**The Palmetto Leader Party.**

By J. T. W. MIMS.

The Manager, with Messrs. Lindsay, Burrell and the writer left the city Saturday night last (by auto) for the Game Cock City, (Sumter) Bishopville, Darlington, Florence and other points that side, to represent the paper that has its motto embodied in its name (The Palmetto Leader). Their reports were favorable.

We are very glad to say that the leading colored people of these towns are engaged in their various professions with progressiveness, that means for the betterment of the State.

We are grateful to Dr. W. W. Felder, M. D., and Dr. J. A. Williams, Surgeon Dentist of Sumter for kindnesses shown in making it pleasant for us, for we were royally entertained by them. One need not wonder why Dr. Felder has more work

than he can do, nor should one ponder the reason the people say that young Dr. J. A. Williams' success is sure. They are always at home to their friends. Mr. J. C. Matoney, Farm Demonstrator of Sumter County, also helped us. We learned that it was through his skill that 156 bushels of corn was made on one acre of land. (Sims' farm.) State's record.

Mr. and Mrs. Franklin of 510 Main street, Sumter, certainly believes in injecting sunshine into the hearts of their boarders and visitors. Their kindness shall always be cherished and appreciated by us.

At Florence, Prof. Hampton was entertained by Prof. Killingsworth. He made it possible for the Manager to meet the leading people of Florence and helped him to introduce the leading Colored weekly newspaper of the state. Prof. Killingsworth reports his school work in excellent condition.

It is our purpose to establish a News Bureau (and have an agent in every city and town in this and adjoining states.
