

# DELCO-LIGHT

Electricity For Every Farm

At last a complete electric plant that is so simple, reliable and economical, that electric light and power are now available anywhere and for any purpose.

Now you may have the comfort and convenience of electric light in your home and out-buildings—brilliant, cool, safe.

Delco-Light will do most of your chores because it provides power for the smaller machines.

Let us show you how it will pay for itself in time and labor saved.

## Battle Imminent Between French and German Ships.

(By Associated Press)

Koritz, Albania, October 30.—Staff Correspondence of The Associated Press)—A naval battle between French and German warships is imminent, which when it occurs, will not be recorded in any official communiqué though it will be in a way, one of the most unique naval engagements of the war.

Lake Ochrida is a large body of fresh water lying a few miles north of here, at the point where Albania, Serbia and Macedonia touch. It is 40 miles long and 20 miles across, with towering mountains running around it. The north end of the lake is held by the Germans, and the south end by the Entente Allies. It has been the scene of the latest hard fighting, when the Entente troops made a forward drive of thirty miles from Pagroda, at the south end, to Padahoja far up toward the north end.

With the Germans holding the north end of the lake, they did not confine their operations to the land. A miniature flotilla soon made its appearance with oil-burning launches about 15 feet long, each mounting one gun forward. This mosquito fleet soon became a real menace, for it darted to the south end of the lake, at night and bombed the small villages along the south shore, held by the French, Russians and Serbs. The headquarters of General Tarnhoff, of the Russian division operating with General Sarraill, was in one of these villages.

The French soon too steps to counteract this menace. A small steel craft, thirty feet long, was brought overland from the French fleet at Salonika. This mounted two guns, one forward and one aft. With it came a commander and a crew of French sailors. This was soon followed by a second 30-foot boat mounting two guns, with its equipment of officers and crew.

Thus two miniature fleets find themselves face to face on Lake Ochrida, with a battle not far off. The French have the advantage if larger ships carrying more guns, but the Germans have the advantage in number of crafts. Their flotilla consists of six or seven 15-foot boats mounting one gun each.

It seemed strange as we went along a mountain road today to see the uniforms of French officers and sailors at a point so remote from the sea. They were in a camion on the way to their naval base at the south end of the lake. The commander, Lieut. Dutoit, stopped for a moment and spoke enthusiastically of his little fleet.

"In bringing the boats from Salonika," he said, "we took out the engines, so that the hulls weighed only three tons. This made reasonably easy going on the camions. There was no mishap, the first boat is launched, with her engine in place and guns mounted, and the second will soon follow. And then" he added with a laugh, "we'll see who will do the bombardment."

When operations will begin is not certain, but plans are so far advanced that a fight is looked for almost any time now. With such mosquito craft it might be considered a toy battle, if it were not for the reality of the warfare, with real naval boats manned by real sailors of the French and German navies, fighting with as much determination as on the deck of 20,000-ton dreadnaughts.

### GREEN'S AUGUST FLOWER

Has been used for all ailments that are caused by a disordered stomach and inactive liver, such as sick headache, constipation, sour stomach, nervous indigestion, fermentation of food, palpitation of the heart caused by gases in the stomach. August Flower is a gentle laxative, regulates digestion both in stomach and intestines, cleans and sweetens the stomach and alimentary canal, stimulates the liver to secrete the bile and impurities from the blood. 25 and 75 cent bottles. Sold by Glymph's Pharmacy.

## May be Troubled With Rheumatism This Time of Year.

ONE MAN SAYS FOR THREE MONTHS HE WAS CONFINED TO ROOM WITH AWFUL PAINS IN BACK AND LIMBS.

VERY STRONG IRON DOSES BROUGHT RELIEF.

"I suffered from rheumatism for two years, and for three months was so bad off I was confined to my room. The pain was fearful and I tried everything I and my friends could get but it looked like I was done with business for the balance of my life. It gripped me worse in the small part of my back and in my left leg, and at my age of 63 folks didn't believe anything could do me much good, but I bought a bottle of Acid Iron Mineral and the change that came over me was wonderful," declared A. B. Williams, of Petersburg, Va.

