotwe do with it? We ought to say ton, \$504; corn, \$150; oats, \$90; fifty acres-forty cleare and ten potatoes, \$40; cotton seed, \$60; in wood

We must, to carry out our idea, orchard, \$15; milk and butter, \$40; suppose a farm of ordinary pine poultry, \$30; pork, \$30; in all, land such as there are thousands of \$1,079 00. Deduct the expendiacres in our county, already fixed tures, \$720 50, it leaves a balance of with suitable buildings and such \$358.50 to the credit of the fortyfences as are necessary, with one acre farm in money, or what is bethorse or mule, wagon or cart, ter, provisions and comforts. ploughs and gear and other tools, We have estimated the cotton two cows, sow and pigs and poul crop at twelve bales, which is less try and the necessary cost or credit than ought to be made by a practiic buy a supply of provisions and | cal, scientific farmer, and a good manures to commence with. We deal less than is made by many farwould have the farm divided into mers in our County; the corn is put lots of which thirty-five acres would at fitteen bushels and the oats at be for cotton, corn and oats, two thirty to the acre, which is also less actes for cow peas, one to be in per- than is made by others. We have manent Bermuda grass, the other in made no extravagant estimate of barley and rye for winter pasture, anything, but have put everything to be followed by peas; one acre at a fair price-what we would in orchard, planted in all kinds of have to pay if we had to buy. fruit trees and scuppernong grapes; one acre in garden for vegetables, small fruits and bunch grapes, and one acre in flower garden and farm lot. The thirty five acres we should have so divided that we could plant twenty acres in cotton, ten in corn and five in oats. But for the uncertainty of the oat crop we should plant more of it and less corn-the experience of the last two years has diminished the value of the oat, as a crop, very materially, and a one horse farmer canuot afford to run much risk with a crop. Norought he to plant wheat for the same reason | Geo. I. W. McCall; east by land of T. W. -the chances are against his mak- Williamson and E. A. Adams, south by ing any and flour is cheaper to buy on as the property of the defendant, to satter than to make. The cotton crop and isfy this Execution. oats to be in rotation and the oat crop followed, one acre in sweet potatoes and four in peas. MANURES TO USE.

forty-acre farm is heavy and will frighten any one to think of, but don't be afraid to lay out money in manures. They will always pay, provided you know what to buy sister had ulcerated throat and and how to use. We would buy scrofula, and B. B. B. cured them. four tons of cotton seed meal and four tons of acid, or instead of the seid, three tons of dissolved bone and one ton of kainit. The acid, as now sold, has two bundred pounds

The expenditure for manure for a

of kainit to the ton mixed with it, and if you buy acid it is hardly worth while to buy kainit. We would prefer to use the dissolved bone and kainit and mix them at home. Buying this quantity we will get them cheaper than by the leg, but B. B. B. has nearly cured single ton, but the cost will not be him. less than five dollars an acre for the torty acres, or two hundred dollars by the time we get home and spread. The amount to be used on each

acre is four hundred pounds and will be sufficient to make a fair crop. LABOR NECESSARY.

One man or a well grown boy can

the cotton, haul the cotton to gin

and market, keep the garden in or-

willing to work we would do it

The amount of extra labor to be

hired to make the crop is small;

four hoeings of the cotton (all that

it needs) will cost altogether one

dollar and five cents an acre. Har-

shares, for one third, if done for

money, about thirty cents a bushel;

digging and banking potatoes about

two and a half cents a bushel; pick-

ndred, it ought to be reduced.

WONDERFUL TO RELATE "For forty years I have been a victim to Catarrh, three fourths of the time a sufferer from excruciating pains across my forehead and my nostrils. The discharges were so offensive that I hesitate to mention it. except for the good it may do some other sufferer. I have spent a young fortune from my earnings during my forty years of suffering to obtain relief from the doctors. I have tried patent medicines-every one I could learn of-from the four corners of the earth, with no relief. At last (57 years of age) have met with a remedy that has cured me entirely-made me a new men I weighed 128 pounds and now weigh 146. I used thirteen bottles of the medicine, and the only regret I have is that being in the humble walks of life I may not have influ-

use what has cured me Guinn's Pioneer Blood Renewer. HENRY CHEVES, No. 267 Second St., Macon, Ga." "Mr. Henry Cheves, the writer of the above formerly of Crawford county, now Macon, Georgia, merits the confidence of all interested in catarrh.
