We learn that, in some localities of the town, figs and peaches escaped the late cold snap and are doing well, perfectly sound and growing.

Our friends will please take notice that communications, unaccompanied by the author's name, will not be published.

We learn that the corn crops throughout the county are growing off finely in consequence of the recent high seasons.

Waiter at Charleston Hotel, (handing bill-of-fare)—"What'll you have, sir?"

Visitor from Orangeburg—"Get away with that thing! I've got no time for newspapers now."

From the scarcity of money it was thought that very little was in circulation. But from the prompt payment of the License Taxes by our merchants it would seem that there is still some left.

Messrs. Sorrentrou & Loryca have something nice in the way of single pendants for parlor or dining room purposes.

There are few stores of equal capacity with that of Mr. F. DeMars which contains a larger and more varied stock of goods.

A Match Game of Base Ball will be played this afternoon between the Hampton and Orange Clubs.

Mr. N. Austin Bull showed us on Wednesday last a handful of oat straw, perfectly green and heading that would measure at least four and a half feet in height.

We call the attention of those wanting carpenter's work to the advertisement of Mr. J. P. Tucker who solicits work and guarantees satisfaction.

The Hampton and Junior Base Ball Clubs played a game on last Friday in which the Hamptons were defeated for the first time by the Juniors by a score of 34 to 25.

KANSAS and the North Western States yelled vigorously when the South complained of the improvidence and idleness of the colored race; but they are begging now for a law to restrict the migration of the negroes to "fifteen" on a steamer.

GEN. M. C. Butler locked horns with Mr. Blaine last week and won a complete victory over the old Radical war-horse, who had in a previous speech abused South Carolina in his usual style.

We are requested to state that the Dime Reading of the Young Men's Christian Association will take place in the Court House to-night at 8 1-2 o'clock.

Jesse Oliver, colored, was arrested on Saturday last by policemen James Cannon and lodged in the jail for stealing some articles of clothing from Mr. T. Kohn and a pair of shoes from Mr. J. C. Pike.

A full line of Dr. Price's Unique Perfumes, Colognes and Toilet Waters. These Perfumes have gained their popularity from their exquisite sweetness and permanency of odor.

It is advertised in English papers that a fortune of \$80,000,000 has been left to the Patrick family and the heirs are in America. We understand that our fellow-townsmen, Mr. J. W. Patrick, claims to be a descendant of the family, and is instituting measures to ascertain the facts and to make good his claim.

MANY of our citizens, availing themselves of the low excursion rates of the rail road, made a flying visit to Charleston on Saturday and Sunday last. Some to spend the Sabbath in the city merely as a change and recreation, and others to attend the German Suetzenfest and enjoy the amusement usual at that season.

Mr. August Fischer still holds the even tenor of his way at the corner, working out a success few merchants could hope to reach. His stock of groceries; notions, dry goods, boots, hats, tobacco, &c., is being constantly renewed—indeed, the wagon is seen unloading fresh supplies at his door every day.

A Sunday School Entertainment will be given at the Lutheran Church on next Sunday afternoon at four o'clock. The music will be conducted by expert singers.

The exhibition of Mr. S. R. Mellichamp's School appointed for last Wednesday night was conducted in the court room, and was quite an interesting occasion, creditable alike to the teacher and the little ones entrusted to his tuition.

Crowds of our citizens availed themselves of the opportunity to visit the "City by the Sea" at the low fare offered by the South Carolina Ra. road. Pleasure and business combined made the trip enjoyable.

Editor Orangeburg Democrat; You have complied with your promise, the very man, a scientific and practical farmer, whom I have been trying to provoke to a friendly contest. I thank you Mr. Editor, I would say in the outset to J. W. S., that he did not strike me, he only scratched at me, that he misapprehended, therefore, misrepresented me.

We had the pleasure of meeting in town yesterday Mr. W. W. Oliver of Middle St. Matthews, who informed us of a very severe hail storm that visited that section of our county on the afternoon of the 29th ult., and which lasted about fifteen minutes.

There has been a rumor current in our midst for sometime, started by some one for what purpose we are at a loss to understand, that certain members of our Town Council receive pay for their services.

It having been established beyond a doubt both by practical results obtained out West as also by experiments made at the Department of Agriculture in Washington; that as good an article of Sugar and just as readily can be obtained from the common Sorgho or Sugar Millet as is made from the best cane of the Tropics, I have concluded to establish a Refinery here to work up the molasses as it is made on the plantations, into sugar.

As it is too late this season to plant the Sorgho to any large extent still I think all our farmers may try a little of it say from 1 to 20 acres as they have idle land. It has also been proved in this county by actual experiments that our stubble land after the small grain has been removed, yields good syrup, and I would advise all those, not having any land ready now, to try some of that as every body I hope has planted oats if no other small grain.

Anyone wishing any further information on this subject or seed to plant can obtain the same any time upon application, and it is especially urged upon all to try the experiment upon any scale they may choose so as to get it introduced here.

You have complied with your promise, the very man, a scientific and practical farmer, whom I have been trying to provoke to a friendly contest. I thank you Mr. Editor, I would say in the outset to J. W. S., that he did not strike me, he only scratched at me, that he misapprehended, therefore, misrepresented me.

2,400 lbs? If you do, I admit I am badly whipped. If not cope again, I intend to write on the cultivation of cotton, in which I will convince my friend of his error.