"Before I had finished the first bottle I was getting better and the iron seemed to drive the pain right out of me. The second bottle of A-I-M helped me still more and now, since taking three bottles I am as well as I ever was and have been completely relieved. The rheumatism is entirely gone and I gladly recommend Acid Iron Mineral to everybody," continued Mr. Williams, who like hundreds of other people in this section, find damp weather and uric acid in the blood a hard enemy to fight once it has taken hold of the system.

Acid Iron Mineral (natural iron) is plain, everyday medicinal iron, highly concentrated. It is sold by most druggists in either six or twelve ounce bottles under the trade mark of the Ferrodine Chemical Corp., which guarantees its strength and quality.

It has a tendency to assist the appetite, digestion and kidneys, too. Whole families use it this time of year with excellent results to the blood. A few drops in a glass of water makes a dose. Directions with each bottle.

## Great Engineering Feat by London Builders.

London, October 30.—The opening this week of a large new aerodrome at Hanworth Park, near London, marks the completion of an engineering work which involved the deflection underground for a distance of nearly a mile, of the Wolsey River. The stream intersected the field selected for the main landing ground of the aerodrome and impeded the landing of aircraft there. To remove this defect, the engineers constructed a conduit, capable of carrying 27,000,000 gallons of water daily, into which the stream has now been diverted, and its bed levelled to give an unbroken flat surface for the aerodrome. The size of the conduit was such that before the river was diverted fifty soldiers marched upright through the underground way.

## Notice of Sale.

State of South Carolina, County of Union, Court of Common Pleas, Jessie M. McKee, Plaintiff, vs.

Ethel Hames, et al., Defendants. Pursuant to an order of the said Court, in the above stated case, I will on the 3rd day of December, 1917, during the legal hours of sale, before the Court House door, in Union, S. C., sell at public auction, the following lands, to wit:

All that certain tract or parcel of land, lying and being in Union township, said county and State, containing 135 acres, more or less, known as the Frank or Duncan Hames place, bounded by lands of Wallace Koon, F. M. Farr, P. D. Barron, and the John Charles place.

Terms of sale: One half cash, balance in two equal annual installments, unpaid portion to bear interest from the date of sale at eight per cent, per annum, and to be secured by bond of the purchaser and mortgage of the premises; the purchaser to have the privilege of paying all cash.

W. W. Johnson, Special Master. November 10, 1917. 46-3.

## Sheriff's Sale.

Under and by virtue of power contained in Executions and directed to me, I will sell before the court house door in Union county, S. C., on the first Monday in December, 1917, during the legal hours of sale, the following described property to wit:

One tract of land lying, being and situate in Pinckney township, Union county, S. C., containing one hundred acres, more or less, and bounded as follows: on the north by lands of Sam Farr, on the east by lands of W. N. Garner; on the west by lands of G. C. Inman and on the south by lands of Lewis Garner; levied on and to be sold as the property of S. O. Inman for the improvement of Homstead at the suit of the Union Hardware Company, plaintiff, against S. O. Inman, defendant.

Terms of sale, Cash. J. Hay Fant, Sheriff. Union, S. C., Nov. 13, 1917. 46-3t. Broadus Kirby left Tuesday for Spartanburg.

## Salvage From Torpedoed Vessels is Profitable

Valuable Catches Made Along Irish Coast—Fishermen Have Made Modest Fortunes From Wreckage.

Base American Flotillas in British Waters, Oct. 30.—(Correspondent of The Associated Press).—Irish fishermen along the coasts where the U-boats operate, have made some remarkable catches during the past year. The story of the fishermen who found a \$15,000 box of diamonds from the Lusitania in his nets one day, and whose honesty in returning them to their rightful owners was rewarded by a check for \$1,000, is well known. There is another fisherman who came home from a fishing expedition with a fine new American automobile lashed to the deck of his little trawler. There are hundreds of fishermen who have made modest fortunes out of salvage of one kind or another. Wheat, flour and coal salvage are all profitable businesses in the coast towns nowadays.

