"Marriage is a lottery," and it is feared that Wannamaker's next step will be to exclude all love letters from the mails. Some of the Darlington girls are getting uneasy.

It is said that South Carolina goes crazy once every thirty years. In 1830 it was nullification, in 1860 it was secession, and in 1890 it is Tillmanism.

The South Carolina Conference of the M. E. Church South meets in Anderson the latter part of November. We hope that Rev. J. A. Rice will be returned to this charge, whom he has served so faithfully.

The Twentieth Annual Fair of the Darlington Agricultural and Mechanical Fair Company will be held at their grounds on Thursday and Friday of next week. Let everybody attend.

We learn that some of our sportsmen have been shooting partridges. Now, this is not only a violation of law, but is unjust and unfair to others who wish to see the law enforced.

We learn that Mr. J. G. Rains, of the Andrews Mill neighborhood, was shot and killed yesterday afternoon. We could not get the particulars or the name of the party who did the shooting.

Mr. H. E. P. Sanders showed us a magnolia bud last Saturday which came from a tree in his yard. It is not often that a magnolia blooms at this season of the year, and it was a curiosity. He also had some asparagus which grew in his garden.

Circuit Court convened Monday, Judge Hudson presiding. The Judge delivered a lengthy charge to the Grand Jury, consuming most of the time with a discourse on his hobby "Reform in the jury system."

We have not heard of a single Grand Jury in the State that has brought in a recommendation in accordance with Judge Hudson's views, and we hope that we never will. Solicitor Johnson, who is a terror to evil doers, was promptly at his post of duty; and no circuit in the State boasts of a better and more faithful officer than he is.

On Monday at Hartsville Mr. A. T. Baird, Auditor of the Chattanooga Electric Railway, was married to Miss Miss Minnie Hearon, daughter of Mr. John Z. Hearon formerly of Society Hill. Rev. E. J. Forrester, who performed the ceremony, was assisted by Rev. John Stoltz, of Society Hill. The bridal party left for their home on Tuesday morning.

The News and Courier says: "Contractor Pringle is pushing the work of construction on the Charleston, Sumter and Northern Railroad extension from Sumter to Bennettsville very rapidly. A large part of the grading has been completed, and the road is laid several miles south from Bennettsville. Two large forces of hands are now at work, one on either end of the route, and the whole line will be completed in less than a year."

Wednesday will be entirely devoted to entrances, and after that time the books will positively be closed. The Garden Spot.

We were struck by a cold wave on Sunday the 19th inst.

The fleshy staple is being harvested with a rush this week.

The health of this community is unusually good, and these cold, bracing winds are calculated to make it still better.

Although we have had unprecedented rainfalls this season, with but little over half the time suitable for picking cotton, yet our public gins have been crowded, and there are not a few of these—only six.

Real estate is on a boom with us. Several plantations are changing hands, prices ranging from \$15 to \$40 per acre. After the trades have been consummated, we will give our readers the names of the different parties.

Mr. Charlie Stuckey met with a sad misfortune last Friday evening in the loss of his gin house by fire; supposed to have been caused by friction, the brush box becoming hot. He saved his engine, but lost three bales of cotton. No insurance. Mr. Stuckey was absent at the time.

Rev. J. K. McCain delivered the last of a series of sermons on "Future Probation" last Sunday evening. He was listened to by a large congregation, and we think his arguments unanswerable. He has been highly complimented on his fine effort. "The Immortality of the Soul" is his next theme.

Your readers may infer from our head line, "The Garden Spot," that we are presuming. Now, Mr. Editor, to verify our appellation just make us a visit, travel from Mt. Elon to DuBose's Bridge and from the same beginning to Stokes' Bridge, and the neighborhood tributaries to those two thoroughfares, and if you don't conclude this to be "The Garden Spot" of Darlington County "I'll give you my old hat."

County Sunday School Convention.

