THURSDAY, MAY 13, 1897.

Prosperity is coming. It merely stopped to patch up a slight puncture in the tire.—Florida Times-Union.

Strange to say, Boston would like to see a negro postmaster at Augusta. This interest in colored men outside of Boston is quite touching.—Atlanta Constitution.

As a law the dispensary law ought to be enforced, but we protest against the use of so much time and the exercise of so much trouble to keep the said Dispensary out of miscellaneous messes.—Florence Times.

A French shopkeeper hung himself the other day after closing up his place and affixing this notice on the door: "Closed on account of death." What a valuable suggestion there is here for the Senate and the Dingley bill.—Savannah News.

When the State seizes contraband whiskey in the express office, why not sell out the office also? The State has as much right to do this as it has to seize a trunk and sell or give away the contents that are not contraband of law.—Columbia Register.

Asked in Atlanta whether he thought the next President would be a Democrat, Vice-President Stevenson replied: "The next President will be a real Democrat," which being interpreted means that there will be no Democratic shams like the last one.

One point which seems to be overlooked by our Democratic friends, of gold standard faith is that William J. Bryan received six and a half million votes (more than President Cleveland ever received) while their gold ticket received only 113,000. This is a fact that is historical and worth bearing in mind.—Augusta Chronicle.

One of the humors of the Greco-Turkish war is the appeal to our college Greek-letter societies for funds in aid of the Greeks. The story is told of a college senior that when asked some questions about Greek he replied, "Greek?—ob, that's the language with the curious, crooked little letters."—New York World.

It has been discovered down in Louisiana that the kingfisher bores holes six feet deep in the levees of the Mississippi river, and builds nests therein, and thus he is supposed to contribute to the crevasses and the destructive floods. The kingfisher doesn't know any better, and probably thinks that the levees are made for his accommodation. Perhaps too, he may imagine that incidentally they are intended to hold the water until it accumulates sufficiently for flooding purposes and then give way and let it go, as that is what they do every spring. His boring holes in the banks only facilitates in some slight degree a process for which the levees seem to be especially designed, and it is a question whether the levee builder or the kingfisher shows the greater sagacity.—New York Times.

Best Remedy for Rheumatism.

From the Fairhaven N. Y. Register. Mr. James Rowland of this village states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or pain and finds that it always gives relief. He says that no medicine which she had ever used did her as much good. The 25 and 50 cent sizes for sale by Dr. W. L. Wallace druggist.

Governor Ellerbe is to be commended for his determination to prosecute every employee of the dispensary who has been guilty of wrong doing. The insinuation seems to be hedged about with scandals, and of this sort of thing the people of South Carolina are becoming heartily sick and tired. We hope the Governor will probe to the bottom, and that he will be successful in purging the institution of its abuses. But his task is a difficult one.—Florence Times-Messenger.

Quinine and other fever medicines take from 5 to 10 days to cure fever. Johnson's Chill and Fever Tonic cures in ONE DAY.

According to the newspaper, an Ohio husband became the happy father of seven children not long ago. Of the seven all lived but one. It is to be hoped he laid in a supply of Chamberlain's Cough Remedy, the only sure cure for croup, whooping-cough, colds etc., so insured his children against these diseases. For sale by Dr. W. L. Wallace, druggist.

The Supreme Court of the United States has decided, in a case that went up from Louisiana, that dogs are not property unless they are returned for taxation. A Newfoundland dog, valued at \$200 was killed by a street car, but the dog was not returned for taxation, and under the law of Louisiana dogs are not property, unless they are so returned, and the United States Supreme Court so held.

Why take Johnson's Chill & Fever Tonic? Because it cures the most stubborn case of Fever in ONE DAY.

The Westfield (Ind.) News prints the following in regard to an old resident of that place: "Frank McAvoy, for many years in the employ of the L. N. A. & O. Ry. here, says: 'I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for ten years or longer—am never without it in my family. I consider it the best remedy of the kind manufactured. I take pleasure in recommending it.' It is a specific for all bowel disorders. For sale by Dr. W. L. Wallace.

It turns out that there has been a steal of seventeen thousand dollars by the Republican managers of the Kentucky penitentiary. They either steal or squander whenever they get in office in the South.—Raleigh North Carolinian.

"It is the Best on Earth."
That is what Edwards & Parker, merchant's of Plains, Ga., say of Chamberlain's Pain Balm, for rheumatism, lame back, deep seated and muscular pains. Sold by Dr. W. L. Wallace, druggist.

Johnson's Chill and Fever Tonic is a ONE-DAY Cure. It cures the most stubborn case of Fever in 24 Hours.

We have a lot of old rabbit metal on hand for sale at 10 cents per pound.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional treatment, Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundations of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Baby Mine!

Every mother feels an indescribable dread of the pain and danger attendant upon the most critical period of her life. Becoming a mother should be a source of joy to all, but the suffering and danger of the ordeal make its anticipation one of misery.

MOTHER'S FRIEND

is the remedy which relieves women of the great pain and suffering incident to maternity; this hour which is dreaded as woman's severest trial is not only made painless, but all the danger is removed by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are avoided, the system is made ready for the coming event, and the serious accidents so common to the critical hour are obviated by the use of Mother's Friend. *It is a blessing to woman.*
