NO MORE CURRENCY PANICS

Do you remember the shut-downs, the business depression and the lack of employment which followed the currency panic of 1907?
To prevent another currency panic the Federal Reserve Banking System keeps on hand an immense supply of currency to furnish the banks which belongs to the system of which we are one so that they may at all times meet the currency requirements of their depositors.
Doesn't it appeal to you to get its protection, without cost, by becoming one of our depositors?

JONESVILLE

Jonesville, Sept. 11.—There is talk of Jonesville having a small knitting mill to go up soon. Parties have been here investigating the prospects of getting a site or a house suitable for a small mill of about 50 machines. The people of the town will do all they can to help bring the mill to Jonesville.

It is hard for farmers to keep their hands since the United States is doing so much work at the cantonments at Spartanburg and Columbia. The farm hands are leaving their work and going where wages are so high but this work will soon be over and there will soon be a lull in such work. The time is coming when farmers can't hire any work by the day or the job, there is so much public work going on all over the country and wages are so high that it leaves the farmer out for they can't compete.

The controversy over the street near the Southern depot has taken on a new phase. The Southern railway has come in and put obstruction across the street, which may open a new controversy. I guess I had better go slow in writing of the affair as my mention of it in The Times of 27th of August is taken as unfair to one side of the contending parties but there never was a greater mistake. I have no interest in the matter, no axe to grind and no prejudice to either side.

Mrs. F. M. Ellerbe is in Charleston with her husband for a day's visit.

Miss Marie Littlejohn goes to Laurens to teach school this year and her sister, Miss Elizabeth, goes to Cowpens to teach.

I am glad to know that the fall and winter fashion of the ladies' dresses are to be longer than the present ones. I love to think of the ladies' fashions away back in my young days—the girls and young ladies were so sweet in the plain costumes, often the goods made at home. Not many young ladies' wardrobes in the country cost more than eight to ten dollars, shoes counted in, and boys in the country would not have a suit that cost more than two dollars, and every boy had to stay at home and work for his daddy until he was 21 and the girls were never free until they got married. I often think of an expression of Cole Pool in time of the late war. Cole would say, "Times are not now like they formerly have been."

Mr. Sam Vaughan, who has been outside boss at the oil mill here for several years, is going to take charge of Mrs. A. H. Foster's place three miles below Union, known as the Patsy Beaty place. Mr. James Whitlock is going to move to Charlotte in the near future.

Mr. Joe Spears is visiting her father's family. He is on duty in the U. S. service at Brownsville, Texas.

Last night and this morning the wind is quite cool and feels very much like frost was near by.

Miss Coreen Ingraham of Montgomery, Ala., is the guest of Miss Pearl Lybrand.

The States Rights Gist chapter of the Children of the Confederacy was entertained last Wednesday afternoon at the home of its president, Miss Sarah Scott. The meeting was one of unusual pleasure in that a very delightful program was carried out and for the first time in the history of the chapter, a number of Boy Scout friends were guests. It was decided to invite the young boys to become members.

Those having a part on the program were Misses Mary Black, Mary Wilkes Brown, Mary Gault and Sarah Scott.

Delightful refreshments were served late in the afternoon by the hostess, and her sisters, little Misses Josephine and Dorothy Scott.

The next meeting will be held on the first Wednesday afternoon in October at the residence of Miss Gladys Whitlock. Telephone.

KELTON

Kelton, Sept. 10.—Fodder pulling and picking cotton is the order of the day.

News is scarce. Miss Lillian Smith, who has been very sick, is improving nicely.

Mrs. Emma Harrell, who has been visiting in this community, returned to her home at Clifton today.

Mr. J. H. Foster, who has been on an extended visit to Spartanburg, returned home Sunday.

The Kelly school opened the third of September with a full corps of teachers.

Mr. and Mrs. Willie Garner, Mrs. Harrel, Mrs. W. H. Gault, Miss Mary and little Johnnie Garner and this scribe motored in Mrs. W. H. Gault's car to Union and to Miss Mary Jane Clark and her sister, Mrs. R. T. Foster, who lives with her, last Saturday. We certainly had a pleasant drive. We found Miss Clark well but Mrs. Foster was somewhat indisposed. We found these two old ladies happy in the love of God, possessing little of this world's goods, but something far better. After spending a few enjoyable hours we went to Mt. Vernon church cemetery and viewed the graves of some of Union county's most distinguished dead, the Beatties, the Sanders, the Youngs, Bates and others. Dr. Bates and Fair Bates are buried there. I was glad to visit the grave of Lieut. Fair Bates. He was my second lieutenant in the Civil war, a brave soldier and a good officer. He ruled with love and not force and his men loved and obeyed under him. He was wounded at the Battle of Traviion about the same time I was, on the 12th day of June, 1864. He and his brother, Thomas, were among the largest slave owners in Union county. Some people do not seem to under-

IRON FINE FOR BLEEDING GUMS

IF TROUBLED WITH SORE, BLEEDING GUMS, USE THIS MOUTH WASH THE DENTIST USES.

