A CARD.

Editor, County Records

Will you please allow me space brough your columns to reply to Mr. Harper's card of last week? In the presentment of the Grand Jury at last term of court they called attention of the court 10 the fact that I had paid myself \$250 and my clerk \$25 out of "borrowed funds." In my card sometime since I denied the charge, and I still denyit; and can, I think, substantiate the fact. Now, Mr. Editor, 1 am perfectly willing, and will be glad to have at least six desinterested men to call in my office, investigate the charges, and set the matter at rest once for all. What moneys I have received, and what has been paid to my clerk were paid from the contingent fund, as the stubs on my check book show. This I claimed before, and this I claim now. In regard to the \$99 paid to the County Board, that was paid from "borrowed funds." This was ordered paid by the Board, which, I think it had a right to do. The grand jury claimed that I had no right to pay county officers interested in the cotton growers' from money borrowed for a spe association, especially the tow - cific purpose. If this be the case, ship boards appointed at the Dec. why did the committee of the ember meeting, are called to meet grand jury and their expert make in the court house next Monday out their claims and present them Jan. 3rd, at 11 o'clock. A full to me to be paid out of "borrowed

I will say right here that the expert was paid for his services from the "borrowed funds," and the committee appointed by grand jury would have been paid from "borrowed funds" - and they would have accepted same, had I not have known that their claims had to be approved by the court

I have no idea that the grand jury would intentionally do me a wrong, for I am satisfied that I have some warm friends that belonged to the grand jury. Now, Mr. Editor, why did the committee appointed by grand jury make mention of myself, clerk and board of commissioners as having been paid out of "borrowed funds" and fail to mention N D Lesesne, M J Hirsch, expert for committee,

on it, and that check was for \$50 which was written through mis take of my clerk, and if Mr. Harper had of mentioned the check when he noticed "borrowed" written on the stub, I would have explained to him. Mr. Rollins, cou t · treasure . told me that when Mr. Harper came across the check mentioned above, he told

Mr. Harper that there was certainly a mistake in that check being drawn on "borrowed funds," as there were contingent funds on hand at all times during the year

that I could have drawn my ray from.

Mr. Harper claims that some of the county officers called his attention to the fact that they were unable to get any money for their services. I will say right here that Mr. Harper will oblige me by giving me the names of county officers who informed him.
