

Palmetto Medical Association Meets Apr. 28-29-30

THE THIRTIETH ANNUAL SESSION OF THE PALMETTO MEDICAL ASSOCIATION WILL BE HELD AT ORANGEBURG, SOUTH CAROLINA, APRIL 28-29-30

The Annual address will be delivered by Dr. M. O. Dumas, President of the National Medical Association, Washington, D. C. Dr. Roscoe C. Brown of Durham, N. C., will deliver a special address to the Association and Students of State College and Claflin University.

Orangeburg, S. C.—The Thirtieth Annual Session of the Palmetto Medical Association to be held in Orangeburg next week April 28-30; will have the largest gathering in the history of the organization. There will be three public sessions at which prominent men of the National body are to make addresses.

The first public session at State College, Tuesday evening, will be addressed by J. G. Stuart, M. D., of Columbia, S. C., the Association President. On the following night at Claflin University, M. O. Dumas, M. D., of Washington, D. C., will deliver the Annual Address. At the final public session the students of Claflin and State will listen to a special address by Roscoe C. Brown, M. D., of Durham, N. C., on the subject "Better Health the Challenge of the Century."

All business sessions will be held at State College where the Doctors will discuss and report on cases of special medical significance. Orangeburg is making extensive preparation to entertain a crowd expected.

BETTER HEALTH THE CHALLENGE OF THE CENTURY—Roscoe C. Brown, M. D., Durham, N. C.

THURSDAY EVENING

Reception.

NOTE.—Physicians who will have their wives to accompany them, will please notify the Local Committee at once.

PREPARE SUMMER CAMP HUSBAND BEATS WRONG FOR BOYS

Chicago, Illinois, April—Fort Sheridan is the scene of busy preparations for the opening on June 29 of Camp Roosevelt, the boys which is operated by the summer camp and school for Chicago Board of Education. Secretary of War Weeks has turned over a portion of the Fort Sheridan military reservation to the Chicago Board of Education, to be used as a summer training camp for boys twelve years of age and over. Motor transports loaded with camping equipment are traveling daily between Chicago and the military post, which is located thirty miles north of the city. The camp is open to boys from other cities than Chicago. The Headquarters offices are at the Chicago Board of Education, 460 South State street. Applications for enrollment may be obtained there.

Communications intended for the current issue must reach this office, (if out of town) not later than Tuesday night. City news by Wednesday night.

(By The Associated Negro Press.) Camden, N. J., April—Profues apologies and hearty handclasp marked the dismissal of an assault and battery charge in police court Thursday, when the defendant admitted he struck the wrong man, and the complainant refused to prosecute further. The charge grew out of a case of mistaken identity, it appeared, as the case was heard. James Youisell, 22 years, 1264 Mechanic street, charged that Charles Hacker, 30 years, 1272 Mechanic street, struck him four times in the mouth Tuesday morning as he was standing in front of home. "You insulted my wife," Hacker shouted at the time. Youisell told the court that he had never seen Mrs. Hacker in his life, and that he knew no reason for the assault. Hacker told the court that the night before his wife had been attacked and robbed by 3 men on her way home from a visit. One of the men she told her husband looked like Youisell.

LABOR NOTES OF LARGER CITIES

NATIONAL ECONOMIC SURVEY

In All the Large Cities the Building Season is Opening—There is Demand for Skilled Labor

(By The Associated Negro Press.)

Business is showing but slight improvements all along the line and hence there is little change in northern labor demands. In all the large cities the building season is opening and there is a demand for skilled men in the building trades. There is no demand for common labor in this line, however, for the reason that there are plenty of men who are not yet working.

The steel business is not improving and not likely to do so during the spring and early summer. Buying is about the average and none of the mills are running capacity.

Packing houses are running short time throughout Chicago and in other packing centers.

The same advice still holds. Don't come north until you know there is work. This also applies to men in the north who are seeking other locations. Conditions are about as slow in one section as in the other and it is best to wait and make sure.

Georgia Youths Going Crazy.

