MANNING.

Manning Times.

There will be some very valuable property sold by the sheriff on next salesday.

There will be a marriage service at New Zion church. Mr. Lewis Fleming and Miss Ida Hudson are the contracting parties.

A reward of \$500 will be paid by the insurance company for the detection of the fiend who set fire to Harvin & Barron's store. The Governor has offered \$100, which makes \$600 to any man who can work up the case and convict the party or parties.

The barn and stables of Mr. B. A. Johnson was destroyed by fire last Saturday night about 7 o'clock. The cause of the fire is unknown, but many think it was the work of an incendiary. This is the second barn burned within a week and the frequency of fires in this town is causing the citizens to become alarmed.

Last Wednesday night in the Pine Grove neighborhood Mr. A. E. Coker was cut severely by his son, Bosie Coker. The information we have is that the old gentleman was chastising one of his younger children when the older son living at home set upon him with a knife and cut him in several places. The injuries are serious but not necessarily fatal.

SUMTER.

Sumter Herald.

Maysville and Oscego have been connected with Sumter by telephones.

Sumter is making an unenviable record for crime these days. Murder and arson are becoming entirely too common.

Alston Westberry, who resides in the Mechanicsville section, lost his gin house by fire last week. A bale and a half of cotton and a lot of cotton seed, together with a buggy and wagon were burned. It is not known how the fire started.

It may be noticed that the man who dares the existence of a hell seldom misses an opportunity to ask his enemies to it. Everybody believes in a hell—for the other fellow.

Coroner Moses went to Boykins Sunday to hold an inquest over the body of John Fraser, a negro living on the plantation of the late Col. R. G. Ellerbe. Fraser had died suddenly Saturday, and the inquest developed the fact that he had drank a pint and a half of whiskey inside of a half an hour, and become unconscious in a short while dying not long after. The verdict of the jury was to the effect that he came to his death from alcoholic poisoning.

Last Sunday morning several boys who had started to ride to Bishopville on their bicycles were attracted by a pool of blood in the road at the Liberty street crossing of the W. C. and A. railroad. The blood was just opposite the bridge across the big ditch in front of the small white house on the strawberry farm of Mr. W. M. Graham. On looking further the boys found the body of a negro man lying face downward in the ditch partly under the bridge. The ditch is about seven feet deep, and the water to the depth of about two inches was running in it Sunday morning. About six feet from the bridge in the road were two pools of blood, which had been covered with sand and nearby were three halves of bricks, blood stained, and another piece of brick was found lying in the ditch by the body.

FLORENCE.

Florence Times-Messenger.

Mrs. Rivers Kimry was burned to death at her home near Edgingham on Saturday evening. The terrible accident happened just before sun set, and she lingered until 4 o'clock Sunday morning when death came to her relief.

John Jackson, a colored man who lives on Mr. R. M. McCown's plantation, was bitten by a mad horse last spring. Seemingly well since that time, for the past day or two he has exhibited symptoms of hydrophobia, and has been placed under guard.

Monday night at 7:30 o'clock Miss Ida Singletary and Mr. J. Ellis Brunson were married at the residence of the bride's mother, Mrs. E. O. Singletary, on West Avans street. Rev. R. W. Barnwell performed the ceremony. There was a large number of the friends of the contracting parties present and the presents were numerous and appropriate.

The news of the death of Mr. M. L. Jones came like a shock to this community Tuesday morning. He died Monday night about 10 o'clock at the home of Mr. Geo. W. Pettigrew a few miles from Florence.

On Thursday Mr. Jones went out to Mr. Pettigrew's place to hunt. Again on Friday he went into the woods and while there was struck by severe pains in the head. He went back to the house and took his bed. No alarm was felt by those who attended him until Sunday night when a physician was summoned from Florence.

The Dreaded Consumption.

T. A. Slocum, M. C., the great chemist and Scientist Will Send Free to the Afflicted, 3 Bottles of his Newly Discovered Remedies to cure Consumption and all Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the offer of T. A. Slocum, M. C., of 183 Pearl street New York City.

Confident that he has discovered an absolute cure for consumption and all pulmonary complaints, and to make its great merits known, he will send, free, three bottles of medicine, to any reader of The County Record who is suffering from chest, bronchial, throat and lung troubles or consumption.

Already this "new scientific course of medicine has permanently cured thousands of apparently hopeless cases.

The Doctor considers it his religious duty—a duty which he owes to humanity—to donate his infallible cure.

Offered freely, is enough to commend it, and more so is the perfect confidence of the great chemist making the proposition.

He has proved the dreaded consumption to be a curable disease beyond any doubt.

There will be no mistake in sending—the mistake will be in overlooking the generous invitation. He has on file in his American and European laboratories testimonials of experience from those cured in all parts of the world.

Don't delay until it is too late. Address T. A. Slocum, M. C., 98 Pine street, New York, and when writing the Doctor, please give express and postoffice address, and mention reading this article in the County Record.

Just as Good

as Scott's and we sell it much cheaper," is a statement sometimes made by the druggist when Scott's Emulsion is called for. This shows that the druggists themselves regard

Scott's Emulsion

of Cod-Liver Oil with Hypophosphates of Lime and Soda as the standard, and the purchaser who desires to procure the "standard" because he knows it has been of untold benefit, should not for one instant think of taking the risk of using some untried preparation. The substitution of something said to be "just as good" for a standard preparation twenty-five years on the market, should not be permitted by the intelligent purchaser.

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper. 50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.

The world will never get any better until children are an improvement on the parents.

We have no hesitation in saying that the commercial history of this city has never shown an instance of greater progress than ours, in so short a time, when it is understood that this growth has been accomplished within a few years, in the face of the keenest competition with the largest houses in the city. Our success has shown that we have gauged the wants of the people of this city in our line with unerring instinct and demonstrated that our method of keeping reliable goods only and selling at a small margin of profit is the right one.

Below will be found a few of our quotations, which speak for the accuracy of our statements:
