GOOD NEWS FROM COLUMBIA

John Shull Joins the Ranks.

Mr John Shull, a glazier by trade, living at 1111 Pendleton street, Columbia, S. C., has had a remarkably happy experience by taking the advice of friends who had been relieved from misery after months of suffering—he says: "I was troubled with indigestion and stomach troubles which caused a nervous feeling all over my body. I could not eat without after distress and was completely run down. I decided after hearing how many of my friends had been benefited by the use of Liquid Ironized Paw-Paw to try this remedy, which has proved a blessing to me, I cannot speak too highly about it, as I am a well man again. I tried ever so many tablet medicines without any satisfaction, as my indigestion got worse instead of better, as my stomach would not stand tablets, so I had recourse to your liquid preparation, which began to relieve me after the first dose. You have a great medicine, and I want everyone to know my experience. I think it is worth its weight in gold. I can eat now what I want, my nervousness has disappeared and I am as well a man now as I ever was. Am deeply grateful to you for the interest you took in my case."

Ironized Paw-Paw Remedy will do more to brighten the world, to dispel gloom, to make happy homes and strong iron bodies, than all the other medicines that have ever been compounded. The evidence we are publishing every day should be conclusive proof.

A system that is overworked or run-down requires a harmless stimulant. **Ironized Paw-Paw Tonic** lifts and holds you. Your druggist probably keeps it; but if he doesn't, it is sold at the Scott Drug Co's.

Ironized Paw-Paw, price \$1.00. Formula on every bottle. Mail orders promptly attended to. Interstate Drug Co, Inc, New York.—Advertisement.

ANDREWS STILL ON A BOOM.

Many New Industries to be Located There--Severe Accident--Personal.

Andrews, February 12:—Our town will have an ice factory, up-to-date in every respect, in operation next summer. We shall also have a plant for the manufacture of cement blocks for buildings. Ground has been broken for one of the largest warehouses in the State for the sale of leaf tobacco. It will be built of cement blocks and completed before the next tobacco season. We shall then have two large warehouses. Andrews has some live wire business men when it comes to developing a town, such as H S Parsons, W H Andrews, N W Cook, J H White and many others. A cotton factory and an oil mill will be the next industries in this thriving little city.

Since the weather has moderated, our farmers are busy preparing their lands and planting tobacco.

Mr W O Camlin and party passed through Andrews one day [recently] en route from Georgetown to his home at Bloomingdale.

A few days ago the little daughter of Mr and Mrs A A May fell into a large can of hot lard and was so badly burned that little hope of her recovery is entertained.

Thomas H Peebles, attorney general, recently advised the state highway department that no prosecutions would be brought by the attorney general's office against automobile owners, who sent in money for automobile licenses prior to February 1, although the license plates were not received by the owners of the cars. It is emphasized by Mr Peebles that no penalty should be inflicted where failure to procure the license was incident to inadequate clerical help in the offices of the department.