Atlanta, Ga., April.—The younger generation of white Georgians is going insane, according to records kept at the insane asylum at Milledgeville, due largely to too much jazz, too many white lights and not enough of the old common sense way of living.

Pocket flasks, sex magazines, pampered children who need liberal doses of the back side of the hair brush, donces, high-powered automobiles and too much speed generally are given as the reasons for the increase in the number of "child lunatics."

While this view is conceded in respect to the young whites in the cities, it can in no way account for the great number of insane and queer persons found in the hills and on the countryside. This number is alarming, as the report says.

BISHOP W. D. CHAPPELLE RETURNS FROM FLORIDA

The many friends of Bishop W. D. Chappelle, Presiding Bishop of the Seventh Episcopal District will be pleased to learn that the Bishop returned home this week, after spending some time in Florida for his health. The Bishop is much improved and is looking the picture of health.

BISHOP N. C. CLEAVES OF THE 6TH EPISCOPAL DISTRICT OF THE C. M. E. CHURCH COMES TO COLUMBIA.

Bishop N. C. Cleaves, of St. Louis, Mo., and former Pastor of Sidney Park C. M. E. Church, will preach at 11:00 A. M., Sunday, at Sidney Park C. M. E. Church; and will lecture to the young people at 4:30 P. M.

Members and friends are urged to be present. A cordial welcome is extended to each and everyone.

REV. W. E. FARMER, Pastor.

TWO NEGROES WERE EXECUTED

WHITE BOY IS BEING HELD FOR THE CRIME

One Was Executed and One Hanged, for Assaults Upon White Women

(By N. A. A. C. P. Press Service.)

Two Negroes have been executed, one electrocuted and one hanged, for assaults upon white women, of which a white boy is now under suspicion and is being held for Grand Jury action at Maryville, Tennessee.

One of the Negroes was Maurice Mays, whose case was fought by the Knoxville and other Tennessee Branches of the National Association for the Advancement of Colored People. Mays was accused of having murdered a white woman and, despite the evidence that he was at home when the crime was committed, was convicted on circumstantial evidence and electrocuted.

The second Negro was hanged in Alabama.

The white boy, now charged with the crime for which Mays died, is an employee of an aluminum concern. Comparison of the criminal's handwriting with the writing of the young white boy in the company's books led to his arrest. In all 32 attacks have been made in the vicinity of Maryville, 8 women having been killed by their assailant when they screamed, and a number seriously injured. The first of the cases, that of Mrs. Bertie Lindsey, who was shot and killed, resulted in the conviction and execution of Maurice Mays.

The white boy is of a prominent family, was once tried and acquitted of murder, and served in the world war.

All Colorado To Help Welcome N. A. A. C. P.

Denver Conference in June.

(By N. A. A. C. P. News Service.)

George W. Gross, President of the Denver Branch of the National Association for the Advancement of Colored People, reports that colored people throughout the State of Colorado and even in the State of Wyoming will join in welcoming the N. A. A. C. P. to its 16th Annual Conference in Denver, beginning June 24.

Mr. Gross reports that although there are fewer colored people in the entire State of Colorado than there are in a single ward in Chicago, Detroit, Cleveland or New York, enthusiasm for the Conference is state-wide. A group from Denver has already conferred with Committees in Colorado Springs and elsewhere, to perfect plans for the welcome.

The seating capacity of the Denver City Auditorium in which the N. A. A. C. P. is to hold its Sunday Mass Meeting, on June 28, is 12,000 and Mr. Gross expects that a large number of white visitors will help to crowd the hall to capacity.

A group picture of the entire N. A. A. C. P. Conference in Denver has already been arranged for.

WILL'S ESTATE TO NEGRO RACE

TWO-THIRDS TO HAMPTON 1-3 TO TUSKEGEE

Charles William Troughton Will His Vast Estate to These Two Institutions

New York, April—In the heat of the drive being put on by Hampton and Tuskegee institutes to complete their endowment funds, running into the millions comes the announcement that, with the filing of the will of the late Charles William Troughton, it was discovered that upon the death of his wife, his estate shall go to Hampton and Tuskegee, two-thirds to Hampton and one-third to Tuskegee. The value of the estate is not known, but it is understood to run into the hundreds of thousands. The estimate is based upon figures used in a court contest some dozen years ago.

