THURSDAY, DEC. 9, 1897.

Judge Cochrane, of Abbeville, died last Sunday. He was one of the foremost public men in South Carolina. As lawyer, solicitor, Judge, Congressman and private citizen, he was surpassed by no one. His death is a distinct loss to South Carolina.

Blanche K. Bruce, ex United States Senator from Mississippi, has been appointed by President McKinley register of the treasury of the United States. Bruce is a negro, and held the same position under Hays. He is the only negro who has ever risen so high in public life.

Congress convened last Monday President McKinley's message was read before both houses. Finance Cuba and Hawaiian annexation were the chief subjects of his recommendations. He would have greenbacks issuable only for gold—he would allow banks currency to the full amount of bonds deposited, and the limit of their capital decreased—he favors a waiting policy in regard to Cuba, believing that Spain should be given time to carry out her new policy in that island—He advocates earnestly the annexation of Hawaii, and ignores the fact that the present government of Hawaii is really only a creature of this country—Other topics are treated very briefly.

Talk about this Southern section becoming independent! How can it do so, when the tax returns show that there are more dogs than sheep on the plantations. The Legislature is responsible for this condition. If it would place well, say \$5 per head on dogs and require that all tax-paid canines should wear distinguishing collars or be forfeited to the dog killer, there would be fewer yelping hounds and curs, less anxiety about hydrophobia, and the farmers would be able to raise more sheep.—Rock Hill Herald.

**Quinine and other fever medicines take from 5 to 10 days to cure fever. Johnson's Chill and Fever Tonic cures in ONE DAY.**

The American county editor, who is revelling in turkey, spare ribs, juicy pumpkins and all the garnishments that grateful subscribers bring to him, can be glad of his lot, says the Pittsburg Times even though he is paid in cordwood sometimes when he would rather have beans, and in beans when he needs buckwheat. He might have been born a German editor, whose lot is to go to jail every time he gets funny.

**Quinine and other fever medicines take from 5 to 10 days to cure fever. Johnson's Chill and Fever Tonic cures in ONE DAY.**

In these days of culture and progress do not wear a grizzly beard or mustache, when they can be colored a natural brown or black at home with Bucking-ham's Dye.

**Don't Neglect Your Liver.** Liver troubles quickly result in serious complications, and the man who neglects his liver has little regard for health! A bottle of Brown's Iron Bitters taken now and then will keep the liver in perfect order. If the disease has developed, Brown's Iron Bitters will cure it permanently. Strength and vitality will always follow its use. Brown's Iron Bitters is sold by all dealers.

Let us look back through the week just ended, and think if we have done anything to make anybody else happy.

Let hunters of all sorts understand that partridges cannot be sold in the State or outside of it. Pot hunters, who with traps or nets or even with guns, secure birds cannot expose them for sale. The hunters have no right on the lands of other men unless by permission. Let that be understood in the beginning of the hunting season—EX.

**JOHNSON'S CHILL AND FEVER TONIC**

London has had the most destructive fire, it is said, since the great fire of 1666.

**Why take Johnson's Chill & Fever Tonic? Because it cures the most stubborn case of Fever in ONE DAY.**

The man who is not just as honest in trading as he is in prayer is not a Christian. It is not possible to be a sinner in business and a saint in religion. The thief in the board of trade is a hypocrite in the church.

President Polk in the White House chair. While in Lowell was Doctor Ayer; Both were busy for human weal. One to govern and one to heal. And, as a president's power of will sometimes depends on a liver-pill, Mr. Polk took Ayer's Pills 11 days for his liver, 50 years ago.

were designed to supply a model purgative to people who had so long injured themselves with griping medicines. Being carefully prepared and their ingredients adjusted to the exact necessities of the bowels and liver, their popularity was instantaneous. That this popularity has been maintained is well marked in the medal awarded these pills at the World's Fair 1893.

### How To Find Out.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

### WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention The County Record and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
