DARLINGTON, S. C., THURSDAY, JUNE 20, 1895.

WHOLE NUMBER 1,063.

## THROUGH SOUTH CAROLINA

### CURRENT NEWS OF INTEREST IN THE STATE.

#### The Reported Riot at Mount Carmel, State Teachers' Association Meeting.—Other News.

COLUMBIA, S. C., June 15.—The State's special correspondent accompanying the Abbeville Rifles, ordered to the scene by Governor Evans to suppress a reported race riot, arrived at Mount Carmel, a little town in Abbeville county, at 8 o'clock yesterday morning. The soldiers made part of the journey on a special train and then took wagons for ten miles. The town was quiet when the troops arrived. The trouble had been caused by the killing of a negro who had resisted arrest, by two white men. This section being thickly settled with negroes, they became demonstrative and made threats, but it is not believed there was real danger of a conflict. Upon arriving at Mount Carmel, the sheriff, assisted by the troops, arrested the negroes who took the most prominent part in instigating the trouble.

#### SCHOOL COMMISSIONERS.

##### The Annual Meeting to be Held in Spartanburg This Month.

SPARTANBURG, S. C., June 17.—The coming annual meeting of the State Teachers' association, to be held in Spartanburg, the closing days of this month and the opening days of July, promises to be the most largely attended and interesting of recent years. But it will not be the only interesting event in Spartanburg at this time, for the department of school commissioners of the State, a branch of the association, will also hold its sessions there.

##### A Sullivan's Island Special.

COLUMBIA, S. C., June 16.—Beginning tomorrow the South Carolina and Georgia railroad will run a special train for the Sullivan's Island business. The special train will leave Columbia at 7:15 a. m., arriving in Charleston at 11:15 a. m. and making close connection with a special boat to Sullivan's Island, giving the excursionists seven hours on the island and allowing them to return by a special boat from the island at 6 p. m., the train leaving Charleston at 7 o'clock in the evening.

##### A Democratic County Convention.

COLUMBIA, S. C., June 17.—A county convention has been called by the county democratic executive committee in spite of the repeated warnings that such a convention was not wanted. The convention has been called to consider the political situation and to take such action as may be deemed best, and that appears to be the division of the delegates and the suggestion of delegates to be voted for at the primary.

##### New Shipping Boxes for State Run.

COLUMBIA, S. C., June 17.—The state dispensary has been supplied with new shipping boxes. They are divided into compartments and it is expected that it will keep the percentage of breakage down to a minimum. The boxes are supplied with hinges and it is intended to have the dispensers return empty bottles in cases.

#### SOUTH CAROLINA ITEMS.

A commission for a charter has been issued to the J. W. Gibbes Stationery company at Columbia. The incorporators of the company are J. Wilson Gibbes and W. H. Gibbes, Jr.

A synagogue was dedicated by the Jews in Sumpter Saturday.

The supreme court has taken a recess until the 26th, when the South Carolina college law graduates will be sworn in. The farmers have pretty well cleaned their crops. They are now cutting wheat and oats. Rain is needed in many portions of the state.

York county has practically agreed to a division of the delegates to the constitutional convention. A conference of equal representation is to be held.

A remarkable gathering of negroes took place Friday at Sumpter in which politics was excluded and the social and business condition of the race commented upon and resolutions suitable to the occasion adopted.

#### NATIONAL SOLDIERS' REUNION.

##### Manipulation of Soldiers' Votes by Politicians is Deplored.

CALDWELL, O., June 15.—The twenty-first annual national soldiers' reunion closed yesterday with a camp meeting at Camp Sherman. A large crowd was in attendance and heard good speaking by Rev. Father Hanson, rector of the Fulda Roman Catholic church, and other divines. The following resolution was unanimously adopted:

"Resolved, That the soldiers should no longer be manipulated for their votes by the designing politicians of any party, but should act independently and vote for their own interests, without regard to party platforms or politics."

##### Secretary Smith's Information.

WASHINGTON, June 18.—Secretary Hoke Smith yesterday advised a representative of the Alabama Great Southern railroad that certain lands in Jefferson and Bibb counties, Alabama, granted to that road, would receive action looking to their approval within ninety days.

