CHESTERFIELD, S. C., THURSDAY, SEPTEMBER 1, 1904.

NO. 29

Scholarships for Men.

Eighty-two scholarships for men teachers. That is one of the fruits of educational statesmanship of the last Legislature. This Legislature at its first session in 1903 established in the South Carolina College forty-one normal scholarships, making two from each county. This was to provide a new class, but as not all the holders will return, there will doubtless be as many as sixty new scholarships awarded this summer, one in every county and two to a county in many instances. Any person interested should write to President Benjamin Sloan or Prof. Patterson Wardlaw, Columbia, S. C.

Each of these scholarships pays \$40 in money toward living expenses, and exempts the holder from a fee of \$18, which is exacted of all other students, and also exempts from the tuition fee of \$40, which, however is required to any student who makes proof of inability to pay it. It admits a man entirely free and pays about half of his board. This munificence of the State is pledged primarily to provide better teachers for the country schools, but incidentally it aids poor but worthy young men to obtain a college education and fit themselves for higher things in life. In order that the scholarships shall go to this class of young men and not be gobbled up by young fellows who could get to college without the scholarships, the awards are not made solely with reference to the marks made on the examination, and men nineteen years of age and over are given the preference. This gives an opportunity to the country young man, whose technical preparation may be far less than that of the fifteen-year-old graduate of a town graded school whose maturity and earnestness is a guaranty that when given an opportunity to study in college he will pull through and make a man of himself. Preference is still further given to young men who have taught school. It is often the case that a young man in the country, although with poor preparation, attempts to teach the neighborhood school. For his own sake and for the sake of the schools he ought to be given a better education before he becomes settled in a life of inferior work. Hence the special effort of the authorities of the South Carolina College is to induce young men teachers who are ill prepared for their work to stop now and go to college while they can. The scholarship men last year were of the average age of 22 1/3 years, and the oldest was 33. It is hoped that such young men, having already developed some taste for teaching, and going to college with a definite purpose, will adhere to teaching as their profession. If the beneficiaries of these scholarships were differently selected a large proportion of them would do as college men so often do turn their backs on the country forever and become professional men in towns and cities. But when they have previously committed themselves to public school work, and then stop and go to college with the ideal of fitting themselves for better work in that line, there is strong probability that for the most part they will return to public school teaching—a result which will richly repay the State for its liberal policy in providing for their training as teachers.

NEGLECTED COLDS.
Every part of the mucous membrane, the nose, throat, ears, head and lungs, etc., are subjected to disease and blights from neglected colds. Ballard's Horehound Syrup is a pleasant and effective remedy. 25c, 50c, \$1.00. W. Akendrick, Valley Mills, Texas, writes: "I have used Ballard's Horehound Syrup for coughs and throat troubles—it is a pleasant and most effective remedy." Sold by D. H. Laney.

BEAUTIFUL WOMEN.
Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Stroud, Midlothian, Texas, writes Aug. 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by D. H. Laney.

ANCESS.
W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment. I got a 50c size and it cured my leg. It is the best liniment in the world."

Remember the Racket Store always carries a full line—more shoes than all the rest of the stores in town.

Drop Head Sewing Machines at the Racket Store for \$12.00. Guaranteed for twenty years.

Early Risers The famous little pills.

Can anyone say on any day that he has done his whole duty; that he has done all that he ought to have done; that he has uttered no hasty word, entertained no wrong thought, or passed no harsh judgment upon his fellow man?

Melancholy cannot hold its own with perennial good nature. Sunshine is contagious. Smiles are epidemic. One joyous nature will fill an auditorium with good cheer. Despondency is a poor debator. It can bring no argument that a sunbeam will not penetrate.

Registration Notice
The books for the registration of all legally qualified voters, and for the issuing of transfers etc., will be open at the office of Clerk of Court, in the Court House, between the hours of 9 o'clock a. m. and 4 o'clock p. m. on the first Monday in each month until thirty days before the next general election. There is need for getting the registration books and polling precinct lists in better shape and if you desire to participate in the election of the coming year you had better make sure that you are registered and that your name is properly entered upon the polling lists.
C. A. Malloy,
J. C. Cason,

Supervisors of Registration
Chesterfield County.
Chesterfield, S. C., Sept. 21, '03.

Not One Ray of Light
The Maud Allen mystery in Columbia remains as dark as ever. No information as to who murdered her has been gained.

SIPRAINS.
S. A. Read, Cisco, Texas, writes March 11th, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment and was cured. I earnestly recommend it to any one suffering from sprains." 25c, 50c, \$1.00. Sold by D. H. Laney.

B Careful When You "Look" Cabbage.
In Tennessee snakes have been found in cabbage heads and several cooks have been bitten by them in preparing the cabbage for cooking.

Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Stroud, Midlothian, Texas, writes Aug. 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by D. H. Laney.

Our life abroad is but a reflex of what it is at home. We make ourselves in a great measure at home. This is especially true of women. The woman who is rude, coarse and vulgar at home cannot be expected to be amiable, chaste and refined in the world. Her home habits will stick to her. They are woven into the web of her life. Her home language will be the first on her tongue. Her home by-words will come out to mortify her just when she wants most to hide them in her home. Her home coarseness will appear most when she is in the most refined circles. We cannot cheat the world long about our real characters. The thickest and most opaque mask we can put on will soon become transparent.