The story of the man who came home from the sea with a brand new automobile is a household favorite in the Irish ports. Accompanied by his son he was mackerel fishing when he was aroused by the report of an explosion. On the horizon a cargo steamer from America was settling by the stern. It had been torpedoed. The fishermen headed for it and soon met the captain and crew in two open boats. "She's loaded with American automobiles, you might get one before she goes under," said the skipper jokingly as he and his shipmates passed on toward shore.

The torpedoed ship was still well above water when the fisherman came alongside. He at once sent his son on board to look around. The latter found the hold full of automobiles. "Run one out through this gangway," directed the father. With the aid of some tackle the machine was dropped into the fishing vessel. A few moments later as the trawler steamed away the ship disappeared. The fisherman with an automobile is now the envy of his village.

Many torpedoed vessels manage to reach shore where they are usually pounded to pieces on the rocks. But before the cargo is lost forever people come from miles around to salvage it. Anything that will float is used and everyone helps himself. Men, women and children attack cargo and sip, removing brass fittings and anything else of value. Flour and canned meats, fruits and vegetables form the larger portion of the salvaged articles.

One village has had the good fortune to have a couple of food ships bring up on its very doorstep. Most of the ships of course go down at sea. But this does not dishearten the alert fishermen who have been known to transfer several hundred sacks of the best American flour from a vessel while it is sinking many miles from land. If the explosion tears a big enough hole in the victim much of the cargo will become loosened and wash ashore where it is quickly spied by the watchful eyes of the natives.

Salvage companies are also very active and are making huge profits. Some have transferred their whole staffs to this coast. Their agents can bid on a wheat cargo without seeing it and can tell just how far into a sack of flour the water will have penetrated in a given period.

## Notice of Sale.

State of South Carolina, County of Union, Court of Common Pleas, Roy Pant, Plaintiff, vs.

W. Farr Gilliam, et al., Defendants. Pursuant to an order heretofore made in the above stated case, I will on the 3rd day of December, 1917, during the legal hours of sale, before the court house door in Union, S. C., sell at public auction, the following lands and premises, to wit:

All that certain lot or parcel of land, lying and being in the city of Union, said county and State, containing three and one-half acres, more or less, bounded on the North and East by land of Mrs. Ora B. Fant, South by E. Main street and West by lands formerly of Capt. J. T. Douglass and now owned by different parties, being the home place of the said W. Farr Gilliam.

Terms of sale: One-half cash, balance on a credit of one year with interest from the date of sale, credit portion to be secured by bond of the purchaser and mortgage of the premises, purchaser to pay for all papers and to have leave to pay all cash.

W. Johnson, Probate as Master. November 10, 1917. 46-3t.

## Like A Boy at 50 Bubbling Over With Vitality--Taking Iron Did It

Doctor says Nuxated Iron is greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 100 per cent. in two weeks' time.

NEW YORK, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim & vitality as a young man; in fact a young man he really was notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 30 he was in bad health; at 40 he was careworn and nearly all in. Now at 50 after taking Nuxated Iron a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run down, instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk

without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all the while, double their strength and endurance and entirely got rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days time simply by taking iron in the proper form. In many cases they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it will prove worse than useless. Many an athlete or prizefighter has won the day great iron constitutes are widely prescribed simply because he knew the secret of strength and endurance and filled his blood with iron before he went into the arena, while many another has gone down to inglorious defeat simply for the lack of iron.—E. Sauer, M. D.

NOTE—Nuxated Iron, recommended above by Dr. E. Sauer is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older iron salts, it is easily assimilated, does not irritate the teeth, make them black, or cause the stomach; on the contrary, it is most potent in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturer has such great confidence in nuxated iron, that they offer to forfeit \$10.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 100 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days time. It is dispensed in this city by all good druggists.

## A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a sufferer of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result. The old-fashioned Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's, the original and genuine. E. 79

**Will Keep You Well**

When you get a terrific sick headache, become constipated or have any stomach or liver trouble, a dose or two of Granger's Liver Regulator will put you in good shape. It is a purely vegetable preparation, non-alcoholic and acts pleasantly and effectively. Sold by all druggists. Price 25c a box. Sold by all druggists. Price 25c a box.

Drives Out Malaria, Builds Up System. The Old Standard general strengthening tonic. GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 60c