The institutions will receive the funds upon the death of Mrs. Florence Troughton, and the schools are to hold the money in trust and each is to create two funds, one to be known as the Lucy Beard Troughton Memorial Scholarship Fund by bequest of her husband, Charles W. Troughton, and the other as the Magina Troughton Bradley Memorial Scholarship Fund by bequest of her brother, Charles W. Troughton.

The funds are to be used as follows:

"Two thirds to assist such poor, ambitious and deserving Negro boys, and one-third to assist such poor, ambitious and deserving Negro girls, to pursue their education at the Hampton Normal and Industrial Institute, or the Tuskegee Normal and Industrial Institute, as shall express the intent to spend their lives with or devote them to the service and benefit of the Negro race in the United States.

Would Spur Farming Students

As the Indian race is decreasing and the Negro race rapidly increasing, these said funds are to be used exclusively for the Negro race in the United States of America." The will went on to say:

"As farming is one of the most important occupations and as it appears to be less sought after than other occupations my earnest wish is to help make it an inducement to students to take up this agriculture and kindred farming occupations in preference to occupations that will take them away from the country life, it being my wish to counteract, if possible the present tendency, which is toward town or city life.

"My wish, so far as practicable is to use the aforesaid funds mostly for male students preparing themselves for agricultural and kindred occupations in the United States and for girl homemakers, as farmers and homemakers go together and we are dependent entirely on the farmer."

Clothing to Hampton

Mr. Troughton provided that his clothing shall be turned over to the Hampton Normal and Industrial Institute.

Continued on page 8.

FIND 71-YEAR OLD MYSTERY MAN

HAS AN UNDERGROUND TUNNEL

He is Undertaker, Physician, Fortune Teller, Real Estate Operator, Charmer, Etc.

(By The Associated Negro Press.)

Camden, N. J., April—The greatest mystery ever known in this part of the state, is being revealed in the arrest of E. H. Hyghcock, a 71 year old colored man, whose trades and occupations consist of undertaker, physician, fortune teller, real estate operator, charmer and many others.

In the two houses that he rents No. 413-15 Liberty street is combined an underground tunnel with many compartments and about 65 small rooms.

It was reported that the bones of five babies were unearthed in the underground den. His seven-year-old daughter told the police that her father killed a woman last week.

As a voodoo man Hyghcock has the names of over 500 women and men, white and colored from all parts of the country. Many of the names whose addresses are in this city have been questioned by detectives and many are leaving for fear of being known that they believed in voodooism.

Some of the weirdest scenes, articles and other undescribed articles are being exposed.

The arrest of Hyghcock has reached the ears of nearly every person in this city of 100,000 souls. Police have been placed on guard to keep the thousands who clamor to get a peep at the mysterious house.

One white girl stated that the voodoo man, on her visit to his house, took her by her hand and led her through many dark places and then gave her a powder to sprinkle near her lover's home in order that she could win him back.

AGRICULTURAL MISSIONARIES RETURN TO AFRICA

New York, N. Y., April—The Hon. H. E. Taylor, of Scottsville, Mich., and Mrs. Taylor, agricultural missionaries of the Board of Foreign Missions of the Methodist Episcopal Church sailed from this city Tuesday, for Mutambara, Africa. They are returning from a year's furlough spent in the United States. Mr. Taylor has charge of the Agricultural Training Farm which the Methodist Episcopal Church conducts at Mutambara. He is in charge also of the boys' school in that community. Mrs. Taylor is principal of the co-educational school in Mutambara.

IN MEMORIAM—Dr. George E. Cannon, Chairman, Executive Board, National Medical Association, who died Sunday, April 5, 1925, at his home, Jersey City, N. J.

A capable and conscientious Physician. A co-worker in Medical organization. A friend and champion of his people. A loyal and worthy citizen of his state and country.—National Medical Association.

Clyde Donnell, M. D., General Secretary.
