

Church Directory.

METHODIST.—Rev. O. A. Darby, Pastor. Services every Sunday morning at half-past 10 o'clock and at night at half-past 7 o'clock. Prayer Meeting every Wednesday evening at half-past 7 o'clock. Sabbath School every Sunday morning at 9 o'clock. Children's meeting every third Sunday.

ORANGEBURG, S. C., JUNE 13, 1879.

The best joke of the season is that of Chamberlain and Cardozo going before the Senate Committee to vouch for the good moral character of Corbin. Well!

Our thanks are due Dr. W. S. Barton for the fine lot of vegetables given us at the Floral Fair. They were indeed fine and will be made to linger with us as long as possible.

Mrs. A. C. Andrews should have received the credit for the beautiful pyramid of flowers exhibited at the late Floral Fair, and not Mrs. D. C. Rowe as we stated in our last issue.

Dr. A. C. Dukes has broken ground for his new brick stores, and Mr. J. C. Bell will soon transform an unsightly gap into a beautiful edifice that will be an ornament to the town.

Dr. A. C. Dukes is utilizing the lumber from his old stores by building up his vacant lots on Market street. The prosperity of one man thus becomes the prosperity of the community.

We are indebted to our little friend Shelly Scoville for the first peach we have eaten this year. That's right Shelly, always remember the printer, and you are bound to live to a good old age and die happy.

This is a good season to white-wash your fences, out-houses, rooms, &c. Lime is an excellent disinfectant, besides everything looks so much cleaner and neater when a nice coat of white-wash is put on.

We regret still to report the continued and serious illness of Mr. John Inskeep. We do hope that his strong constitution may hold up under this severe attack until the remedies employed may restore him to health.

BEFORE you come to town to make your purchases look in the columns of the DEMOCRAT and buy from those merchants who invite you to call on them. Those who do not thus seek your patronage evidently do not care to have it.

This is the season for College Commencements, and we are in daily receipt of invitations to be present at the various Colleges on these interesting occasions, but our financial and business pressure won't allow us to take much pleasure these hot days.

The Treasurer of the Town Council is busily engaged adding the penalty to delinquent tax-payers. Those who have not paid will have the opportunity of doing so with the penalty added until the 30th instant, after which date executions with issue.

Our old friend, Mr. George Shirer, is established at Eros' old stand, and is gratified with the success of his new venture. The friends of the past are now the friends of his need, therefore friends indeed. He is agent for a new lamp burner which gives a most brilliant light and saves oil.

The oat crop is harvested and the yield is fine—the best ever known in Orangeburg. The growing crops of the county are doing finely and the indications now are that a good corn crop will be made, which supplemented by a large oat crop, will give bread and meat to our farmers and a little to spare.

The wealthiest single woman in the United States is Miss C. L. Wolfe, of New York, who has just arrived at Newport. She is worth over \$10,000,000, handsome, accomplished, amiable, and willing to marry. Is there a bachelor in Orangeburg bold enough to attempt the trip?—they are certainly poor enough.

A man who went to Leadville while ago, and advertised to teach the guitar, was notified by the aesthetic residents that if he didn't leave pretty quickly he would guitar and feathers. He left.

OFFICE hours on Sunday at Dr. Wannamaker's Drug Store from 8 to 10 A. M., and from 6 1/2 to 8 1/2 P. M. In case of emergency access can be had to the Drug Store any time during the day or night.

Mr. W. B. Hill takes pleasure in informing his friends and customers that he is better prepared now to make good flour than ever before, having recently overhauled his Mill, and respectfully solicits their continued patronage.

The little daughter of Mr. F. DeMars on Wednesday evening fell from the baby carriage and severely cut itself in the hand with a saucer with which it had been playing. Three doctors were in attendance and cared for the wound of the little sufferer.

We are indebted to our young friend, Willie Meroney, for as handsome a bouquet of choice flowers as we have seen in some time, and in order that the eternal fitness of things might be preserved in this instance, as it should be in all cases, we presented it to a handsome young lady friend.

We had the pleasure of meeting Mr. Edward E. Britton, a representative of the Home Circle, a literary paper published in Charleston, in our office on last Tuesday. We were glad to learn from him that the Home Circle was doing well. It is the only paper of the kind in the State, and we hope our people will liberally sustain it.

We call the attention of our readers to our Educational Column on fourth page, conducted by Mr. J. B. O'Neal Holloway, who is also secretary of the Orangeburg Teachers' Institute. We hope, by the introduction of this feature in the DEMOCRAT to meet a demand long felt by our teachers and all persons having the education of children at heart.