A Convention of all the Sunday Schools in Darlington County is called to meet at Darlington C. H., Nov. 10th and 11th, 1890, for the purpose of organizing an Inter-denominational Sunday School Association.

Statistical reports are expected from all schools, and for this purpose suitable blanks will be sent out to all whose addresses can be obtained. Any failing to receive them will be supplied by calling at office of Clerk of the Court.

Watches Are Compasses.

"A few days ago I was standing by an American gentleman," writes a London editor, "when I expressed a wish to know which point was the North. He at once pulled out his watch, looked at it and pointed to the North. I asked him whether he had a compass attached to his watch. 'All watches,'" he replied, "are compasses." Then he explained to me how this was. Point the hour hand to the sun and the South is exactly half way between the hour and the figure XII on the watch. For instance, suppose that it was 4 o'clock, point the hand indicating 4 to the sun and the South is exactly south. Suppose that it is 8 o'clock, point the hand indicating 8 to the sun and the figure X on the watch is due South. My American friend was quite surprised that I did not know this. Thinking that very possibly I was ignorant of a thing that every one else knew, and happening to meet Mr. Stanley, I asked that eminent traveler whether he was aware of this simple mode of discovering the points of the compass. He said that he had never heard of it. I presume, therefore, that the world is in the same state of ignorance. Amalfi is proud of having been the home of the inventor of the compass. I do not know what town boasts of my American friend as a citizen."

The State Fair.

On page 10 of the Premium List of the State Agricultural and Mechanical Society for the present year, will be found the offer of Premiums amounting in the aggregate to \$500, for the Counties making the best display of County Products, to be shown at the Fair November 10, 1890.

The requirements are: "To the County making the Best and Largest Display of Products grown or produced by residents of the County, Premiums will be awarded as follows: 1st Premium, \$250; 2nd Premium, \$150; 3rd Premium, \$100. In all, \$500. All Grain must be shown in quantities not less than one-half bushel. The Judges making the award in this contest, will consider first, Quantity; second, Quantity; third, Variety; and fourth, Arrangement. Articles for the County display will not count in the Individual Premiums."

I beg that you call special attention to this feature, and urge your County to be a competitor in the contest. Aside from the money involved, County pride should stimulate our farmers to enter heartily into the matter, and thus show the progress of Agriculture in our State.

I take it that the most effective plan would be for the several County Alliances from the Sub-Alliances, to canvass the matter at an early day, and thus become organized, so that by the first of November our farmers will be able to know what will be shown, and at what Railroad Station shipments will be made.

Railroads require prepayment of freight, but upon its return to the original point of shipment, with the Certificate of the Secretary that the same had been on exhibition, the amount will be refunded.

I will be pleased to furnish a copy of the Premium List to all who may apply to THOS. W. HOLLOWAY, Secretary, P. O. Box 10, Darlington, S. C.

Here is a hard, plain fact: "If you have a good thing, write about it, talk it up, advertise it. Intrinsic merit is all right; but in this hustling and bustling age, he that toothed not his own horn, the same it shall not be tooted. This is a homely way of stating an immortal truth."

Here is the way a Western writer, and a woman at that, looks at a question that is always of interest: "Marriage may be a failure in a few individual cases, where, for instance, a man swears everything black and blue on account of a piece of beef steak or a cup of coffee; or where a woman opens her mouth and in the short space of ten seconds makes a man's life a howling wilderness or a sandy desert because she can't have everything she wants, and he won't give it right away. But marriage as a system is a nickel-plated, anti-monopoly, everlasting success."

Col. Evans' Announcement.

TO THE VOTERS OF DARLINGTON COUNTY: I beg to announce to you that I am still a candidate for the office of School Commissioner. I am not an Independent candidate, but claim to be the nominee of the Convention. I was not present at it but an informed friend tells me that where it was I was twice nominated, fairly and honestly, first by the eyes and secondly by a standing vote. If this be so I appeal confidently to the people to do justice to me. The office of School Commissioner should depend solely upon the character of the man and his qualifications as a teacher.