##### New National Bank Greenville, S. C.

WASHINGTON, June 14.—The City National bank of Greenville, S. C., capital \$100,000 has been authorized to begin business.

##### Another Plant Resumes Operations.

MAURICE CHURCH, Pa., June 18.—The Carbon Iron and Steel company's plant at Parysville, has resumed operations after a shut down of over a year.

## WHITE HOUSE AT GRAY GABLES.

### The President and His Private Secretary Take Up Their Summer Residence There.

WASHINGTON, June 18.—President Cleveland, accompanied by his private secretary, Henry T. Thurber, (who has leased a cottage near the president's residence for himself and family) and by Dr. Robert M. O'Reilly, of the United States army, who has frequently acted as the confidential traveling physician of the president, left Washington yesterday to pass the rest of the summer at Gray Gables, Buzzard's Bay, Mass.

The White house carriage containing the three gentlemen was driven from the south side of the executive mansion, which is rarely used for public purposes, at about 6:30 a. m., and, passing rapidly down unfrequented streets, reached the Pennsylvania railroad station, unobserved, about 6:45 a. m. It was driven to the baggage entrance and President Cleveland and his companions entered the station by that means, passing through the open gateway, manned only by waiting railroad officials, and at once entered a very limited special train which had been prepared for their accommodation. It consisted of Vice-President Thompson's private car, which was occupied by the distinguished guests, and Senator Calvin S. Brice's private car, which was simply thrown in as ballast. Mr. Brice's car was needed by the Ohio senator in New York, and it was consequently attached next to the engine, to take off some of the smoke and to give extra weight to the presidential train.

## NO LONGER THE SAM.

### Reorganization of the S. A. & M. Railroad as the Georgia & Alabama.

BALTIMORE, Md., June 19.—A financier who is taking an active interest in the reorganization of the Savannah, Americus & Montgomery Railway company says that the reorganization is making satisfactory progress. The charter of the new company which is to be called the Georgia & Alabama railway company is now being prepared. The first mortgage bonds of the new company are said to have been underwritten by a strong syndicate. The holders of the \$3,500,000 bonds outstanding of the Savannah, Americus & Montgomery company were given the option of subscribing for the new bonds to the extent of 50 per cent. of their holdings and it is said that applications have been made in advance for the new bonds by the holders of \$670,000 of the Savannah, Americus & Montgomery bonds.

## BUSINESS DOES IMPROVE.

### Dun (thinks it is No Longer a Matter to be Questioned).

NEW YORK, June 15.—R. G. Dun & company's weekly review of trade says: "It is no longer a question whether business improves. Not for a long time have our reports from all parts of the country been so uniformly favorable. The daily average of bank clearings in June is 25 per cent. larger than last year, though 11.4 per cent. less than in 1892. The most noticeable influence has been the receipt of more favorable advices regarding growing crops. Even official statements held, because altogether less gloomy than previous rumors. Labor troubles are getting out of the way, many establishments are rising, and with the iron industry just now leading, there is general improvement in manufacturing. Monetary conditions are being better. The time draws near when a good crop of exports will bring gold hither, and through foreign operations on stocks and bonds have been insufficient this week, the effect of previous transactions has been exhausted. Much diminished receipts of money from the interior indicate better employment in business, especially at the east, and the volume of commercial loans steadily rises, and is now fair for this season even in a good year."

## HE'S ALREADY A MINE OWNER.

### W. A. Clark, the Millionaire, Talked of For Vice-President.

BUTTE, Mont., June 17.—In an interview yesterday W. A. Clark, a wealthy mine owner and politician, states that the association of his name with the presidency ticket was news to him. "I am not posing for presidential honors," said Mr. Clark. In any event, he added, he would not run on a ticket with President Cleveland or one that had the endorsement or support of Cleveland. He also said he would not support the democratic ticket unless the party declared for free silver. Mr. Clark has always been regarded as one of the administration democrats in the state and his utterance creates some surprise.

