

THIS IS THE *International* MOTOR TRUCK

Built to Give Service

Here are some of the reasons why International Motor Trucks give the service owners want and appreciate:

The motor, transmission, front and rear axles—all important units—are built complete in the big International Motor Truck plant.

Materials, design and construction are the best that money and brains can produce.

Ninety direct Company branches are ready to serve International Motor Truck owners.

International Motor Trucks are backed by a seventy-million-dollar corporation—think what that means to owners.

Motor trucks are purchased largely on the reputation of trucks already in use. No motor truck enjoys a better reputation among its users than the International.

International Harvester Company of America

We sell International Motor Trucks in two sizes—Model H of 1,500 pounds capacity and Model F of 2,000 pounds capacity. We can supply any kind of a body your business requires. We give our customers the kind of service a motor truck owner appreciates. Come in and let us show you the International Motor Truck. Telephone or write, and we will come to you.

LETTER RECEIVED FROM A FORMER UNION MAN

The Times' editor recently received a letter from Rev. W. E. G. Humphries, now living at Nespelem, Wash., but for several years residing at Flandreau, S. D. Mr. Humphries is in the service of the government, Department of the Interior, United States Indian Service, and has this year 50 schools under his supervision as supervising superintendent and 30 schools under his jurisdiction as day school inspector. In concluding his letter, Mr. Humphries writes as follows:

"My work takes me over a large territory of very interesting country—including schools in Idaho and many scattered over almost the entire State of Washington.

"The climate is excellent, scenery picturesque and sublime. Winters are just a little too long to suit one that was born and reared in South. Last year, or winter, snow was on the ground for about six months and most of this time so deep that it was very difficult to travel. This was true with reference to northeastern part of the State, but on the western part of the State very little snow fell and that which fell did not stay on the ground very long.

"It has been very dry here all summer, and crops are not as good as usual. However, at the Colville Agency we have irrigation and our gardens are hard to beat. I have had abundance of vegetables for the last three or four months, and will have about 25 or 30 sacks of potatoes to put away for winter use, besides abundance of carrots, parsnips, beets, cabbage and quite a quantity of dried vegetables, such as beans, carrots, cabbage, parsnip, etc. In addition to this my family have canned a great many vegetables and fruits, and will can a great deal more. I have tried to do my part along this line during the odd moments of my time. All food in this part of the world is very high and it behooves one to conserve all he can."

JAPAN STANDS WITH ALLIES

In the War From High Purposes—Her Treaties Not Mere Scraps of Paper.

Boston, Sept. 18.—Japan is in this war on the side of America and the allies "to win with you, to cooperate, to coordinate, to contribute," Viscount Ishii declared tonight at a banquet given at the Copley Plaza in honor of the Japanese mission of which he is the leader.

"We do not enter into treaties to tear them up and scatter them to the winds," he continued earnestly. "Our treaties are not mere scraps of paper. We have helped to free the Pacific from the ships and the influence of the nation which has thrown off its thin covering of decency and now stands revealed in all the horrid nakedness of the savage.

The enthusiasm displayed when a great crowd greeted the mission on its arrival today in a pouring rain from Newport, R. I., reached its climax tonight, when Viscount Ishii spoke of Japan's faithfulness to its treaties and to its friendships.

In both addresses the viscount gave today—the one at the banquet in response to warm expressions of goodwill by Lieut. Gov. Calvin Coolidge, Mayor Curley and others, and the one at the convention to revise the State constitution—he dwelt upon the ties that bind America, and particularly New England, to Japan.

RESOLUTIONS OF SYMPATHY.

Whereas, it has pleased the Almighty to remove from our midst by death our esteemed friend and co-laborer, Sovereign Ben Mitchell, who had for many years occupied a prominent rank maintaining under all circumstances a reputation above reproach, therefore be it resolved, That in the death of Sov. Mitchell we have sustained the loss of a friend whose fellowship it was an honor and a pleasure to enjoy. That we bear willing testimony to his many virtues. That a copy of these resolutions, properly engrossed, be presented to the family and attached to our permanent record as a token of our esteem.

If the man who works by day and cultivates his back-yard garden by night can't feed his family the legislature may kindly order a day of, say 48 hours, to help him out.

Buick Model E-Four-35

The 1918 four-cylinder models are very attractive with their new streamline bodies and sloping windshields. They are Buick-built in every respect and are equipped with Valve-in-Head motors that give plenty of power for all kinds of service. These cars are noted for their economy in gasoline consumption and tire mileage and are excellent for those who want medium sized motor cars

TEACHERS' EXAMINATION.

The regular fall teachers' examination for white and colored teachers will be held Saturday, October 6, at 9 o'clock in the morning. The place of examination will be at the courthouse. All applicants who desire to take this examination must be at least 18 years of age and of good moral character. Jas. H. Hope, Supt. Ed. Union Co.

Hungary is threatened with the loss of all newspapers on account of lack of paper. This will be the last, worst isolation of all, for even with rigid censorship they still know something now of what is going on in the world. It is not a man's war exclusively. Every woman or girl who does not fritter away her time in indolence and self-indulgence has a part to play, and she must rise to the occasion.

KNITTING ON THE TRAIN.

Time spent in traveling may be utilized just as effectively as that spent in Red Cross workrooms. So one of the Denver members proved recently on a trip from Denver to the coast. Finding herself in an unaccustomed state of idleness, and noticing several other women in the car also idle, she got off at one of the stations, made a quick purchase of yarn and knitting needles and, returning to the train, proceeded to enlist volunteers. Practically every woman in the Pullman was glad of the opportunity to do worth-while work, and by the time the train arrived at San Diego there were a number of new knitted articles ready to turn over to the Red Cross.

\$100 FOR FIRST U. S. PRISONER.

British Headquarters in France and Belgium, Sept. 15.—The German general commanding the Eleventh Reserve Division recently put a price of 400 marks (\$100) on the first American soldier brought dead or alive into his lines.

The German chancellor denies with emphasis that Germany had anything to do with Russia's revolution. This is one statement he will find the world quite willing to believe.
