REPUBLICANS PLAN TO VOTE ON BONUS BILL

Before Present Congress Takes Any Rest-Tariff Bill Comes Up First

Washington, June 19.—The compromise program of Republican leaders to defer action on the soldiers' bonus bill until after the tariff measure has been disposed of was approved today at a conference of majority senators. The vote was 27 to 11. At the same time the conference went on record as favoring final action on the bonus before any recess or adjournment of congress.

Before adopting a resolution embodying this program, the conference rejected, 30 to 9, a motion by Senator McCumber, Republican, North Dakota, to lay aside the tariff for action on the bonus. Mr. McCumber who has charge of both pieces of legislation, then offered the compromise resolution.

Despite the conference action, there will be an open fight in the senate to get the bonus bill up before the senate returns to consideration of the tariff measure, laid aside last week for the naval appropriation bill. Several senators on both the Republican and Democratic sides were prepared to offer a motion tomorrow that the bonus be taken up immediately, but Republican leaders appeared confident that such a motion would be defeated.

Should the majority compromise program be put through, final Senate action on the bonus probably would not come before September. Estimates today were that the tariff bill could not be brought to a vote before August 1, at the earliest, and more likely not before August 15. With senators on both sides prepared to make a determined fight on the bonus, it is figured that it will take from a month to six weeks to put that measure through.

Some senators favorable to the bonus, bear a filibuster if the bill goes over until after action on the tariff. This is understood to be one of the elements in their determination to put the senate on record now on the question of whether there is to be further delay.

Under the resolution adopted by the majority conference, the bonus would be made the unfinished business of the senate immediately after action on the tariff and it would be kept continuously before the body "except when temporarily laid aside for matters of immediate exigency." The resolution also declared that both the tariff and the bonus should be pressed to their final disposition "as expeditiously as possible" and that there should be "no final adjournment of this congress or any recess over until both these proposed measures are finally disposed of."

There was a sharp controversy in the conference over the language of the resolution, which a number of senators construed as binding them to vote for the bonus. Senator Lodge, of Massachusetts was said to have assured Senators that this was not the case. Those voting against the resolution are counted as opponents of the bonus. A number of opponents absented themselves from the conference, as did several proponents, who desire immediate action on the bill.

WOUND IS FATAL TO YOUNG WOMAN

Miss Hettie Cartee, of Spartanburg, Dies in Hospital

Spartanburg, June 19.—Miss Hettie Cartee shot and killed herself about noon today. The shooting took place in her room at the home of her mother, Mrs. Emma Cartee, 205 Elford Terrace. Members of the family heard the pistol shot and went to her room to find her lying across her bed with a wound through her body. The ball entered just above the left breast and went entirely through the body. She was rushed to the General Hospital, where she died about 4 o'clock this afternoon. No cause for the act is known and it is not known whether it was intentional or an accident. The young woman was apparently in good health and spirits this morning.

Columbia, June 20.—Two candidates for governor, William Coleman and J. J. Cantey had not filed their party pledges with the secretary of state when that office closed late yesterday afternoon. They had filed their pledges with Gen. Wm. Jones. The rules require that the pledge shall be filed on the day before the beginning of the campaign.

It was said, however, that if the pledges were mailed in and the letters postmarked before 12 o'clock last night, they would be allowed. It is presumed that they will be duly received in this morning's mail.

Solicitor A. F. Spigner of Columbia has no opposition from the Fifth judicial circuit.

Rufus W. Gram, the adjutant general, is the only state officer not offering for election. General Grant was appointed by Governor Cooper to fill out the unexpired term of Gen. W. Moore. He did not desire to make the race this summer.

The new federal aid allotment to South Carolina of approximately \$707,000 will be allotted to the different counties today.

Tomorrow the commission goes to Aiken, to inspect the San Bar ferry bridge and to attend a general good roads meeting.

Harvey Wires Congressional Medal Wearers

Columbia, June 20.—Gov. Harvey yesterday wired the mayors' citizens committee of San Francisco that the greatest war heroes of South Carolina were the four living wearers of the congressional medals of honor—James C. Dozier, R. H. Hilton, Gary Evans Foster and John C. Villipigue.

The message was sent to San Francisco in response to a telegram asking South Carolina to name its greatest war hero for the living hall of fame at the second annual convention of the disabled veterans of the world war. Governor Harvey said he would not name the individual, but thought the four men were the greatest heroes.