## AND MR. SORG WILL NOT RUN.

### The Democrats of Ohio Have Not Yet Found a Man for Governor.

WASHINGTON, June 15.—The Ohio democrats are having a hard time to find a candidate for governor. After ex-Governor Campbell declined the leadership all turned to representative Paul H. Morgan, who was in Washington last night, and lost no time in announcing most emphatically that he would not be a candidate. He says he is worn out by his congressional labors and that his business is in such shape that it needs his attention.

## OHIO IS AGAINST FREE COINAGE.

### The Very Home of Alben W. Thurman Elects an Anti-Silver Delegation.

COLUMBUS, O., June 18.—The democrats of this county, the home of Alben W. Thurman, have elected a solid anti-free silver delegation to the state convention. Thurman's free silver candidate in his own ward overwhelmingly defeated. It is generally believed here now that Senator Brice will win the coinage fight and prevent the adoption of a free silver plank by the state convention.

### Montgomery Mail Carrier in Trouble.

MONTGOMERY, Ala., June 18.—Yesterday Charles L. Armstrong, a mail carrier, discharged about six weeks ago, was arrested by a United States marshal, on charge of cutting open a package containing ten thousand dollars. He gave bond until today when preliminary hearing will be had before United States commissioner.

## HANGS BY A THREAD.

### THE LIFE OF GEORGIA'S CHIEF EXECUTIVE UNCERTAIN.

#### A Difficult Operation Successfully Performed.—Four Doctors at the Bedside Constantly.

ATLANTA, June 18.—Governor William Y. Atkinson's life is hanging by a thread. He rallied perceptibly yesterday morning, but not sufficiently to permit the doctors to perform the operation for appendicitis. At 10 o'clock last night he was removed from the executive mansion to Dr. Holmes' sanitarium across the street. He was being moved from the mansion he stopped those who were carrying him and signed a respite for a man who was to be hanged on Friday. The governor said he might not be alive himself on Friday. The case had been tried before him and he thought that the condemned man was entitled to another month of life.

The operation was performed successfully, four physicians being in attendance. At an early hour this morning the governor was unconscious and the chances for his recovery were considered about even.

## ANOTHER WAGE INCREASE.

### Notice of a Ten Per Cent Increase by a Cleveland Tasting Company.

CLEVELAND, O., June 18.—Notice of a ten per cent increase in wages was posted in the works of the National Malleable Castings company yesterday. The action was a voluntary one on the part of the company and was taken because of the improvement in business. The Eberhard Manufacturing company took similar action. Said Vice President William P. Champney, of the Eberhard company: "When business was dull we were obliged to make a reduction. Matters are brighter now, and it is no more than proper that the men should be given the advantage of the situation." The Eberhard company employs 1,100 men and the national company 900. Other manufacturing concerns are considering the question of advancing wages.

## MONUMENT TO LEE'S MOTHER.

### The Ladies of Alexandria, Va., Propose to Erect One in That City.

ALEXANDRIA, Va., June 18.—The women of Alexandria, prompted by a desire to commemorate the virtues of the mother of Robert E. Lee, propose to erect in that city a monument to her memory. An association for this purpose has been formed in Alexandria called the Annie Lee Memorial association. This association has issued a call to the ladies of the south for aid in raising a fund adequate to provide a shaft befitting the worth of the lady and the eminence of her son. Contributions should be sent to Alice H. Colquhoun, secretary, 815 King street, Alexandria, Va.

## GERMAN DIPLOMACY DISGRACE.

### Many of the Ambassadors to Be Recalled by the Emperor Soon.

BERLIN, June 17.—The reports in circulation yesterday and generally credited in diplomatic circles asserted that M. Herbetie, the French ambassador, will leave his post some time after the Kiel festivities and that the German minister at Pekin and the ambassadors at St. Petersburg and Paris had been recalled. The reason given for this action was that the emperor was determined to overhaul all of the embassies and ministries which had been concerned in the disgrace into which German diplomacy has been thrown.

