My friends and customers will bear witness of the large and stupendous jobs executed by me. It was at my works where the largest and almost only job of its class ever excented in this city was done, viz: the making of the pipes for the City Water Worke in the

year 1858. In the branch of BELL FOUNDING. I can say that I have made the largest bells 'saifig isalur aut ever cast in the State, such as the bell for the City Hall in Colombia. My stock of patterns for

> ARCHITECTURAL WORK, COLUMNS FOR STORE FRONTS, is large and various, and in RAILINGS FOR BALCON ES. GARDENS AND CEMETE-RIES I have the largest variety and most mod-ern patterns; many of these are patented and I have purchased the right for this State. In the machine line I can farmish my pat-

Steam Engines and Boilers of any size and description. My

CIRCULAR SAW MILLS have carried off the prize at every State Fair held in this city, and in their construction I have taken pains to combine simplicity with the most useful modern improvements, and may flatter myself that my CIRCULAR SAW MILLS find favor with every sawyer who understand his beautiful and the saw of th derstands his business.

The many orders I am steadily receiving for Sugar Cane Mills, prove that the public appreciate the mills of my make, and so it is with my GEARING

for HORSE POWERS, GIN WHEELS, GRIST MILLS and other MACHINERY. I have the manufacturing right of many PATENTS, such as eastings for Rock Cotton and Hav Press and three or four FEED CUTTERS and other

any applicant, together with price list or extimate. My PRICES are moderate, and I assure the public that they are lower even than those of Northern monufacturers, and that my work will compare favorably with that of any other
