JONESVILLE

Jonesville, Sept. 17 .- A colored boy named Ben Bird was killed at a cane mille near Jonesville last Saturday morning. The young fellow was feeding the mill and he raised himself up and was looking over the mill to see whether the tub at the spout was full of juice and he raised himself too high and was caught by the sweek over the top of the mill and his head was mashed and he died in a few minutes. Three years ago when the war broke out in Europe our country was much confused about labor. Many of the laboring class were thrown out of work and it looked like starvation for many of them. Wages were very low and but little employment for the laboring class, but how different now. The war has brought employment to all classes of laborers and at high wages. At the government camp any man either white or black can get ready work and from \$3.30 to \$5.00 per day. CONSTIPATION IS A PENALTY OF AGE

Nothing is so essential to health in advancing age as free-dom and normal activity of the bowels. It makes one feel younger and fresher, and fore-stalls colds, piles, fevers, and other dependent ills.

Cathartics and purgatives are violent and drastic in action and should be avoided. A mild, effective laxative, recommended by fective laxative, recommended by physicians and thousands who have used it, is far preferable. A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga .- Mrs. Chas. Gaston, of this place, writes: "I am a user of Thedford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed." Thedford's Black-Draught has been

in use for many years in the treat-ment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagree-

able symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious

trouble may result.
Thedford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Thed-ford's. the original and genuine. E 79