FLORENCE VISITED BY CLOUDBURST

Seven and Half Inch Rainfall Does Much Damage to Roads and Bridges

Florence, June 20.—Nearly seven and one-half inches of rain has fallen on Florence and vicinity in the 24-hour period, commencing with the heavy shower of late Sunday afternoon and concluding with the torrent of last night. The seriousness of the present precipitation is reflected more forcefully when one recalls that this is nearly one-half the rainfall which brought on the terrible floods of 1916 in this section and other parts of the southern states.

H. K. Gilbert, official weather reporter for the government in this section, states that the rain of last night precipitated 4 1-16 inches of water in barely two hours. The shower of Sunday afternoon was 3 1-4 inches. The two rainfalls total 7 5-16 inches of water.

S. R. Phillips, supervisor, today issued a warning to all persons using the Florence-Timmonsville concrete road and many of the bridges of the county. The floods of water last night undermined the fills under the roadway six to eight feet in some places. The concrete is liable to give way under the weight of an automobile, or other heavy vehicle, with such much of the support gone. Guard rails, in the way of planks, have been laid along the dangerous places. The supervisor cautions drivers to proceed slowly over all fills and bridge approaches on all roads, observing carefully all signs of danger or warning.

The torrent and lightning of last night brought troubles galore to the Southern Bell Telephone company. At 10 o'clock this morning, the office had been able to count at least 200 telephones out of commission. This is between 14 and 15 per cent. of the total number of telephones in service in Florence, including offices which have two or more, sometimes eight or ten, telephones.

Early today, J. L. Duffell, Jr., local manager, made special request for an emergency crew of "trouble shooters" to be sent to Florence "at once, if not sooner."

He knew trouble was coming, and took prompt steps to meet the complaints. He has not been disappointed in one slight detail of his expectations—speaking of trouble. The special crew of repairmen is expected in the city during the afternoon and will be put immediately to work.

"Under the circumstances, we shall have to plead with the public to be just as patient as possible," Mr. Duffell said today. "The office is recording every complaint as it is received and our 'trouble men' will be kept at the job day and night till the situation is cleared up. We will spare no effort to reach every complaint at the earliest possible moment."

"Probably three or four days will be required to get every station back into service. They will make a check of every telephone in the city as soon as the repairs are near enough finished for us to have to hunt for trouble—of which there is no shortage just now."

Three hundred and fifty people were present when the supper started, during which delightful music was furnished by an orchestra, interspersed with singing between each course in which the entire gathering joined. The words of the songs which were compiled by Mrs. D. D. Moise to the tune of several old favorites were most appropriate for the occasion and made a decided hit, several of them being repeated. Mr. Davis Moise acted as toastmaster. As soon as supper was finished Mr. Perry Moses, president of the company, arose and addressed a short talk to the agents, followed by other members who entertained with humorous stories and witty remarks which were greatly enjoyed. One of the speakers, Mr. Hennessy, who attended the convention with two other members from Mississippi, was especially enjoyable, as were Sen. Boswell Butler of Greenville, Mr. Case, national president of the association, and other speakers.

Mr. Albert L. Moise, a former resident of Sumter, now residing in Philadelphia, made the trip to attend the convention and was another whose humorous jokes and stories were received with hearty applause. Among other town guests were Hon. John J. McMillan, insurance commissioner of South Carolina and W. C. Wright of Columbia.

The dining room was prettily decorated with flowers and a novelty souvenir in the shape of a fire cracker which was loaded was found at each place.

The agents left Thursday morning for Polly Beach and Sullivan's Island where they will remain today and tomorrow.

Washington, June 22.—Senator Glass was called a "liar" today in the senate by Senator Hefflin, after the Virginia member had declared that a statement made by the Alabama member was false. Senators were called to order by Senator Watson of Georgia, and under the rules each was required to take his seat.

Cincinnati, June 22.—The American Federation of Labor convention today adopted a program centering around the four proposed constitutional amendments, a repeal of the Sherman anti-trust law, and other legislation as a means of curbing the courts on a course of decisions adverse to labor.

Chicago, June 21.—Babe Ruth's argument with the umpire before the New York-Cleveland game yesterday will keep him out of the game an additional two days. President Ban Johnson announced today. The suspension is without pay, Johnson said, thus costing Babe \$1,500.

London, June 22.—Field Marshal Sir Henry Hughes Wilson was shot and killed outside his house, at Eton Square, London, this afternoon.

The field marshal had delivered a speech at the Liverpool street station this morning in connection with the unveiling of the war memorial, and apparently had just returned home. A few months ago he accepted the appointment as military advisor to the Ulster government. A Central News account says that Wilson was stepping from his automobile when two men suddenly appeared and opened fire. He was struck by three shots and died almost instantly. The assassins then turned their guns on the policemen, wounding two of them. Two of the assassins were arrested.

