## Reports From Holders Of Flour and Sugar

Feb. 14th, 1918.

Mr. Editor:—

It would be an impossibility for me to reply to all the questions that have been asked by those making reports of their flour and sugar supplies, in personal letters, so I ask space in your paper for the following:

None of those who have reported either flour or sugar have any appearance of attempting to hoard these food products, hence, they need have no uneasiness for they will not be called upon to part with any of their present holdings. I only urge upon them the necessity to economize as much as possible in the use of these commodities. Of course they cannot purchase any more flour on miller's certificates, or otherwise until their supply is below the present quantity of flour allowed by law. Miller's are instructed not to issue certificates to any customer having the legal allowance of flour on hand. Merchants are instructed not to sell flour on a miller's certificate which is more than two weeks old.

The law as to cottonseed is positive and I am powerless to grant any abatement. They must not be used either as food for animals or as fertilizers.

Lowndes Browning,  
County Food Administrator.

## Of Interest to "Home Guard" Members

An appropriation of \$40,000 in round numbers for the support of our regiment has now been passed by both houses and is, therefore, practically a law. An amendment was agreed to in the senate February 6th, providing for an additional appropriation of \$10,000 to be divided out among the several companies and a sum was also appropriated for the purchase of overcoats and ponchos for our battalion. It is extremely doubtful, however, if this house will agree to these amendments, but the \$46,000 is certain.

## Origin of Dover's Powder.

"Dover's powder," an old-fashioned remedy still to be found at most druggists, is named after Captain Dover, a worthy of the seventeenth century. Captain Dover's other claim to fame is that he rescued Alexander Selkirk, the castaway of the island of Juan Fernandez, and thus was instrumental in giving "Robinson Crusoe" to the world. Captain Dover practiced medicine in an independent way—chiefly on his own men—and in this way came to concoct the powder which bears his name.

## Oak First for Tables.

Oak was the wood first used in tables then walnut came into general use in the middle of the seventeenth century. An early form of table was the chair table, convenient because it served the purpose of a seat when the top was lifted and stood against the side of the room. But gradually the table took its present form and use. It became the custom to leave the board upon the trestle instead of removing both, and in time the piece of furniture was called the table.

## Enough for a Party.

Gladys was visiting her aunt. One day, as they were going down town Gladys noticed three rather untidy children playing in front of a house and remarked about it. "There are ten children living in that house and only one mother to care for all of them, so she cannot always keep them as clean as mothers who have only one or two to care for," said her aunt. "Ten?" asked Gladys. "Ten? Why, they can have a party without inviting anyone."

## Early Spring Coughs Are Dangerous

Many a pain of weak lungs can trace first cause to a neglected spring cough. Tuberculosis, asthma, catarrh, bronchitis and kindred diseases frequently start this way and too much care cannot be taken to eliminate the cause before it becomes chronic. K-W Brand Cough Syrup takes hold at once and stops all irritation, helping nature do the real curative work. It is pleasant to take and perfectly harmless and safe for grownups or youngsters of any age. This well known remedy is sold under a strict guarantee to refund your money if it proves unsatisfactory—but it won't.

Price 25 and 50c. Sold by Peoples Drug Store, Fowlers Pharmacy, F. A. Johnson in Union; Buffalo Drug Co., at Buffalo and Murrain's Pharmacy at Jonesville.

FOR SALE—One Burr wheat mill with smutter and all fixtures. In good condition. If interested confer with B. E. West, Pauline, R. F. D. No. 2, or R. C. Williams, Union, S. C. 7-4t-w.

FOR RENT—Small farm near Union. Rent can be paid with sales of wood from the land. Address J. T. Spears, R. F. D. 1. 80-1f.
