

First American Troops Landed at French Port

Vanguard of Pershing's Forces Arrives

HEARTY WELCOME GIVEN SOLDIERS

Crowds Greet United States Warriors Come to Help France in Fight—Will Be Moved Close to Battle Line Within Short Time

A French Seaport, June 27.—The second contingent of American troops have arrived and disembarked this morning.

The troops landed amid the frantic cheers of the people who had gathered for hours before in anticipation of a duplication of yesterday's surprise.

Enthusiasm rose to fever pitch when it was learned that the transports and convoys had successfully passed the submarine zone. The port was speedily beflagged in honor of the occasion.

All the troops now arrived were transferred today to a camp not distant from this point, where Maj. Gen. William L. Sibert is installed. Thence they probably will go soon to a point near the front. All the troops are in excellent shape, enthusiastic over the successful trip and their reception and eager for action.

Maj. Gen. Pershing, the American commander, is expected tomorrow.

The harbor is dotted with convoys. The streets are filled with soldiers in khaki and with bluejackets. Great numbers of trucks are transporting immense supplies to the camps in which the troops are concentrating.

Marines Slipped Off Without Ceremonies

New York, June 27.—So quietly did a regiment of marines included in that part of the Pershing expedition which already has landed in France slip away from the League Island navy yard, that the sailor baseball team at practice on the parade ground did not know 2,700 men under command of Col. Charles A. Doyen, were on their way to the battle front. No drums or bugles sounded and the only ceremony which attended the leave taking was a brief speech to the officers by Maj. Gen. George Barnett, commandant of the corps. The story of their quiet march from barracks was released here tonight. At 2:30 o'clock in the afternoon of the departure, the baseball players had the parade ground all to themselves and no one was in sight on the street in front of the home of the post commander. A few seconds later the head of a column of soldiers of the sea in khaki in heavy marching order swung into the brick paved street in front of the commander's house. Maj. Gen. Barnett and a little group of other officers from headquarters took up posts on the turf of the walk beside the curb.

STARS AND BARS.

The Stars and Bars chapter, Children of the Confederacy, was entertained by Miss Elizabeth Smith on Wednesday afternoon. A large United States flag floated over the piano and smaller ones were used for decoration. This was followed by a poem entitled "The Flags of Our Countries," read by Miss Cornelia Palmer.

Miss Kathleen Humphries told of the making of the first American flag, explaining the significance of the design. Then all stood and joined in singing "The Star Spangled Banner."

The directress, Mrs. J. W. Mixson, then gave short sketches of Florence Nightingale and Clara Barton and the organization of the Red Cross society.

The girls present organized an Auxiliary and will make bandages for the wounded soldiers. They will give an entertainment next Thursday evening at the Chamber of Commerce to raise funds to buy material.

The admission will be small and everybody interested is urged to be present.

MRS. RICHARD I. MANNING ADDRESSED SERVICE LEAGUE

Large Audience Gathered to Hear the First Lady of the State Discuss the Many Ways in Which Woman Can Help.

By inadvertence the account of the visit of Mrs. Richard I. Manning to Union was omitted from The Times of last week and it was with regret that we discovered this omission because Mrs. Manning's visit was quite an event. She came in the interest of the Woman's Service League and delivered an earnest address in the Edisonia theatre.

A large audience of women and a few men heard this splendid address with delight. The gracious manner and convincing logic from the speaker moved the audience profoundly and while enthusiasm already ran high in the Service League it was greatly accelerated by the visit of Mrs. Manning. She showed various ways in which the women of the country could help in this time of distress and is herself a living example of patriotic devotion. Governor and Mrs. Manning having three sons already enlisted.

Capt. and Mrs. F. M. Farr entertained Mrs. Manning during her visit here and after the address on Friday morning an elegant luncheon was served at which a number of guests were bidden.

The wedding bell suspended by a chain of daisies formed the center. Mrs. W. L. Lent, accompanied on the organ by Miss Bessie Murphy and on the violin by Mr. G. T. Kitchens, sweetly sang "Sweetest Story Ever Told."

Shortly after the strains of Lohengrin's wedding march pealed forth, the Rev. Mr. Porter took his place on the altar. Then came the ushers and the ring bearer, carrying the ring on a magnolia bud. Vast Sum Contributed in One Week—Total Will Show Several Million Over the Mark—Union County Did Her Part Well in This Movement.

The Red Cross Wednesday night announced that it had reached its goal of \$100,000,000 humanity dollars. Officials said at midnight that a tabulation of complete returns would not be available until Thursday. Telegrams from every part of the country gave definite assurances that the amount sought for war relief had been fully subscribed and every indication pointed to a surplus of several millions.

"Pershing Day" brought the campaign to a spirited close. Reports tonight from nearly 1,000 cities showed subscriptions during the past 24 hours exceeded \$18,000,000.

Speculation centered upon the returns from New York city. Red Cross workers there reported at noon \$37,000,000 of its allotted \$40,000,000, but the complete figures were confidently expected to exceed the allotment and reach possibly as high as \$45,000,000. Of this amount reported officially \$20,000,000 was contributed in cash and \$17,000,000 through dividends. It was explained that there was a possibility of a loss through some overlapping of dividends and subscriptions.

Outside of New York city the figures for the country by sections were as follows:

New England, \$8,000,000; Atlantic States, \$16,000,000; Southern States, \$4,000,000; Central States, \$22,000,000; Western States, \$10,000,000. Total, \$60,000,000.

South Carolina Gave \$367,055.

At midnight Secretary R. H. King, of the Y. M. C. A., in charge of the State crusade, stated it was impossible to give final figures for the Red Cross campaign by counties. He said practically every county which had reported up to that time stated that a later report would be made which would increase the returns. Mr. King stated that the unofficial reports so far apparently show that \$367,055.76 has been raised, with the certainty that these figures will be increased by final reports tomorrow. South Carolina's allotment was only \$300,000. Splendid reports have come from practically almost all of the counties. Mr. King said that totals for each county could probably be released Thursday night. He attributed the great success of the movement to the leadership of Governor Manning and Secretary Puckett, of the State War Work council and to the superb leadership in the different counties. "The heart of South Carolina has been touched by this appeal. The response has been quick and generous. For the War Work council at Washington I express the deepest gratitude," said Mr. King.

Union County's Part.

Union county gave \$1,250 over the allotted \$5,000. The results in the county at the various precincts being as follows:

Table with 2 columns: Precinct Name and Amount. Includes Jonesville (\$474.40), West Springs (53.80), Cross Keys (68.05), Wilburns (76.46), Sedalia (94.60), Sardis (23.20), Santuc (148.15), Lockhart Junction (28.48), Kelton (203.75), Adamsburg (50.50), Mt.