Gaffney, June 20.—Officers Scruggs and Allison, acting on information which they had received, visited the home of Z. V. Upchurch yesterday and seized one and one-half gallons of whiskey near the house, and found a distilling outfit hidden in a thicket about 100 yards from the house and had been made nearby. They also destroyed a quantity of beer which was ready for distilling. Upchurch was arrested and brought to Gaffney, where he was required to enter into a bond in the sum of \$750 for his appearance at the next term of the court of general sessions which will convene in Gaffney July 10.

The officers also found in the same neighborhood two other distilleries which they destroyed, one of them being near the house of Alfred Davis. These captures were made near the Ninety-nine islands in Broad river, where it is said that whiskey has been made for some time.

London, June 22.—The government was defeated on the financial amendment to the national health insurance bill in the grand committee of the house of commons today. The committee immediately adjourned in order that the government might consider its position. Government was defeated in Lords yesterday on the question of the Palestine mandate. The defeat is considered unlikely to lead to a modification of the government's policy.

DRIVE AGAINST THE NAVY

Dial Objects to Hurdle Action on Resolution Calling For Investigation

Washington, June 19.—Senator McCormick, of Illinois, who is making a drive generally against naval appropriations these days, today offered a concurrent resolution for the appointment of a committee of six to be named in equal numbers from the House and Senate naval committees by the respective chairmen to investigate and report on the efficiency and economy of the administration of the navy, including bases, yards and stations.

The Illinois senator asked for immediate consideration and passage of his resolution, but Senator Dial, of South Carolina, was on the job and objected to reading the proposition through.

Senator Dial's objections forced the resolution to take the usual course and go to the committee on naval affairs for consideration and recommendation. The South Carolinian has no objection to the resolution if the procedure is fair and deliberate, but he is on guard against any move indicating snap judgment.

Argument With Umpire Cost Ruth \$1,500

Chicago, June 21.—Babe Ruth's argument with the umpire before the New York-Cleveland game yesterday will keep him out of the game an additional two days. President Ban Johnson announced today. The suspension is without pay, Johnson said, thus costing Babe \$1,500.

BANQUET ENDS CONVENTION OF AGENCIES

Big Time is Enjoyed by Visitors During Palmetto Fire Insurance's Annual Convention

The sixth annual convention of the Palmetto Fire Insurance company ended Wednesday night after a perfect day with a banquet at the Claremont hotel. The occasion was a brilliant success from all standpoints and the guests made merry with song and story until after midnight. Several states were represented among the visitors who gathered around the large U-shaped table for the annual meeting of agency men at the Claremont, the object of which is more to bring the members of this big family together in the promotion of good fellowship and entertainment, a social gathering rather than a business meeting.

Fully a hundred and fifty people were present when the supper started, during which delightful music was furnished by an orchestra, interspersed with singing between each course in which the entire gathering joined. The words of the songs which were compiled by Mrs. D. D. Moise to the tune of several old favorites were most appropriate for the occasion and made a decided hit, several of them being repeated. ENTIRE AUTO PARTY KILLED BY TRAIN

Six Tourists Meet Death Near Macon When Passenger Train Crashes into Auto

Macon, Ga., June 20.—Six tourists riding in an automobile from Fort Lauderdale, Fla., to Nicholasville, Ky., were killed at 4 o'clock this afternoon when a Central of Georgia passenger train crashed into the vehicle at the crossing at Loraine, 12 miles from this city. Mrs. Levonia Cox, the only one in the party who was not instantly killed, told officers just before she died that her husband is Howard Cox, whom she said was a prisoner in Moundsville, W. Va. The others have not been identified.

Letters in the possession of the victims were addressed to Mrs. Cox, Miss Levonia Taylor, L. A. Taylor and J. P. Taylor.

N. A. Powers, Jr., who operates a little store at the scene of the accident and who was the first to reach the wrecked automobile, says Mrs. Levonia Cox gave him the following names of the victims, all being from Nicholasville, Ky.

The dead: J. P. Taylor, Mrs. J. P. Taylor, Mrs. Howard Cox, infant daughter of Mrs. Cox, a son of J. P. Taylor and an unidentified body of a man believed to be a member of the Taylor family. Mrs. Cox said before she died that she was the daughter of J. P. and Mrs. Taylor.

There were three men in the party, two women and a little baby girl. They were driving northward and the train, which was behind time, was running at high speed, southward from Atlanta.

VETERANS RE-ELECT GEN. CARR

Today Ends Richmond Meeting. The Next Reunion To Be Held at New Orleans

Richmond, June 21.—The reelection of Gen. Julian S. Carr, of Durham, N. C., as commander-in-chief and the selection of New Orleans as the reunion city in April, 1923, featured the closing session here today of the 32nd annual reunion of the United Confederate Veterans.

