WILLIAMSBURGER IN R. R. WRECK

Engineer Samuel H Burgess Meets Death at McCrea, Georgia

Relatives, and a large circle of friends in this community, were shocked Saturday afternoon to learn of the death in a railroad accident of Mr Samuel Heyward Burgess, oldest son of Mr and Mrs R E Burgess of the Bethel section, and a brother of Mrs R D Mills and Miss Retha Burgess of Kingstree.

Mr Burgess was about 44 years of age and had been in the service of the Southern Railway Co as locomotive engineer with headquarters at Macon, Ga, for several years. The accident which resulted in his death occurred near McCrea, Ga, and is said to have been caused by the track spreading.

The body was taken to Greenville for interment Monday.

The deceased is survived by his wife, who, before marriage, was Miss Celia Crooks of Greenville, and one child, also his parents and several brothers and sisters.

Four or five weeks ago Mr Burgess, with his wife and child, visited relatives in this community.

Mr Mills and Miss Retha Burgess left for Macon Saturday evening and attended the funeral at Greenville Monday, returning here that night.

Kingstree School Opened Monday.

The fall term of the Kingstree High and Graded school opened Monday morning with appropriate exercises which were held in the auditorium and attended by a large number of friends and patrons of the school and an unusually large number of pupils, the older ones apparently brim full of enthusiasm, while the little tots were fairly bursting with eagerness to get into their class rooms and at their books.

The exercises in the auditorium were opened with a very earnest and fervent prayer by Rev P S McChesney, who was followed on the programme by Revs Joseph R Walker and G T Harmon in well chosen remarks.

Mr Harmon's remarks were based upon the scriptural words in the book of Matthew relative to the talents: "For unto every one that hath shall be given and he shall have abundance; but from him that hath not shall be taken away even that which he hath." The application was highly interesting and instructive to all present.

Music was rendered by Miss Edith Sturgess at the piano.

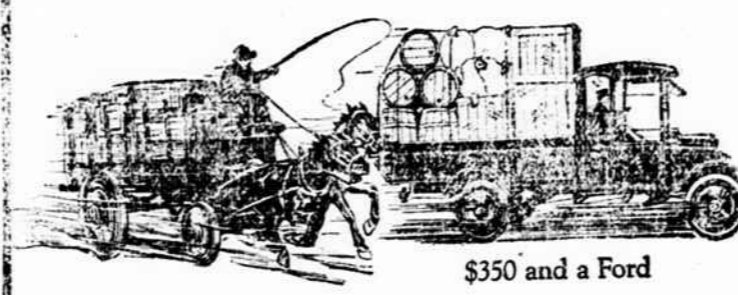

Death of G W Mitchum.

Mr G W Mitchum of Bether, son-in-law of Mr J T Sexton, died at the home of the latter about 7 o'clock yesterday evening. The remains were taken this morning to Bether for interment. The deceased was 39 years old and is survived by his wife and five children. He came here about two weeks ago from a hospital in Charleston.

MAXFER

THE WHALE FOR WORK TON TRUCK

\$350 and a Ford

You Can Run Your Horses All Day and You Cannot Keep Up With the Quick and Efficient Service of a MAXFER Truck.

Maxfer makes a Ford, used or new, into a Maxfer one-ton truck, at a cost of \$350 and a Ford. Maxfer slips around and over the whole frame, strengthening it all the way. The Maxfer does not change the Ford Chassis in any way except to remove the rear wheels and the rear spring.

The Maxfer Bell Sprockets (exclusive invention of the Maxfer engineers) take the place of the rear wheels. No axles to cut off, no frame to cut.

The Maxfer has proven itself to be the most efficient and cheapest to operate of any one-ton truck ever built.

We will be glad to have it demonstrated at your place of business to show you how to get quick and efficient service at a lower cost than horse delivery.

Mere Rumor.

Mr W F Tolley and family are not going to change their place of residence; have not even contemplated such an unprofitable and irksome undertaking as moving for many moons, notwithstanding fabulous rumors to the contrary. No! we are not going to move soon. We are very pleasantly situated in a very desirable locality and among neighbors worthy of our highest esteem.

Card of Thanks.

We want to thank our friends for the kindness shown us in the death of our son and brother, Heyward Burgess, who was killed in a railroad wreck September 15, 1917.
