"A GREAT MEDICINE"

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, inven-ted by Dr. Hoofland, and prepared by Dr. Jackson, in Phil-adelphia. One instance in particular, in which the supe-site virtues of this medicine have been tested, has fallen adelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Brabill, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after noing it, was so much relieved of his distressing malady that he procured another bottle, and is restored entirely to health.

We again call attention to the removal of the German Medicine store, the principal depot for the sale of Dr. Heofland's German Bitters, from 278 Race to 120 Arch street, one door below Sixth. Owing to the increased demand for this medicine, and for the accommodation of his numerous patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; the is descring of it. The Bitters Mixture is without doubt the greatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhosa has come under our notice, wherein the patient had exhausted the Matoria Medicas of the different schools of medicine with the apparent benefit. Dr. Hoofland's German Bitters.—Here is a preparation which the leading presses in the Union appear to
be manimous in recommending, and the reason is obvious.

It is made after a prescription furnished by one of the most
celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of
Jena, Private Physician to the King of Prussia, and one of
the greatest medical writers. Germany has ever produced.

give you up to die!!! Your condition cannot be more helpless than

that of Mrs. Rowe. This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although I had in attendance three phy-

sicians, one of whom was considered very skillful, all of their efforts proved alike unavailing. At last one of the physicians came in, and decided that I could not live more than one day longer! All of my friends believed that a few days at most would end my earthly career.

My brother at this crisis, hearing of the astonish-ing cures made by Dr. Rodgers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine; and, strange to tell, before I had used half a bottle my cough was entire y cured, and when I had used two bottles I was able to attend to my family vocations as usual.
HARRIET ROWE.

Mr. Merriweather writes as Follows:

Mr. A. L. Scovill, Dear Sir-Dr. Rogers' Liver wort and Tar came safe to hand. I have sold a number of bottles. I has met with great success. A young man of this place, supposed to have the consumption, has been entirely cured.

I feel constrained from a sense of duty to make the following statement, monscious that it may appear unprofessional. Mr. Charles Wade, of this city, was quite low with Pulmonary Consumption, for which I had been treating with less than usual success. At his request, and that of his friends, I permitted him to try Dr. Rogers's Liverwort and Tar; and I must confess that its effects were really surprising. After using the second bottle my visits were discontinued, and he was soon restored to pealth. I do conscientiously recommend my brother practifioners to prescribe this remedy in all pulmonary comilaints which baffle the ordinary mode of treatment.

The sales throughout every city, town and vinage in the United States, are without a parallel! A circumstance not surprising, when the vast amount of human suffering relieved by its use is considered. In spi-nal defects, the benefit assually is of the nost decided cha-racter. In Nerveus Complaints, nineteen cases out of twenty readily yield to the penetrating stimula combined in this valuable stion. In Rheumatism, either acute or chronic, the claims of

the Hebrew Plaster have long since been universally acknowledged. Those who are laboring under weak backs, no matter from what cause the weakness may have originated—even if such persons have been misguided in previous applications—in the use of the Hebrew Plaster they will find the affected part suddenly restored to its origi-

soundness.

As a supporter in cases of constitutional weaknes it will be found of great advantage. It is particularly recommended to females who are suffering from sudde weakness, or general debitity. In short, it ombraces all the virues which the most scientific mind was capable of com pounding from valuable substances found in the old world and will be found entirely free from those objections which are a source of complaint with the numerous spreadplasters now before the public.

Where this Plaster is applied, pain cannot exist. These Plasters possess the advantage of being put up in air-tight boxes, hence they retain their full virtues in all climates. The following pertificate from col. Samuel G. Taylor, a gentleman of high standing and extensive acquaintance through the southern states, and lately appointed consul to New Grenada. commends itself to the attention of all.

New Yrrk, January 7, 1848.

Messrs. A. B. & D. Sands—Oed lemen: Havng used and witnessed the effects of your va uable preparation of Sarsaparilla ou different persons in different parts of the southern country, viz-Viginia, Louisian, Texas and Mexico, I fee much pleasure in staring the high opinion entertained of its medicinol value. In my own case, it acted almost like a charm, removing speedily, the enervated state of the system, and exciting in the nost agreeable manner, a tonic and invigorating influence.

Your Sarsaparilla is highly approved and extenively used by the army in Mexico, and my cousin, Gen. Zachary Taylor, has for the past five years been in the habit of using it, and recommends the same; he and myself adopted the article at the same time, and it is now considered an ulmost in dispensable article in the army. In conclusion, I would say that the better it is known, the more highly it will be prized, and trust that its health restoring virtues will make it generally known throughout the length and breadth of our widely ed country. You's very respectfully, S. G. TAYLOR, U. S. Consul to N. Granada extended country.

REMARKABLE CURE OF BRONCHITIS.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives

consists, in the fact that they arrest and cure disease by seard application, in place of the usual mode of drugging a physicking the patient, till authoristed Nature sinks appeles under the infliction.

They alrengthen the ushole system, equalize the circulation the blood, promote the secretions, and never do the slightest significant may circumstances. Since their introduction in United States, only three years since, more than

60,000 Persons including all ages classes and conditions, among which were a large number of ladies, who are pedulisrly subject to Nazy ous Complaints, have been

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person, smitched with that bane of civilization, DYSPEPSIA, or any other Chronic or Netrous Disorder. Is ordinary cases, stimulants are taken which, by their actions the nerves and muscles of the stomach, afford temperary relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an athack, and simply tie the Belt around the body, using the hignetic fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt thereby causing a Galvanic himself which will pass on to the nogative, and these of the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe case DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERRODICATE THE DISEASE OF YEARS.

Da. A. H. Chan, in—Dear Bir: You wish to know as what has been the walt in my own case, of the application THE GALVANIC BELT AND NECKLACE. My reply follows:

follows:

For about twenty years I had been suffering from Dyspesia. Every year the symptoms became worse, nor could tobtain permanent relief from any course of medical treatments that the second of the second suffering toral duties, I became subject to a severe Chronic Reseaucism, which for year after year, caused me the described anguish. Tic Doloreux and Neuralgia. These dreadful and agonizing complaints are senselled relieved by the application of the Galvanic Brist, Nacethaus Florin. The Bell diffuses the Electricity through it system; the Necklane has a local effect, and the Fluid active typo the affected nerves. In these districtions the application NEVER FAILS.

FITS AND CONVULSIONS These alarming and terrible complaints are always caused by a derangement of the Nerves. The Basic, Basenairy are furn will cure nearly every case, no matter how young or sld the patient, or how confirmed the complaint. Nemerous and astonishing proofs are in possession of the proprietor.
