

NEW HOPE

New Hope, Oct. 9.—After our few days of pretty Indian summer weather this morning has brought us a cold rain. Have had fine weather for picking cotton and it is opening fast and guess most of it will be gathered this month.

Our regular services were held at New Hope Sunday morning with our presiding elder with us, and he delivered an excellent sermon. The "Come-to-Sunday-School Day", Nov. 4th, was explained and this message is from our governor for all the people to turn out in a mass on that day, and we hope all Sunday schools will have a large attendance.

Saturday, Oct. 13, will be "Work Day" for the Epworth orphanage, and we are requested to give our day's work. We hope everybody will do their part in this good work, for there are many dependent on our gifts for their support.

Mr. and Mrs. Johnnie Gallman of Bethlehem community visited at home of Mr. and Mrs. J. B. Bishop Sunday.

The community meeting met at the home of Mr. and Mrs. T. J. Bishop Friday afternoon. Mr. Bishop cut some fine watermelons, which was enjoyed by everyone.

Rev. F. C. Felmet of Converse visited at the home of Mr. and Mrs. J. S. Carter Saturday.

Mr. and Mrs. James Whitlock have moved to the home of their parents, Mr. and Mrs. B. W. Whitlock. At this writing Mr. James Whitlock is very sick with malarial fever.

Mr. George Davis, also of our community, is sick with fever.

The missionary meeting will meet at the home of Mrs. T. J. Bishop Sunday, Oct. 14th. All members are requested to be present. Ver0.

Statistics show that insanity in Great Britain has diminished rapidly in the last three years. No doubt many who were crazy for war have been cured.

Jobson System Being Brought To This County

Prominent Firms And Citizens Are Interested In Method To Increase Food Crop—Local Dealers Praised By Atlanta Official.

One of the most important announcements we've had the good luck to make to the farmers of this county in a good many years is just this: the Jobson System of common sense farming is coming to this county—and coming to stay. What this means in the way of a crop increase next year will be perfectly plain even before the next crop is gathered, for good healthy corn and oats and grass don't wait till the harvest to let you know when it's been treated right.

Too much can't be said for this system and John B. Jobson's remarkable plow which has already done so much for other sections of the South. To sum it up briefly, this plow cheapens the process of deep tilling and places the benefits of the most improved methods within the reach of the "one hoss" farmer as well as the big planter.

Realizing this, a number of the best and most progressive merchants in our county have gone into the work of securing these plows and giving out information about the Jobson methods. These gentlemen are well known and their interest in bringing this benefit to the communities they serve will be appreciated by every man, woman and child who realizes just what this thing is going to mean to us.

Referring to our local agencies, Maj. Jno. W. Norwood, manager of the Atlanta office of the Jobson Plow Co., said, a few days ago:

"These men are a credit to this section. They're the only kind of agents we appoint, because we must have men with broad ideas of service. Officials and members of Boards of Trade in other sections are becoming enthusiastic over the Jobson System and are helping to spread it among their people, and you have here just as patriotic men and women as may be found on the face of the earth."

"Selling a few plows is not the big idea about our work," he continued. "The big idea is that of bringing the gospel of deep plowing and simpler and better paying methods to the great mass of farmers who have not been able to see its practicability and have not had the means to purchase expensive outfits. We and these dealers in your county are 'doing out bit' and we're going to do a big thing right here in the matter of crop increase."

Among other things, the Jobson agents mentioned below are giving out free to all who call for them copies of the little booklet entitled "The Common Sense of Deep Plowing and Big Profits on the Farm." This contains full particulars of the famous Jobson System and has more good, hard common sense about plowing in it than anything that's been published since the Civil War.

The State Commissioner of Agriculture, Hon. James D. Price, of Georgia, said this about the book: "I wish every farmer in Georgia would get a copy and read it." It has also been commended by as high authority as Hon. F. J. Merriam, editor of the Southern Ruralist, and writer for at least a million Southern farmers.

These agencies also give out copies of the new farm paper published by the System. They can be had freely for the asking, but none will be given away to those who do not ask.

Following are Jobson System agents in this county to whom the Atlanta official was referring, and who are glad to serve the people with full and complete information:

Farr & Thomson, of Union;
B. G. Wilburn & Son, of Cross Keys;
Jonesville Hdwe. Co., of Jonesville;
Kelton Mercantile Co., of Kelton.

For the county of Sparta, there are actually 21 Jobson agencies, and it is understood that there are many other firms in Union county who have applied and will not doubt be enrolled.

Most Old People Are Constipated

The wear of years impairs the action of the bowels. As people grow older they restrict their activity, neglect to take sufficient exercise, and indulge a natural disposition to take things easy. The digestive organs become more sensitive to the demands made upon them and rebel more quickly.

It is of special importance to the health of elderly people that the bowels be kept normally active. A mild, yet effective, remedy for constipation, and one that is especially suited to the needs of old folks, women and children, is the combination of simple laxative herbs with pepsin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle, and should be in every family medicine chest. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

SEA RAIDER CAPTURED?

London, Oct. 8.—An exchange telegraph dispatch from Melbourne says it is reported there that a whale boat with a crew of Germans from the raider Seeadler has been captured in the vicinity of the Fiji islands. The boat contained a gun and machine guns, the dispatch says, and the Germans admitted they had been detailed from the Seeadler to make raids.

The presence of two German sea raiders in the South Pacific was made known in dispatches from Samoa to the navy department last week. Both vessels were said to have been manned by the crew of the Seeadler. Several merchantmen are reported to have been sunk. The Seeadler was active in the South Atlantic last spring, sinking 11 merchantmen there.

STATEMENT

Of the Ownership, Management, Circulation, Etc., of The Union Times, a Newspaper Published at Union, S. C.

Publisher, Lewis M. Rice; owner, The Union Times Company.

The owners owning 1% or more of the stock are:

- Lewis M. Rice, Union, S. C.
- C. B. Counts, Union, S. C.
- Minnie L. Rice, Union, S. C.
- Jno. R. Mathis, Union, S. C.

The opportunities to volunteer are still so good that no young man need feel the necessity of hastily getting married to avoid the humiliation of the draft.

TAKE "CASCARETS" IF HEADACHY, BILIOUS AND CONSTIPATED

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

The old-time method of hauling Virginia tobacco to market.

For cigarettes, Virginia-Carolina tobacco is the best

The cigarette the sunny South is proud of

Virginia-Carolina is the birthplace of cigarettes. The charm and sunshine of the South's in golden Virginia-Carolina tobacco. And Virginia-Carolina tobacco is "all the go"—it has that "dash" and "sparkle" to its taste that makes a cigarette a cigarette.

Loquet & Myers Tobacco Co.

Piedmont

The Cigarette of Quality

NOTE: Cigarettes made of foreign tobacco pay 35c a pound Import Duty. Virginia-Carolina tobacco pays no Import Duty. Isn't it clear why Piedmont can give you better quality tobacco? Piedmont is the biggest-selling Virginia-Carolina cigarette in the world.

5c and 10c a package

WACO TONIC

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make This Beauty Lotion for a Few Cents and See for Yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

There should be no difficulty in distinguishing a female spy code by the secret postscript.
