

AROUND THE WORLD WITH THE AMERICAN RED CROSS.
At Saloniki.

The veritable mountains of relief supplies turned out by the millions of chapter workers during the war made the American Red Cross one of the biggest "manufacturing concerns" in the world, with great warehouse space at scores of strategic points all around the globe.

One of the biggest distribution centers was at Saloniki, Greece, and in this picture Bulgarian prisoners of war are seen there unloading a Red Cross cargo of 2,300 boxes from a French transport. At the right is seen one of the American Red Cross camions, fleets of which were used in rushing relief to points where the suffering was greatest.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspironal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter If Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspironal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspironal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspironal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—(Adv.)

Tennessee Rock Lime

Dovesville, S. C. May 26th, 1919.

American Limestone Company Knoxville, Tennessee.

Dear Sirs:

Last year I bought three cars of MASCOT "SPECIAL" LIMESTONE from your company. I used about one-half car on my farms under both cotton and corn, and obtained wonderful results from the use of your LIMESTONE. I sold two and a half cars to my customers in from one to five ton lots; from the results that my customers got from the use of your LIMESTONE last year I have sold every one of them a car and also a number of new customers that saw the results from the use of the LIMESTONE last year.

I consider this the best investment that any farmer can make for correcting any soils in this section of the country. I sold several cars in lower Florence, and Williamsburg Counties and you tell the difference this early in the season where MASCOT "SPECIAL" was used against other Limestones.

Yours very truly,
(Signed) J. C. FLOWERS.