## WILL THEY STOP THE FIGHT.

### An Effort to Have Texas Governor Call an Extra Session to Make a Law.

AUSTIN, Tex., June 18.—In view of the fact that there is no law against glove fighting in the state of Texas, a movement is under foot to persuade Governor Culberson to call an extra session of the legislature and declare prize fighting illegal. The Christian Endeavor society has the matter in charge and are now at work in the different counties of the state preparing a petition to the governor with this end in view.

### Judge Felix Poche, Louisiana, Dead.

NEW ORLEANS, La., June 17.—Judge Felix P. Poche, associate justice of the supreme court of Louisiana from 1880 to 1892 died here early yesterday, aged 89 years. He has been sick for several months past but failed rapidly the past few days. He was a native of St. James parish, La., and served with distinction in the confederate army.

### Crowded With White Ribbon Delegates.

LONDON, June 17.—Devolutions women in connection with the World's Women's Christian Temperance convention commenced in the city temple, Rev. Joseph Parker, Holborn viaduct, yesterday afternoon at 3 o'clock. Lady Henry Somerset, president of the British Women's Temperance association, presided.

### Biggest Nail Works in the World.

CLEVELAND, O., June 15.—The Consolidated Steel and Wire company of Illinois has absorbed the property of the Baakes Wire and Nail company of this city. The latter is the biggest concern in the country. The price was \$500,000.

### Oscar Wilde Will Not be Released.

LONDON, June 18.—The attorney general has refused to grant the application of Sir Edward Clarke for the release of Oscar Wilde on the ground that the indictment under which he was tried and convicted was defective.

### Georgia Postmaster Short and Missing.

SAVANNAH, Ga., June 15.—J. P. Lode, postmaster at Wareboro, is missing. His accounts with the government are said to be short \$2,000.

## THE REVIVAL OF BUSINESS.

### An Unusually Large Number of Short Railroad Lines in the South Resum.

BALTIMORE, Md., June 19.—The Manufacturers Record says:

The revival of business throughout the country and the rapid industrial development of the south has caused the recent planning of an unusually large number of short railroad lines in that section principally for carrying the products of textile, mining and lumbering regions to market. There are at present nearly 500 miles of railway projects of this kind in the south today backed by responsible parties. A number of these short lines in Alabama are to connect mills with railroad systems, but there are many projects for side tracks and short lines to coal and iron plants. The railroads in North Carolina are to be constructed principally to give the timber workers in that state an opportunity to "put their products on the market, while in Louisiana most of the railroads are being constructed to meet the demands caused by the rapid settlement of the agricultural district of that state especially in the Crowley region where rice growing is becoming a great industry. Some 7,000 or 8,000 western people have located in that section within the last few years, and most of them are engaged in rice culture, which is grown in the west. In Florida several short lines are to be opened up to phosphate lands and to reach shipping points by shorter lines.

## THE W. C. T. U.'S FINAL SESSION.

### Lady Henry Somerset Introduces a Resolution on Lyncings in America.

LONDON, June 19.—The final session of the Woman's Christian Temperance Union was held in the City Temple yesterday, Lady Henry Somerset presiding. Lady Somerset was re-elected president. After the announcement of the result of the election Lady Somerset proposed a resolution denouncing the lynchings in the southern parts of the United States. In the course of her remarks in the introduction of the resolution, Lady Somerset denounced Miss Ida Wells, the colored agitator against lynchings, for having made unfair attacks upon Miss Francis E. Willard and other temperance leaders in America, charging them with being unsympathetic with the negroes of the United States.

## FOREST FIRES STILL RAGING.

### Flames Causing Damage in Northwestern Pennsylvania.

BRADFORD, Pa., June 15.—Forest fires continue to destroy property. Last night word came from Simpson stating that the flames were dangerously near to the wells of Urghart Laven, and that it would be difficult to save the property from destruction. Yesterday a force of 150 men had a hard fight with the destroying element near Lafayette Corners. Nearly 3,000,000 feet of lumber at W. D. Johnson's mill was destroyed, entailing a loss of \$15,000, the lumber being partially insured. The mill was saved.

### Another fire near Taintor destroyed a large quantity of wood for Hamlin Knowles. Fires are reported from various other parts.

