

How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight?

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered. Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no perma-

nent good, for they cannot possibly reach these germs which infest your blood by the millions. S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D Atlanta, Ga.

Every pound goes much farther

A POUND of old style hulls contains about 3/4 pound of real roughage and about 1/4 pound of lint. After being eaten, the old style

hulls swell to twice the weight, or 1 1/2 pounds. A pound of

BUCKEYE HULLS

TRADE MARK
COTTONSEED
LINTLESS

also doubles after being eaten but as they are 100 per cent roughage, the original pound becomes 2 pounds—not 1 1/2 pounds.

Therefore, a pound of Buckeye Hulls goes a third again as far as a pound of old style hulls. In other words, you only have to feed 3/4 pound of Buckeye Hulls to give the same food value as a full pound of old style hulls.

Other Advantages

Buckeye Hulls cost much less per ton than old style hulls. Buckeye Hulls allow better assimilation of other food. No trash or dust. Sacked—easy to handle. They mix well with other forage. They take less space in the barn.

Mr. Ben Faulk, Dothan, Ala.,

prefers Buckeye Hulls to old style hulls because cows like them as well, they are cheaper, they agree with the cows, and they go farther, one sack lasting as long as two sacks of the old style.

To secure the best results and to develop the ensilage odor, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

Book of Mixed Feeds Free

Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send for your copy to the nearest mill.

A NEW HISTORY OF OUR STATE.

A history of South Carolina, which has for its basis William Gilmore Simms' historical work of 1860, has just been issued by this author's granddaughter, Mrs. Mary Simms Oliphant.

The new text book is divided into seven parts and each part is subdivided into chapters comprised of headed paragraphs. These paragraphs are also numbered, making the book especially adapted to school use, for which purpose it was primarily written.

Dating from the earliest settlement of emigrants in this State, the first six parts culminate in momentous changes in South Carolina, while the last part gives important events of the recent past. The Reconstruction period is covered exceeding well.

Mrs. Oliphant has enlarged and revised the original text, she states, in accord with views recently accepted and has been assisted in this work by the leading historians of the State. As a result this history of South Carolina is comprehensive, accurate and interesting alike to child and adult. Mrs. Oliphant has performed her work in a most excellent manner and in her treatment of the subject displayed a literary and historical ability which are creditable.

The Times and Democrat is glad to recommend to its older readers, as well as the school children, a generous reception to this new book. It will prove instructing to most of the inhabitants of South Carolina and give them a first class account of their own land, as a colony and as a State.—Times and Democrat.

DESTROYED ORCHARDS WITH INSECTICIDE

Meridian, Miss., Sept. 17.—In France when the Germans retreated they cut down fruit trees. In Mississippi, it is charged, German sympathizers have found an easier means of blasting the fruit producers. Two men were arrested near here charged with selling to fruit-growers and farmers insecticide, which, when applied to the trees, killed them. One orchard of 500 peach trees is a total loss. One of 400 trees, three of 200 and two or 500 trees have been gaily damaged. The farmers believe German sympathizers are responsible.

CITATION TO KINDRED AND CREDITORS

State of South Carolina, County of Union.

By Hon. W. W. Johnson, Judge of Probate.

Whereas, R. L. McNally has made suit to me to grant him Letters of Administration on the Estate and effects of C. M. Davidson, deceased.

These are, therefore, to cite and admonish all and singular the kindred and creditors of the said C. M. Davidson, deceased, that they be and appear, before me, in the Court of Probate, to be held at Union C. H., South Carolina, on the 3rd day of October, next, after publication hereof, at 11 o'clock in the forenoon, to show cause, if any they have, why the said Administration should not be granted. Given under my hand and seal this 17th day of Sept., Anno Domini, 1917.

W. W. JOHNSON, Probate Judge.

"DID MORE GOOD THAN ANY OTHER TRIED"

Mrs. Nancy Barrett, of Anderson, Tells Her Gratitude.

THANKFUL FOR HELP

Mrs. Nancy Barrett, of 113 Highland Ave., Anderson, on May 24th gave the following statement: "I took Tanlac for a general breakdown. My back hurt me terribly all the time and I had stomach trouble badly. I had no appetite and never ate anything much.

"The Tanlac did me more good than any other medicine I ever took. It gave me a good appetite and soon I was feeling hungry almost all day long. The medicine soon relieved the backache; made me strong and regulated my whole system. I am glad to recommend it, for it is such a fine medicine."

FEAR ATTEMPT TO POISON WATER SUPPLY OF CAMP

Spartanburg, Sept. 17.—Fears that attempts will be made to poison the water supply for Camp Wadsworth were expressed tonight. On three nights in the last week men were seen prowling in swamps about the pumping station. The strangers fled when guards threatened to fire. They fled through the swamps.

"The chief danger is that poison might be introduced into the sluices through which water reaches the pump," Chief Engineer Hinchey said tonight. "When the first nocturnal visits were reported we feared attempts to dynamite the machinery which could not be replaced for weeks. Investigation disclosed that poison atrocities might be expected."

"Today we placed electric light clusters at every available point. Deadly chemicals would not be stopped by our filters. They would accompany the water direct to the mess kitchens in camp."

It is said that Major General O'Ryan will be asked to send troops to guard the water supply.

A grand opera prima donna was given a great deal of publicity because of an ingrowing toe nail. No press agent would sink so low as to wish an ingrowing toe nail on a prima donna.

LEMON JUICE IS FRECKLE REMOVER

Girls! Make This Cheap Beauty Lotion to Clear and Whiten Your Skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

BRITISH LOANS ON SOUTHERN FARMS

Washington, Sept. 17.—Southern senators and congressmen today held a conference here with Secretary McAdoo regarding the probable foreclosure of millions of dollars in loans on Southern farms by British financial interests under order of the British government. The interests loaning this money do not care to call it in, but the British government needing the funds for war purposes recently issued an order to collect the money as soon as possible. The amount said to be loaned in the South at this time approximates \$1,000,000,000. Assurance was given those who saw Secretary McAdoo today that the loans would either be taken over by the federal farm loan banks in the different States or that negotiations would be carried on with the British government whereby no harm would come to those under British mortgage.

Magnolia Balm LIQUID FACE POWDER.

The beauty secret of women who know how to take care of the complexion. Cannot be detected. Heals Sunburn, stops Tan. Soothing, cooling, refreshing.

Sample (either color) for 2c. Stamp. Lyon Mfg. Co., 40 South Fifth St., Brooklyn, N. Y.

Nicholas was possibly glad of an opportunity to shovel snow in an amateur way in Russia instead of taking it up as a regular occupation in Siberia.

Whenever You Need a General Tonic Take Grove's.

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60 cents.

Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 30c.

The Human Factors In Good Service

There are three parties to every telephone conversation—the party calling, the trained operator, and the party who answers. All three share alike the responsibility for quick and accurate telephone service.

The calling party should give the correct number in a distinct voice, speaking directly into the transmitter, and wait at the telephone until the party answers or the operator reports. The called party should answer promptly.

Patience on the part of the telephone user and the telephone operator is also essential to good service.

When you Telephone—Smile

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 30c.

Remember what Jonah said to the whale: "You can't keep a good man down."