GOOD FOR CUTS AND OLD SORES

Any person troubled with sore, bleeding gum, which oftentimes are almost too sensitive to touch, will be elated after rinsing the mouth with a half-and-half solution of water and natural iron, known as "Acid Iron Mineral" which may be secured at most every drug store.

Dentists use it to stop bleeding and as a mouthwash when extracting teeth and it is perfectly harmless. It acts as a germicide and antiseptic as well as a splendid healing agent.

For cuts, this same natural iron is fine. Pouring a little on the spot stops bleeding and prevents soreness and festering. Thousands of people troubled with old sores never healing have found the solution in Acid Iron Mineral, which being a highly concentrated form of natural iron makes a superb external remedy.

Go to the nearest drug store and ask for a bottle of Acid Iron Mineral. If druggist hasn't it, send \$1 to the Ferrodine Chemical Corp., Roanoke, Va., for a large bottle.

NOTE: For piles, ulcers, sores and skin affections, the Ferrodine Chemical Corp. has perfected an ointment consisting of this highly concentrated natural iron and soothing medicinal elements, which combined makes this ointment unexcelled. Ask your druggist for a fifty cent jar of "A-I-M Ointment" or send direct.

stand where I stand in this world's war. I am for right and justice with all people. I don't believe everything I read in the papers on Germany. The truth is too bad. We should give Germany what the Lord said to render unto Caesar. Not one-tenth of our people realize the seriousness of this great war. Some think Germany will whip the entente allies with the assistance of America. Well, if she does we ought to be licked to think a 125,000 tonnage of supplies sunk a month is a big thing and it stands for every man and woman to do his part. The women will do their part, especially in the dress line, for they are economizing by cutting high and low. The president ought to fix the number of acres of land planted to cotton next year at half it was this year and the other half to food stuff, lest we find much suffering if the war lasts over another year and then make the rich bear their part. From what I see in print the reports, if true, of Columbia those patriotic people are charging our soldiers is ridiculous and a disgrace to a South Carolinian and the merchants all over the land are being raised for raising the price on their goods they had on hand. Now let us stop and reason a little. Wouldn't we have done the same thing—I had a little cotton on hand when cotton went down from 20c to 15c. I housed it and when it went back to 20c I sold part of it and kept the other until it reached 26c. Wouldn't I have been a fool if I had said I won't take but 20c and I bought some of it for less than 20c. You may take human nature from the beginning of creation down to 1917 and it is the same. We are not worshipping the sun or brazen serpents but we are money. Then if true we are idolaters. G. T. G.

Hot Weather Notice

Good news for the thirsty! Here's a beverage that not only will taste good while you are drinking it, but that will leave the mouth tasting as fresh as a May morning. One, too, that has that very desirable quality of having no heating after-effects.

As a between-meals drink it has the happy faculty of always reaching that dry spot that needs irrigation. With meals, it is an ideal beverage. Not only does its flavor make it go perfectly with food, but its tang adds zest to your enjoyment of a meal—hot or cold.

Serve Bevo cold—right off the ice—luke-warm Bevo is not palatable.

It Is Not a Compound

Haven't you often wished for a beverage that would SURE ENOUGH quench your thirst. You have it now—

Reif's SPECIAL

It is not a sweetish soda drink—it's a cooling, refreshing beverage, which retains all the snappy flavor of the hops, but without the alcohol. You can never know how good it is until you try it. Order by the bottle or case wherever soft drinks are sold.

One Pair of Eyes to a ...Lifetime...

Are you abusing and neglecting yours? If, so, you will pay the price later. More than two-thirds of all headaches arise from eye-strain. Dim vision, aching, burning eyes that soon tire, granulated lids and many other ills are due to some form of eye strain. In such cases there is but one remedy and that is an unfailling one—properly fitted glasses.

SCHOOL CHILDREN should have their eyes carefully examined before being taxed by study and if necessary, fitted with glasses.

An examination will cost you nothing, and if there is no need for glasses I will tell you so. My prices for glasses are very reasonable and I stand back of every pair with an absolute guarantee of satisfaction.
