PHI BETA SOCIETY

"The way to love of A. group," was general discussion and was led by Mr. L. W. Thompson, Jr. Many good points were made by the members of the society.

Rev. I. D. Davis was speaker for the night, his subject was "Watch."

He stressed some points such as:— Watch your words, watch your actions watch your character and watch your head, heart and hand. Never let it be said that a good job has to be turned down because you had no system. Response by Mr. H. D. Johnson. Remarks by President, Dr. D. H. Sims. Mrs. I. D. Davis and Mrs. Barber from Rockhill were welcome visitors and they will come again.

As the society assembled we were all glad to see Dr. M. A. Evans as speaker for the evening. Although she has practiced for 26 years as a God-fearing, consecrated physician, and has not grown tired of her work she talked on "Public Health and Social Morality." She stressed these points: Public health deals with social hygiene and social morality. Woman as a help-mate. We will achieve much if we have self-control, unless we get hold of ourselves and others it is the utter disregard for social morality. Unless we regard manhood and womanhood the unborn will suffer. Unless we are educated with character we are nothing. Character in the end will count more than brains. Things which are done in the dark are bound to come to light. Sickness is no necessary than sin. We should have preventive lectures and use preventive medicines. Response by Miss Kathryn Sharper.

pe. as by Rev. J. W. Shaw. We a very good topic for next week's discussion.