We have been shown by Hon. C. B. Glover a rose twig with the bloom formed about the stem. There is apparently no formation of bud or germ of any kind from which a flower might be developed—a single rose simply opened around the stem unlike anything we have ever seen. It is a modest little flower, white and pretty, but still a freak of nature.

It is really refreshing in this age of supercilious idleness in which elegant leisure is the captivating philosophy of both sexes and the industrious are distinctively under its haughty frown to see the resolute girl taking her beauty, education, accomplishments and social positions with her into some lucrative avocation, dignifying industry and living independently.

Some whole-souled fellow up North has sent us a postal card offering us a seven dollar dictionary for the insignificant sum of sixty-three cents. We do not know what he takes us for. He must have read Dr. Webster's letter in the Tribune. Before we would be so mean as to buy a seven dollar dictionary for sixty-three cents from a stranger we would wear out our best shoes trying to borrow one.

The success of the News and Courier in the prize story, "Ashurat," encourages the proprietors to offer further inducements to the literary writers of our State. This time a handsome copy of Tennyson's Poems is offered for the best original Charade, sent in by the end of June. Such valuable offers cannot fail to build up a literature of which the State, in the near and distant future will be proud. Such an enterprising public spirit will do as much and perhaps more for the honor of the South than a successful military leader in time of war or statesman in times of political trouble.

OLD AND NEW STYLES.—How much can I get for this? chuckles the apocalyptic and luckless champion of a luckless system, trying to crowd two profits on one sale.

How cheap can I sell this and how quick can I turn my money? This new way seems to be the style of Kortjohn's Store. Where they rattle goods off like lightning to make room for more, and in this way make a dozen sales and a dozen profits to his opponents one.

Call at his Bee Hive Store; there you will find facts and figures well worthy of your most earnest attention and which in the line of your own interest you cannot afford to let the opportunity escape you.

Meeting of Teachers' Institute. According to the appointment of the Committee of Arrangements, a few teachers of the county assembled in the Court House on Saturday, 7th instant. On motion of Capt. Hugo G. Sheridan, Gen. James F. Izlar was called to the chair, who, in a few pertinent remarks made known the objects of the meeting and introduced the Hon. Hugh S. Thompson, State Superintendent of Education. Major Thompson delivered a scholarly address, urging in eloquent terms the advancement of a higher education and the adoption of a liberal system of public instruction in the State.

On motion, a ballot was had for the election of a permanent President which resulted in no choice, the votes being divided between Mr. Hugo G. Sheridan, Dr. E. Cook, Mr. J. B. O'Neal Holloway and Mr. S. R. Mellichamp. Mr. Mellichamp declined and asked those who supported him to vote for Mr. Holloway. On the second ballot Mr. Hugo G. Sheridan, having received a majority of the votes cast, was declared elected. Mr. J. B. O'N. Holloway was elected Secretary.

On motion, the President appointed Messrs. J. B. O'N. Holloway, S. R. Mellichamp and J. R. Mack a committee to suggest a constitution for adoption by the meeting. During its absence, Dr. E. Cook of Claflin University made a few interesting and instructive remarks on the duty of organizing the primary schools of the county.

The committee on constitution presented the following which was read by items and then adopted as a whole: CONSTITUTION.

I. This Association shall be known as The Teachers' Institute of Orangeburg County, South Carolina.

II. The objects of this Institute shall be the mutual improvement of its members in the science of teaching, diffusing information and endeavoring to awaken a deeper interest in the subject of education among the people of the county.

III. Any teacher may become a member of this Institute by subscribing to the constitution.

IV. Three regular meetings of the Institute shall be held annually on the first week of April, first week of July, and first week of October at such places and times as the Executive Committee may determine.

V. The regular officers of the Institute shall consist of a President, three Vice-Presidents, a Secretary, an Assistant Secretary, a Treasurer and an Executive Committee, all of whom, except members of the Executive Committee, who shall be appointed by the presiding official, shall be elected annually on the first day of the regular session in April.

VI. It shall be the duty of the President, and in his absence one of the Vice-Presidents to preside at all meetings of the Institute, decide points of order, preserve decorum, and conduct the exercises according to the programme furnished him by the Executive Committee.

VII. It shall be the duty of the Secretaries to keep a faithful record of all the proceedings of the Institute.

VIII. It shall be the duty of the Treasurer to receive and hold all the funds of the Institute, and to make an annual report of the state of the treasury.