## WAGES ARE NOT ADVANCED.

### And Fifteen Hundred Operatives Are on Strike in Consequence.

WORCESTER, Mass., June 18.—Fifteen hundred operatives are on strike at the Lancaster Gingham mills at Clinton, and the six hundred who yesterday refused to join in the strike will be compelled to go out unless the trouble is speedily settled. The strike is the culmination of a movement for a restoration of wages that has been in progress for four months. The operatives claim to have suffered three cut downs from the standard wages of 1893. Good order prevails throughout the day. The mills, which are the largest in the gingham line in the world, got through the day in a crippled condition.

## BRITAIN AND VENEZUELA.

### The United States, It is Said, Glad to Arbitrate the Differences.

LONDON, June 18.—In the house of commons yesterday Sir Edward Grey, under foreign secretary, stated that in January last, United States Ambassador Bayard informed Lord Kimberly, secretary of state for foreign affairs, that the United States government would gladly lend its good offices to arbitrate the dispute between Great Britain and Venezuela. The position was explained to Mr. Bayard and the British government was ready to submit to arbitration within certain limits, but they could not agree in regard to extensive reference upon which Venezuela insisted.

## ONTARIO TOWN IN ASHES.

### Eighty Houses Consumed by the Flames and Business Paralyzed.

TOTTENHAM, Ont., June 19.—This town was almost entirely destroyed by fire last evening. Eighty houses are in ashes and business paralyzed. The fire started in McKinnis's foundry and fanned by a strong wind, spread rapidly east and north. Albert, Richmond, Victoria and Mill streets were swept clean on both sides together with a large portion of Queen street. Loss \$150,000; insurance one-half.

### To Pool the Iron Issues.

NEW YORK, June 18.—A movement which promises to result in the formation of a combination of the more important iron producing and manufacturing concerns of the south, was inaugurated in this city yesterday at a meeting of the executive committee of the Tennessee Coal and Iron company.

### Millers in Convention.

CHICAGO, June 19.—Millers from all parts of the United States will assemble in the auditorium on June 20 to form a new association to take the place of the old Millers' National association. The object is to establish more harmony between the winter wheat and the spring wheat millers.

### Still Another Increase in Wages.

TRUY, N. Y., June 18.—The Cohoes Rolling mill employes, whose wages were reduced a year ago, commenced work yesterday on the former schedule. The puddlers received an advance from \$2.50 to \$3.00 a ton.

## THE LEAGUE CONVENTION.

### THE NATIONAL REPUBLICAN CONVENTION MEETS IN CLEVELAND.

#### The Complexion of the Southern Delegates—Will it Adopt a Free Silver Resolution?

CLEVELAND, O., June 19.—The National republican league convention meets in this city today.

By every train delegates and visitors have been brought in and all the hotel lobbies and the sidewalks are crowded with enthusiastic republicans, discussing politics and the money question in particular. There was a big surprise in store for the delegates and visitors who were seeking information on the money question. Among the arrivals during the day were the advance guards of the southern states.

"There was little comfort for the western advocates of free silver in the utterances of these men from the south. "Sound money" was their slogan.

"My only purpose in coming to the convention," said Mr. Lea, a prominent Vicksburg, Miss., republican, "was to do all in my power to prevent a declaration in favor of free silver. The only silver men in our state are demerits. The republicans are to a man for sound money. Our party can make nothing by getting into the breakers on this money controversy. The tariff should be the issue in the coming campaign. On that the party is united. On the money question it can not be but hopelessly divided."

"That is a fair expression of the sentiment of our party in the state of Mississippi," interposed Colonel J. P. Stevens of Macon, Miss.

The colored delegates from Louisiana are headed by H. H. Blunt the president of the state league. Blunt is one of the most prominent colored republicans in Louisiana. At the Denver convention last year he made a rousing speech in opposition to a resolution providing for the division of caucuses in the southern states on race lines.

The colored men were at once overhauled by a number of western delegates who catiwheated them on their position on the money question.

"The Louisiana delegation will be solid for sound money if the issue is made in the convention," said Mr. Blunt. "We do not think that it is the business of this convention to declare either for or against free silver."

