

OUR CORRESPONDENTS.

Etta Jane.

Nov. 26.—Yesterday and night before last we spent in the town of Hickory Grove among our York county friends. That modest little town is one of the quietest we have been in for a long time. Its business men are fully up with the times and everything goes on smoothly.

Its most commendable feature is the manner in which its people observe the Sabbath. They are a church going people and turned out en masse to the A. R. P. Church to hear Rev. J. P. Knox preach a powerful sermon on the observance of the law. His text was Rome 7th chapter 9th verse.

In these times of mud slinging and vituperation, not only political but private circles we think that one of the Questions asked in the Westminster Confession of Faith, with its answer, might be studied with profit to ourselves. It is this: *Ques.* "What are the duties required in the ninth commandment?" *Ans.* "The duties required in the ninth commandment are, the preserving and promoting of truth between man and man, and the good of our neighbor, as well as our own; appearing and standing for the truth; and from the heart, sincerely, freely, clearly, and fully, speaking the truth, and only the truth, in matters of Judgment and Justice, and in all other things whatsoever, a charitable esteem of our neighbors; living, desiring and rejoicing in their good names; sorrowing for, and covering of their infirmities; freely acknowledging of their gifts and graces, defending their innocency; a ready receiving of a good report, and unwillingness to admit of an evil report concerning them; discouraging tale-bearers, flatterers, slanderers, love and care of our own good name, and defending it when need requireth; keeping of lawful promises; studying and practicing of whatsoever things are true, honest, lovely, and of good report."

This doesn't have much standing ground for some of us.

Rev. C. E. Robertson will preach at Salem next Sabbath, 2nd December.

A great many persons say that yellow corn won't make good bread—that it always seems to be raw. That's the fault of the cook. Give it 15 or 20 minutes longer to bake, or cook it over a slow fire and it will be all right. This is Mrs. Fox's suggestion.

Mrs. F. J. Horn, of Paeolet has been visiting friends and relatives in this section for a week.

Prior's ink (outside of good advice) is worth more and costs less than anything in the land. Advertisements in THE TIMES, Weekly Ledger, Yorkville, York and Spartanburg papers have drawn hundreds of dollars to their patrons who, without the aid of the press would never have seen a cent. And the pretty part of it is, we have as yet failed to find a single person discontented who has been drawn to the centres by this means. We suppose that if nobody would advertise all the mercantile affairs would be on an equality except when the personal popularity of the merchant drew him a good trade. But personal popularity can't prevail against prior's ink that puts goods down cheap. It is price not men these days.

Hog killing season has come and we will look for a report of the best hogs from each neighborhood. Let our farmers and their good wives see that this part of the farm work is properly encouraged. It will stop the cry of hard times sooner than anything else.

We will ask those indebted to us to pay their accounts at once, as we need money.

Jonesville.

Nov. 27th.—The weather is lovely and the health of our people is generally good. Work of every kind is well up except the collection of debts and that is badly behind.

Mr. G. B. Fowler left for Columbia yesterday to take his place on the legislature today. Mr. Fowler is in favor of retrenchment and will not stand for it. There has been a great deal said during the last few years about reform, but this writer is unable to see any reform as yet. I am heartily in favor of retrenchment and it strikes me that any South Carolinian that will read State Treasurer Bates report for the year ending October 31st 1894 will be in favor of it too.

I attended the South Carolina Conference at Laurens last week and I found out there that the people all over the State as a rule had practiced retrenchment on the preachers salary and Conference collections and yet the preachers all looked as though they had been well cared for and there was no great deal of complaint. One minister remarked that he thought they the preachers ought to share some of the hard times with the people. Laurens was full of guest, but they were all well cared for by the large-hearted citizens of the town.

A few years ago the plea of catching rabbits in guns was discovered and since then many of the mottis cotton falls have been taken in the gum and now a new way of catching them has been discovered in our community.

Mr. H. F. Floyd who lives a few miles from Jonesville has an old dry well near his house about ten feet deep which is partly covered with poles. Not long since he found two or three dead rabbits in this well and since then he has kept a close watch over the well and has taken some twenty five or thirty rabbits out of it. The rabbits either jump into the well or push one another in for food.

A good many fine hogs have been killed in this community in the last few days and there are many more yet to kill. Mr. J. F. Almon killed one that weighed over 400 pounds. Most of our people will have meat enough of their own raising to do them.

Mrs. E. T. Fowler who has been visiting her three daughters in Alabama for the last year has returned home.

Mr. Charles Littlejohn who moved from Paeolet to Atlanta not long since was in our town on a visit last week.

Mr. J. B. Littlejohn, of Asbury, was in our town last week.

Mrs. J. B. Littlejohn received a check a few days ago for \$2,000.00 from the policy in the Knights of Honor. Mr. Free died the 17th of Oct. and had only paid about \$27.00 in all upon his policy.

Marvelous Results.

From a letter written by Rev. J. Gundersen, of Dimond, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. "While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results. Trial bottles free at B. F. POSEY'S Drug Store. Regular size 50c. and \$1.00.

NEW YORK RACKET.

THE DRY GOODS, SHOE AND CLOTHING STORE OF UNION.

LITTLE more than three years ago we threw our flag to the breeze and promised you a new system of merchandise. We proposed to sell you goods for spot cash, marked at

ONE CLOSE PROFIT TO EVERYBODY.

Old merchants shook their heads and said it wouldn't work. But we have closely followed our iron-clad rule

UNDERBUY, UNDERSELL, CASH!

and to-day are in better shape to give you goods cheap than we have ever been in the past. The booms we threw in the enemy's camp earlier in our career were nothing compared to what we shall do this season.

We have had your trade in the past, and if

LOW PRICES

count for anything we propose to have it in the future. We have put old one hundred per cent. long time, completely to rout, and to day are so far in the lead with LOW PRICES, that we acknowledge no competition.

DRY GOODS, SHOES & HATS,

BECAUSE OUR PRICES ARE SO LOW.

The results we have reached would have been impossible, had we tried to sell Dry Goods and Shoes in the regular hum drum way. We don't attempt to do it.

WE HAD

AND THAT IS WHAT WE ARE DOING.

Come in and see our prices and be convinced that what we say is true.
