The Great Cough Remedy.

CHERRY YECTORAL For the Cure of COUGHS, COLDS HOARSENESS, BRONCHITIS, WEOOPING-COUGH, CROUP ASTHMA and CONSUMPTION

The annais of medical science, affording as they do ample proof of the power and value of many medical agents, have turnished no examples to compare with the salutary effects produced by "AYER'S CLERRY PECTORAL"

The remarkable cures of the disease of the Lungs which have been realized by its use, attested as they are by many prominent professors and physicians in this and foreign lands, should encourge the afflicted to persevere with t e strong assurance that the use of the 'Cheary Pectoral' will relieve and ultimately cure them.

We present to the public unsolicited testimonials from some of the first men in our country, upon whose judgement and experience implicit con-

tidence may be placed.

Dr PERKINS, President Vt. Medical College, one of the most learned and intelligent physicians in the country, considers it a *composition of rare excellence for the cure of that formidable disease,

Consum.ption." Norwich, April 26, 1846. Dr. J. C. Ayer-Dear Sir :- Agreeable to the request of your agent, we will discretally state what we have known of the effects of your CHER-RY PECTORAL and they have been astonishing indeed. Mrs. Betsey Streeter had been afflicted with a severe and relentless cough, which reduced her very low; so low that little hope could be entertained of her recovery. Numerous remedies had been tried without effect, before the Cherry Pectoral. And that has cured he . Gearge Watkinson Esq., had to our knowledge been afficted with asthma, for eleven years, and grown yearly worse, until the Cherry Pectoral has now removed the disease and he is as free from any of its symp toms as we are. The Rev. Mark Dane had been so severely attacked with the Bronchitis, as to disable him from his duties, and nothing had afforded him relief until I (Mr. Thorniag) carried him a bottle of your Pectoral, which cured him at once,

and he now officiates as usual in this place. These are three of the cases in which we have kdown it successful, but never fail. We have great pleasure in certifying ,o these facts ; and are respected sir, your humble servants.

RER. D. THORNING. HON. J. BATTLES.

Among the distinguished authorities who have given their names to recommend "Cherry Pectoril," as the best remedy that is known for the A. lections of the lungs, are "London Lance!," "Ca-nadia" Journal of Medical Science," "Boston Medical and Surgical Journal," "Charleston (S.S.) Med cal Review," "New Jossey Medical Reporter," Prof. Webster, Harvard College, Prof, Bart. lett, Transalvania University of Medicine, President Perkins, Vermont Medical College, Dr. Valentine Mott. New York City, Parker Cleveland, Bowdon College, Prof. Butterfield, Willoughby College, Ohio, Prof. Braithwaite, Leeds (Eng.) Medical School, Sir Richard Kane, Queen's College, Ireland, Prof. Rosenbaum, Leipsic.

The public have but to know the virtues and astonishing success of the "Cherry Pectoral," in curing diseases of the lungs, when they will feel secure from these dangers, whenever this remedy can be obtained.
