LOCKHART

Dr. R. L. Hicks our popular dentist who has been sick for several weeks went to the Spartanburg hospital on Monday for treatment.

We welcome with pleasure Rev. W. C. Baxler and family, our new Baptist minister, and assure him of the hearty cooperation of our people in his work among us.

John Danieron and family after a short stay in Union have returned to Lockhart to live.

John Shields, who has been away for six or eight months, has accepted the position of spooler-room boss, and will move his family back in the next few days.

With the arrival of the spring-like weather of the past week, active work has started for the preparation for early gardens. Mr. W. J. Meggs, the garden demonstrator has begun cleaning up and is giving all the needed assistance in this work.

Our gardens last year were the best in the country, and this year we expect them to far surpass any in the State.

And with cheap fuel and corn bread will give the high cost of living a knock-out blow in this community.

The people are buying fruit trees which Mr. Meggs sets out for them free of cost.

Mrs. M. C. Barrett, who is in the hospital at Spartanburg was operated on this week.

Miss Mae Scales of this place and Mr. H. B. Foot of Fort Lawn were married Union last Saturday.

Miss Mary Lockman and sister, Mrs. Hancock are visiting relatives in Clifton and Glendale this week.

New Hope

New Hope, Feb. 13.—We have been having what we call spring days and everybody is enjoying the change and it is believed now that the back bone of winter has been broken. The gardens will soon be planted and before we know it the long summer days will be with us.

I was in Union yesterday and everything seemed so quiet since the city was put under quarantine for meningitis and the proper authorities seem to be doing all they can to prevent the spread.

Miss Alsie Smith met with the Club members last Friday with a large number present. She discussed some very important subjects.

Wendell Hall and Bob Holcomb of Ft. Moultrie were home last week on a furlough and visited their grandparents, Mr. and Mrs. J. W. Scott.

Mrs. J. S. Carter and little daughter Ena, visited relatives in Jonesville last Sunday.

Mr. and Mrs. Edd Vinson visited at the home of Mrs. J. D. Bishop last Sunday.

This is St. Valentine's Day and I guess Dan Cupid will play his game of hearts.

**CLEANSSES YOUR HAIR
 MAKES IT BEAUTIFUL.
 THICK, GLOSSY, WAVY**

Try This! All Dandruff Disappears and Hair Stops Coming Out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

Often Destroyed by Fire.
 Time after time, together with the rest of the city of Moscow, the Kremlin has been burned, the last occasion being in 1812 when it was occupied by Napoleon and the inhabitants of the city themselves started the conflagrations in all parts of the city. It was indeed these fires which forced the little corporal to commence his disastrous retreat across the snow-bound steppes of Russia. Napoleon had his headquarters in the Kremlin, and while the flames were not so destructive there as in other parts of the city, yet they forced evacuation.

Compressing Cotton.
 Scientific investigation has proved that compression of a high degree does not injure the fiber, and cotton is packed in other countries today at a density substantially three times that of ours by the most economical practice. The Egyptian package has a density of about 37 pounds a cubic foot; the Indian cotton is compressed to 45 pounds per cubic foot; while some Indian and Chinese baling plants effect a density of from 55 to 60 pounds of cotton per cubic foot.

The Arab as a Neighbor.
 The Arab makes a good neighbor. His love of the beautiful in architecture is evidenced in a hundred cities where his handiwork survives. Every visitor to Granada knows what was left behind at the Alhambra. When the Arab met Rome, he produced Palmyra; having absorbed the Sassanian dynasty of the neo-Persian empire in 637, the Arab created Baghdad; in overrunning Spain, he worked magic at Cordova and Seville.

To Remove Smoke Stains.
 This suggestion will be beneficial to housewives who have not the convenience of electricity or the modern gas fixtures. Frequently the ceiling above an old-fashioned gas jet becomes discolored from smoke and heat. The discoloration may be removed if a layer of starch and water is applied with a piece of flannel. After the mixture has dried it should be brushed lightly with a brush. No stain or mark will remain.