General Carr's election followed a hot debate resulting from the nomination of Gen. J. A. Thomas of Georgia, by A. J. Twigg of Augusta. As soon as General Thomas was nominated, Gen. W. M. Wroten of Mississippi announced that the entire Mississippi delegation supported General Thomas.

A member of the Mississippi delegation jumped to his feet and exclaimed that this was untrue, that the delegation favored General Carr. An argument between the dissenter and General Wroten ensued in which heated words were indulged in.

When order from the confusion had been restored, General Thomas withdrew his name in the interest of harmony and good feeling, whereupon General Carr was elected by acclamation.

Other officers named were: Gen. J. A. Thomas, commander of the Army of Tennessee; Lieut. Gen. C. D. Howry, Washington, D. C., commander of the Army of Northern Virginia; Lieut. Gen. E. W. Kirkpatrick of Texas, commander of the trans-Mississippi department.

Staff officers and other officials of the veteran organization will be appointed by the commanders at a later date, it was announced.

At the closing session of the Sons of Confederate Veterans late today, W. McDonald Lee of Irvington, Va., was elected commander-in-chief. He was named without opposition.

At the veterans' session late today a resolution was adopted calling upon the wealthy members of the United Confederate Veterans to lend \$30,000 without interest to the association which is erecting a monument to Jefferson Davis at Fairview, Ky. The resolution followed a plea by Col. W. D. Halderman of Louisville, Ky., who earlier in the day had been prominently mentioned as a candidate for commander-in-chief. Colonel Halderman, however, in a caucus with friends, declined to enter the race, declaring that he preferred giving his entire time to the completion of the Davis monument.

The adoption of a resolution calling on congress to amend the law creating the Arlington "Hall of Fame" so that Confederate generals can be represented therein, and the unanimous indorsement of a report from the historical committee recommending that a history, written by Col. Hugher W. Jackson of Curryville, Ga., in which according to the report, is stated that Abraham Lincoln "deliberately and personally conceived" the war between the states be used in the schools of the south, featured the morning session. The report then stated that Mississippi, Texas, the Carolinas and Louisiana are "now using hisories fair to the south."

"It is gratifying to know," the report stated, "that this sentiment is sweeping over the south and the various adopting boards seem determined to allow in their schools only such histories which fairly teach the magnificent history of the southern states."

The report which was submitted by C. M. Walker, chairman, concludes by saying that "the young children of the south will now be taught that the south was right, eternally and everlastingly right, in fighting for principles upon which our glorious country was founded."

At noon the veterans paused in their deliberations long enough to hold a memorial service in honor of the young men who fell in battle during the world war.

At a meeting of the Confederate Southern Memorial association, a resolution was adopted, declaring that "with the work of each separate and distinct and clearly fixed, there will be no rivalry or antagonism between this organization and the United Daughters of the Confederacy."

Tomorrow is the closing day of the reunion. The program will include a great parade, in which veterans of three wars will participate, laying of the corner stone of the Matthew Fontaine Maury monument on Monument avenue and boulevard here, and a grand ball at night to conclude the reunion.

Election by acclamation of Col. W. McDonald Lee of Irvington and Richmond, Va., as commander-in-chief of the Sons of Confederate Veterans and reelection of department commander and historian-in-chief closed the 29th annual reunion of the Sons here tonight.

Officers reelected were: Commander Army Northern Virginia department, Dr. W. C. Galloway of Wilmington, N. C.; commander Army Tennessee department, D. S. Arbridge of Chattanooga, Tenn.; commander Army Trans-Mississippi department, J. S. Davenport of Vinita, Okla.; historian-in-chief,

MINERS ARE REPORTED AS FIGHTING

Shots Heard at Camp Today Where Over Hundred Non-union Miners Are Quarantined

Herring, June 22.—A check-up at noon today made by the Associated Press showed twenty-six known dead, and indications that the total would be over thirty in hostilities between the striking union miners and employees of strip mines, in the southern Illinois Coal Company near here. The bodies are spread over an area of fifteen miles square and some are riddled with bullets, others beaten to death. Three were hanging by ropes from trees. The strip mine has been fired and a freight train is also burning, while the miners looted several cars of food supplies.

Herrin, Ill., June 22.—Sounds of occasional shots were heard early today from the direction of a mining camp near here where striking union miners surround the camp in which approximately a hundred non-union workers are quarantined. Sounds of explosions said to be dynamite blasts were also audible.

Staff officers and other officials of the veteran organization will be appointed by the commanders at a later date, it was announced.