IX. The Executive Committee shall consist of five members, including the President and Secretary, who shall be ex-officio members, and it shall be the duty of this committee to fix the times and places for holding all meetings of the Institute; to secure the services of competent lecturers; to introduce each subject; to arrange the programme for each meeting and to give due notice of the same through the newspapers.

X. Honorary members may be elected upon the motion of any member, said honorary member to have and exercise any of the duties, such as to propose questions, take part in discussions, except the right to vote or hold office.

XI. At all regular meetings ten members shall constitute a quorum to transact official business.

XII. Any of the provisions of this constitution may be amended, or articles be added at any regular meeting; provided, that the Secretary shall be notified in writing of said amendment at least fifteen days before said regular meeting, and further, that two-thirds of the members present favor said amendment.

The Institute proceeded to the election of the other officers with the following result: First Vice-President, D. L. Connor; Second Vice-President, R. B. Tarrant; Third Vice-President, Miss Alice Teague; Assistant Secretary, J. M. Bookhardt; Treasurer, Rev. J. E. Penny.

Executive Committee appointed by the President; J. T. P. Walsh, D. L. Connor and J. R. Mack.

On motion it was ordered that the proceedings be published in the DEMOCRAT and the Times. The following resolutions were unanimously adopted:

Resolved, That the thanks of this Convention are due and are hereby tendered Major H. S. Thompson, State Superintendent, for the eloquent and instructive address delivered before us this day.

Resolved, That Major Thompson

be unanimously elected an honorary member of this Teachers' Institute. There being no further business the Institute adjourned to meet the first week in July next—the place to be chosen by the Executive Court. J. B. O'N. HOLLOWAY, Secretary.

Claflin University.

The commencement exercises of this institution began on last Sunday evening with a Baccalaureate sermon by the Rev. V. H. Bulkeley. Monday and Tuesday were devoted to the examination of classes and Monday evening to prize declamation. We learn that these exercises were eminently satisfactory to the Trustees and Faculty and very creditable to the students. Imperative business engagement prevented us from attending except upon Wednesday, commencement day. We attended the last commencement occasion and were scarcely prepared for the very marked improvement noticeable on this. Each speaker was self-possessed and exhibited both in his manner and execution a thorough drill and great pains-taking to succeed. There was not a failure or the slightest approach to one on the part of a single student; whilst on the other hand, every one of the twenty-eight speeches did the students great credit and won for them the applause of the audience. We would like to give a personal notice of each speaker, but space forbids it, yet we deem it but just to refer in a very special manner to the orations of Messrs. G. W. Prioleau, A. W. Whaley, A. H. Black, G. J. Davis, Miss H. Dickson, D. H. Bowen, W. Bulkeley, W. G. White, and the valedictory address by Miss S. E. Middleton as exhibiting a proficiency and degree of talent we did not expect to find in our colored youth so early in their course. It is certainly encouraging to the founder of the college and to the State to witness such noble results from their efforts to educate and elevate the colored people. A dozen years' from this time these educated and refined young men and women will exercise a telling influence upon their race. And if that influence be properly directed, our colored people will become not only intelligent citizens but a prosperous people, capable of both exercising the rights and enjoying the privileges of the government. The two races will then be prepared to live together in harmony without fears from those terrible threats from Northern political adventurers and Southern scalawags which now hang both upon our religious and political society like a deadly incubus.

For these hopes to which this occasion gave birth, our people are indebted to Dr. Edward Cooke, the president of this institution and his noble band of co-laborers, Professor Lawrence, Miss Merrill and Mr. Middleton from the North, and Professors DeTreville and LaRoche, young men of our own State. These gentlemen have worked harmoniously together and the results of their labors prove what a wise provision it was to combine the Agricultural College with the University under one Faculty. These gentlemen are the right men in the right place, and we trust the Trustees will ever be mindful of the interest of the College and keep them there.

We learn that Dr. E. Cook and family, Prof. Lawrence and family and the accomplished Miss Merrill will leave next week on a trip North to spend their vacation with old friends and dear relatives. We wish them a quiet trip to their native homes, a pleasant stay and a safe return to their field of labor; They leave behind them a host of friends who will regret their absence and will welcome them back when they return.

We would call the attention of our readers and especially the farmers of the county to the advertisement of Messrs. Edwards & Thompson in this issue. This feed cutter is the best we have ever seen—simple, durable and worth every cent of the money charged. No farmer, who has a heavy crop of oats in barn should be without one a week. Call at Mr. J. C. Pike's and examine the machine. Bring your money for you will be sure to buy.