Women Catch Fish With Hands.
 Fishing in Samoan seas is often done by the women, and without nets, boats or hooks. They simply wade into the water and form themselves into a ring. The fishes being so plentiful, they are almost sure to imprison some in the ring. These women are very quick and active, and every time they catch a fish with their hands they simply throw it, alive, into the basket on their back.

Translation of Y. M. C. A.
 W. Gordon Griffiths of the Y. M. C. A. told an audience at Cefu that he was proud to be a Welshman although he was unable to speak the "language of Paradise." He had, however, learned one thing in Welsh and that was that the letters Y. M. C. A. may be translated to mean "Yma Mae Cyfe Arderchog" ("Here is a splendid opportunity.")

The Constipation Evil

There is no ailment to which the body is subject that is so far reaching in its injurious effects as constipation. It means a congestion of the bowels and usually causes sick headache, pains in the back, sour stomach, salivary complexion, offensive breath or loss of appetite. When you suffer from any of these ills, take a few doses of Granger Liver Regulator. You will be surprised how quickly it restores your normal health. Granger Liver Regulator contains no calomel and produces none of its distressing effects. It has, however, all the corrective value of calomel, and may be freely given to children as well as to adults. Granger Liver Regulator is also free from alcohol. A box of it lasts long, and a few doses relieve ordinary cases of biliousness. Granger Liver Regulator is sold by druggists everywhere at 25c a box. Refuse all substitutes as there is no other medicine just like Granger Liver Regulator.

Meatless and Wheatless Days

The United States food administration expects all hotels, restaurants, cafes, boarding houses, railway eating houses and dining car companies to observe the meatless and wheatless days.

The hotel division of the food administration has sent the following telegram to all State hotel chairmen:

"Hotel division food administration announces the following program for hotels, restaurants, dining cars, to be put into effect immediately; Monday and Wednesday, wheatless; Tuesday, meatless; Saturday, porkless. One meatless and one wheatless meal each day. Portion of bread rolls should consist of not more than two ounces and not more than this quantity should be served to anyone at any one meal. Rolls should weight not more than one ounce each except that when corn, oatmeal, bran bread or rolls is served alone, portion may consist of not more than four ounces. You will note that all hotels, restaurants and dining cars will come under new baking regulations, announced in press, February 1st., but hotels and restaurants have led van of food conservation and can do no more. News dispatches from Germany are convincing evidence that food is going to win the war. Show the country that you are more than willing to do your part in this accomplishment."

Attention.

Have you a Farm for sale? Just now we want several farms, ranging in acreage from 50 to 1,000 acres to the tract, but bear this in mind, the price must be right if we undertake to handle it, we positively will not offer property for sale, unless, in our judgment, it is worth absolutely every penny we ask for it.

The senior member of our firm has been in the Real Estate Business for twelve years and we claim to know the game, aside from the fact that we have a string of customers and prospective purchasers that have cost us hundreds of dollars in printer's ink to get, by listing your property with us you not only have the benefit of our experience but you immediately have a long list of prospective purchasers.

Did it ever occur to you, that if you undertake to sell a farm yourself, nine chances to one, your prospective purchaser will come to us, give us your price and ask our judgment?

If you have a farm for sale, do the sensible thing, List It With

A CHILD HATES OIL, CALOMEL, PILLS FOR LIVER AND BOWELS

Give "California Syrup of Figs" If Cross, Sick, Feverish, Constipated.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old from of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

Bracing as a North Wind

At the end of a hard day, just sit down to a cup of Luzianne Coffee. See how you pick up with every savory sip. Luzianne is far, far different from any other coffee. It's got something that all the others seem to lack. And it's packed in dust-proof, moisture-proof cans that bring Luzianne to your kitchen just the same as when it left the roaster. Buy a can and try it for yourself. An iron-clad, air-tight guarantee says that if you are not entirely satisfied with Luzianne, your grocer will give you back your money. And he will.

Simplest of Cements.
 Condensed milk applied to the edges of pieces of broken china will keep the article as intact as the majority of cements on the market today, says the discoverer. He adds that he has mended saucers that have withstood washings in hot water, and has mended a telescope lens of fairly large size with this unique cement.