The members of the Arkansas delegation are decorated with yellow bannings bearing the inscription: "Sound money."

Senators Carter of Montana, and Dubois of Idaho arrived from Washington late in the afternoon, and are free silver.

From expressions heard on all sides it is pretty hard to figure out how the free silver men will be able to master enough votes to adopt a free silver resolution. The opposition to such a declaration seems to be pretty well concentrated and fully as aggressive as the silverites. Not an avowed candidate for the presidency has appeared in opposition to General B. A. McAlpine of New York, and his friends declare that he will be elected by acclamation. Secretary A. P. Humphrey also seems to be certain of re-election.

## OKLAHOMA'S GOLD FEVER.

### Towns Depopulated by Citizens Rushing to the Mines.

PERRY, O. T., June 17.—There is great excitement over the finding of gold in Washington county. Old miners say the ore is richer and better than the mines of California and New Mexico. The tests have been made for forty miles up Hoggy Creek, and the veins get richer. Towns near gold fields are nearly depopulated by the citizens leaving for the gold regions. The town of Villa Rica, near the mines, was laid out five days ago, and has many thousand inhabitants.

### Highway Robbers Escape From Jail.

NAVY BRUNSWICK, N. J., June 15.—A number of prisoners, among them a man waiting trial for murder, four for highway robbery and other desperate characters, made their escape from the county jail about 2 o'clock yesterday morning by cutting a hole in the roof of the building and then using a rope ladder made of blankets in descending to the steps and after they had reached the ground they separated and all escaped.

### Mississippi Suing for Back Taxes.

JACKSON, Miss., June 18.—The Mississippi commission has at the instance of State Revenue Agent Adams decided to bring suit against the Mississippi Valley Railroad company, now the Illinois Central, for back taxes amounting to about \$250,000. The officers of the road are cited to appear here first Monday in August to show cause, if any, why their road should not be assessed for taxes for 1894.

### Another Evidence of a Bright Outlook.

ROBERTSTOWN, Pa., June 18.—The rolling mills of John Wood & Bros. of Conshohocken, have given notice to their employees of the restoration of the former scale of wages, to take effect July 1st. This means an increase of 12 per cent all around, and 1,000 men are made happy in consequence.

### Mississippi Populists Active.

JACKSON, Miss., June 17.—The populist executive committee has called a state convention for July 24th, a week in advance of the democrats, in order to forestall that party in the adoption of the free silver plank. Frank Barritt will be the nominee for governor.

### Missouri in Favor of Free Coinage.

SEDALIA, Mo., June 17.—Reports printed from the chairman of the democratic central committee of 98 of the 114 counties in Missouri show 94 to be in favor of free silver at a ratio of 16 to 1. Of the 94 counties 63 favor a state convention, while 23 are opposed.

## THE FALL RIVER DISASTER.

### Seven Lives Lost in the Boiler Explosion at the Langley Mill.

FALL RIVER, Mass., June 15.—A catastrophe which created the greatest excitement in this city since the granite mill fire occurred yesterday morning at the Langley loom harness shop on County street, a three-story wooden building, owned by Henry I. Langley.

A fifty-horse power boiler exploded in the rear part of the basement, blowing out the sides of the building, knocking away the supports and allowing the upper floors to settle into a mass of ruins.

Fire started in the ruins and began to burn briskly. The firemen made heroic efforts to rescue the imprisoned working people of whom there were 17. It is quite certain that seven deaths at least will result. Mr. Langley says the boiler was only three and a half years old. Napoleon LePage, the fireman and engineer, escaped without injury. There was plenty of water in the boiler, he says. He has been arrested. The total pecuniary loss will be about \$40,000.

## GEORGIA UNIVERSITY ROW.

### May Result in Chancellor Boggs' Defeat for Re-Election.

ATHENS, Ga., June 18.—There is a fight on at the state university, and it may result in the defeat of Chancellor Boggs for re-election. For some time there has been a feeling against Dr. Boggs, who, it is claimed, is not practical in his management. There have been animosities between him and some of the professors, and this has been accentuated by trouble between the board of visitors, who side with the chancellor, and Dr. Riley. The visitors have made an attack on Dr. Riley's competency, and the trustees are strong for Riley.

