THIRD WAR LOAN DRIVE

LET'S GO!

HERE'S THAT INVASION YOU WANTED!

Now, let's get things straight.

"You don't know who I am. Maybe I'm your son, or brother, or buddy—maybe not. But I am the soldier who'll get the equipment your particular Bonds will buy."

"Do you get a new suit, or a permanent wave, or whatever it is you're looking to spend money on... or will you help pay for the tools to do this job for you?"

"O.K. then—show me—Buy Bonds to the limit!"

World's Safest Investments

United States War Savings Bonds—Series E: gives you back \$4 for every \$3 when the bond matures. Interest: 2.9% a year, compounded semiannually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

Other securities: Series "C" Savings Notes; 7 1/2% Certificates of Indebtedness; 7% Treasury Bonds of 1951-1953; United States Savings Bonds Series "B"; United States Savings Bonds Series "D".

Uncle Sam needs 15 billion dollars this month to pay for this INVASION... and there's no easy way out. If it's not a sacrifice, you're not doing your part. 10 per cent isn't enough—15 per cent isn't enough. Nothing is enough but every last cent you can turn into fighting War Bonds.

You're not giving, American—you're

Investing. Investing in freedom, investing in a clear conscience, investing for future security.

And it's the soundest investment anyone ever made.

You'll have the money to educate your children, build your home, buy a car, when the war is won.

The least every American can do to put this over is to buy an extra \$100 Bond in September. But that's the least—you can be counted on to do your level best, can't you? Get those War Bonds now—buy them out of income, buy them with idle, accumulated money—but buy all you can—and be glad to be an American!
