Quite an interesting protracted meeting was closed last week at the Bull Swamp Baptist Church. The Rev. Mr. Galphin, a missionary worker, and Dr. I. D. Durham preached some most excellent sermons greatly to the edification of the hearers and benefit of the church.

We would direct the attention of our town readers to the notice of Mr. J. W. Moseley, calling a meeting of the resident members of the Court House Democratic Club at the Engine Hall on next Wednesday night at eight o'clock precisely.

No matter how smooth the sea of life may seem to the young marine who has just launched his frail bark on its untried waters, there are shoals, hidden rocks, and quick sands in the shape of gambling dens, bad company, &c., which will gobble him up with as much alacrity as a country editor scoops in a subscription to his paper.

At a meeting of the County Commissioners held on Monday last Mr. Warren A. Brickley was appointed a commissioner to appraise the land in behalf of the county over and through which the road from Bamberg to Orangeburg passes.

Commissioner Hayden will get over it in a week or two. "Fis said that a hair of the same dog will cure the bite." Well the commissioner's own road was so rough that it tumbled him off from his wagon.

"Middlesex Pike" and "Uncle Tom" will gracefully yield to Mr. Emanuel Jones and party who while on a frolic in Santee swamp last week, muddled a hole and caught sixty-three cutters, measuring from four to ten inches across, and a lot of cat and other fish out of one hollow log.

On last Monday when Mrs. S. J. Shuler, going home from town, reached Dantzler's Mill 12 miles distant her horse took fright from a sudden blow of the whistle and ran toward Four Hole bridge.

Two or three weeks ago we published a paragraph stating that the News and Courier charged Dr. Webster with swindling and that they claimed they could prove it.

We have been grieved to hear of the almost sudden death of Mrs. E. Prothro, a daughter of Mr. Joseph Felkel, of Middle St. Matthews, which occurred on last Friday night.

Our readers are reminded that Messrs. D. E. Smoak & Co. is still the place where they may purchase their family supplies of groceries, &c., at the lowest possible prices in this market.

This excessively hot weather very naturally suggests a cool place, and where can we find one better calculated to meet the demand than the ice cream saloon of Mr. Joseph Eros.

One of the finest fields of cotton we have seen this season is that of Mr. Harpin Riggs in the suburbs of town. The weed is growing vigorously and full of fruit without throwing off any from the recent rains.

The crop reports from different sections of the county are more favorable than we expected. Cotton is recovering from the effects of the drought rapidly and will make very nearly an average crop.

We learn with pleasure that our young townsman, Lawton H. Wannamaker Esq., has been appointed Deputy Grand Dictator for the Sixth District, embracing the counties of Orangeburg, Colleton and Clarendon.

We notice improvements going on in the store of Mr. Kortjohn. His place had to be made larger in order to keep up with his increasing trade.

One of the neatest and best appointed establishments in our young thriving city is the drug store of Dr. J. G. Wannamaker, on Russell-street.

We call the attention of the public to the change advertised in Mr. Sheridan's Classical School in this issue.

Miss E. J. Mackey scarcely needs a word from us by way of recommendation. Her connection with the school last year, the entire satisfactory examination of her classes in June, and her known integrity of character are sufficient to assure the patrons of her continued interest in the education of their children.

In the report of the Board of Health submitted to the City Council on Wednesday afternoon were the following points of interest to the community: That rigid requirements of cleanliness would be enforced; that disinfectants were placed at the several drug stores for gratuitous distribution; that it is suggested to Council to take such steps as will authorize the board to enforce its requirements; that a sufficient street force be placed at the disposal of the Board as well as an abatement of nuisances, and when such labor is required on private property, the cost of same be taxed against the owner; that our drains, generally good, are deficient especially in their grades; that obstructions be removed from the branch with its connecting ditches running in rear of Fair Building; that the Council provide some plan by which contents of privy vaults may be removed from the city; that pig pens be prohibited during the summer months; that our per centum of deaths, 5 to every 1,000 of population, for the last seven months, is far below that presented by the most healthy localities in the country; and that we have only to use such precautionary measures as are prescribed for cleanliness to keep our town as healthy as any in the land.