Dr. H. C. White, vice-chancellor, who was invited to take the presidency of the school of technology, has declined, and it is believed he has done this because of assurances of his election to the chancellorship. All of these gentlemen are prominent educators.

## JOSE MARTI DIED BY PERFDY.

### Betrayed Into the Hands of the Spanish by a Trusted Cuban Guide.

GAINESVILLE, June 19.—The subjoined letter from Major F. P. Hann of the Cuban army has been received by a friend in this city:

"ARKANSAS RIVER, Cuba, June 19.—We have positive news that Marti is dead. He was betrayed into the Spanish hands by a trusted Cuban guide, and shot down in cold blood before he could escape. I hope to have more definite news of his death and other matters as soon as I rejoin my own command, of which I will notify you as soon as possible. Spain is said to have paid \$15,000 for Marti's assassination.

## School Commissioner's Appointment.

WISHING TO ORGANIZE AND prepare for the next scholastic year, I earnestly request the respective School Boards to meet at the following places on the day and time mentioned:

LAMAR, Tuesday, July 2, 8 A. M.  
E. F. Sansbury's, Tuesday, July 2, 4 P. M.  
Anderson School House, Wednesday, July 3, 8 A. M.  
R. F. Howie's, Wednesday, July 3, 4 P. M.  
Plinn's X Roads, Thursday, July 4, 8 A. M.  
Leavensworth, Friday, July 5, 8 A. M.  
Antioch (Cold Water), Friday, July 5, 4 P. M.  
Hartsville, Saturday, July 6, 9 A. M.  
Hebron, Saturday, July 6, 4 P. M.  
Cypress, Monday, July 8, 8 A. M.  
Darlington, Tuesday, July 9, 10 A. M.  
Mechanicsville, Wednesday, July 10, 8 A. M.  
Society Hill, Wednesday, July 10, 4 P. M.

A. J. A. PERRITT,  
School Commissioner.

## Money to Loan.

WE are now in position to secure loans of money on improved farm lands, on easy terms. Call at our office over The Bank of Darlington. WOODS & MACFARLAN.

June 6-1m.

## Town Ordinance.

COUNCIL CHAMBER,  
Darlington, S. C., April 20, 1895.

BE it ordered and ordained: That for the purpose of electing five members of a Board of Health, as required by an Act of the Legislature of the State of South Carolina, Entitled, "An Act to Establish Local Boards of Health in the Cities and Incorporate Towns of the State and to Define the Powers Thereof." Approved January 5th, A. D. 1895;

It is hereby Ordered and Ordained: That the Town of Darlington shall be and hereby is divided into five wards, designated as follows, to wit:

Ward 1. Shall comprise all the territory lying to the West of Railroad Street, beginning at the crossing of the C. S. & N. railroad, extending down Railroad Street to Pearl Street, crossing Pearl Street down through Earle's Avenue to Orange Street, down Orange Street to the East and down the Street dividing the Factory grounds from the residence of G. W. Bargin to Swift Creek.—the same being the Town limits.

Ward 2. Shall embrace all the territory lying between the Eastern Line of Ward 1 to Ward's Lane, in a straight line from Swift Creek, through Ward's Lane to the Town limits towards the South.

Ward 3. Shall comprise all the territory lying between Ward's Lane and Main Street, the Eastern boundary of which shall begin at the crossing of Swift Creek by Main Street, extending to the crossing of C. S. & N. railroad on Main Street, so that the said ward will be bounded on the North by Swift Creek, on the South by C. S. & N. railroad, East by Main Street, and West by the Eastern line of Ward 2.

Ward 4. Shall comprise all territory lying to the South and South-East of C. S. & N. railroad to a straight line designated by Ward's Lane on the West; said Ward to be bounded North by C. S. & N. railroad, on the East by Swift Creek and the corporate limits, and on the West by Eastern boundary of Ward 2.

Ward 5. Shall comprise
