CELEBRATED GERMAN BITTERS.

PREPARED BY DR. C. M. JACKSON,

AT THE GERMAN MEDICINE STORE, 120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, i, equalled, by any other preparation in the United States as the cures attest, in many cases after skilful physicians' had failed

These Bitters are worthy the attention of invalids. Posressing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal. safe, certain and pleasant. READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to lr. Jackson, Jan. 9, 1850, said-"My wife and myself have received more benefit from

dicine than any other we have ever taken for the Dyspepsia and Liver disease." Tenth Legion," published at Woodstock, Va.,

"A GREAT MEDICINE" "We have uniformly refrained from recommending to the publicany of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, inven-ted by Dr. Hoofand, and prepared by Dr. Jackson, in Phil-adelphia. One instance in particular, in which the supe-rior virtues of this medicine have been tested, has fallen under one observation. During the last summer a sum of under our observation. During the last summer, a son of Mr. Abraham Brabill, of this country, was very seriously Mr. Abraham Brabil, of this country, was very scholary afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bothe of the Bitters and after using it, was so much relieved of his distressing mal-ady that he procured another bottle, and is restored entirely to health.

BEAD FURTHER A FEW FACTS.

The "Philadelphia Democrat," the tending German jour-mal of Philadelphia. The aditor said, Nov. 24th— "We again call attention to the removal of the German Medicine store, the principal depot for the sale of Dr. Hoof-land's German Bitters, from 278 Race to 120 Arch street, one door below Sixth. Owing to the increased demand for this mumerone door below Sixth. Owing to the increased demand for this medicine, and for the accommidation of his numer-ous patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the gradient medicine estant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhea has come under our notice, wherein the patient had exhausted the Materia Medicins of the different schools of medicine with mo apparent benefit. He was induced to use these hitters no apparent benefit. He was induced to use these bitters, and a few bottles of them have entirely cured him: Many and a few bottles of them have entirely cured him: Many uch cases we could refer to. We hope our readers will recollect this great restorative, should they be so unforti-nate as to require its use Dr. Jackson possesses the orig-tial mapublished receipt of Dr. Hoofland, and he prepares this medicine with this care. Those purchasing should call at his store, or see that his name is written upon the wrapper outside, and blown in the bottle, as imitations of all cool articles are common."

"B Hoortann's GERMAN BITTERS.—Here is a pro-paration which the lending presses in the Union nappear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the mast calebrated physicians of modern times, the late Dr. Caris-topher Wilhelm Hoofaud, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in attordered condition of the stomach, the liver and the in-testines. Nine Philadelphia papers express their convic-tion of its excellence, and several of the editor speak of its effects from their own individual experience. Under these circumstances we feel warranted not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Lekson's bergermino, but in recommending the ar-C. Your condition cannot be more helpless than that of Mrs. Rowe.

"This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although I had in attendance three phy sicians, one of whom was considered very skillful, all of their efforts proved alike unavailing. At last one of the physicians came ir, and decided that I could not live more than one day longer! All of my friends believed that a few days at most would end my earthly career.

My brother at this crisis, hearing of the astonish-ing cures made by Dr. Rodgers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine ; and, strange to tell, before I had used half a bottle my cough was entirely cured, and when I had used two, bottles I was able to attend to my family vocations as usual HARRIET ROWE.

Mr. Merriweather writes as Follows:

Mr. A. L. Scovill, Dear Sir-Dr. Rogers' Liver wort and Tar came safe to hand. I have sold a number of bottles. I has met with great success A young man of this place, supposed to have the consumption, has been entirely cured.

The following pertificate from col. Samuel G. Taylor, a gentleman of high standing and extensive acquaintance through the southern states, and lately appointed con-ul to New Grenada, commends itself to the attention of all.

New Yrrk, January 7, 1848. Messrs. A. B. & D. Sands-Ocd lemen: Having used and witnessed the effects of your va uable preparation of Sarsaparilla ou different persons in different parts of the southern country. viz-Viginia, Louisian, Texas and Mexico, I fee! much pleasure in stating the high opinion entertained of its medicinol value. In my own case, it acted almost like a charm, removing speedily, the enervated state of the system, and exciting in the most agreeable manner, a tonic and invigorating influence.

Your Sarsaparilla is highly approved and extensively used by the army in Mexico, and my cousin, Gen. Zachary Taylor, has for the past five years been in the habit of using it, and recommends the same; he and myself adopted the article at the same time, and it is now considered an ulmost in dispensable article in the army. In conclusion, I would say that the better it is known, the more highly it will be prized, and trust that its health restoring virtues will make it generally known throughout the length and breadth of our widely extended country. You s very respectfully, S. G. TAYLOR, U. S. Consul to N. Granada

I must say, gentlemen, when I commenced using the Sarsaparilla, I did not place much confidence in its virtues; and this will not surprise you when I inform you that I had tried more than lif y different remedies during the pas four years without any success; but after taking your Sarsaparilla a tew weeks, I was obli ed to yield at last to evidence. This marvellous specific has not only relieved, but cured me; and I therefore think it my duty gentlemen, for the benefit of suffering humanity, to give you this attestation of my D PARENT.

A certain remedy, for all fixed pains in the Side, Chest Loins, Back, Bowels, Mo-cles, Rhenmatism in all its va-ried forms, Nervous Affections, Ling and Liver Com-plaints. The sales throughout every city, town and village in the United States, are without a parallel! A circumstance not surprising, when the vast amount of

human call ring relieved by its use is considered. In spi-nal defects, the benefit usually is of the most decided character. In Nerveus Complaints, nineteen cases out of twenty readily yield to the penetrating stimula combined in this valuable preparation. In Rheumstism, either active or chronic, the claims of

the Hebrew Plaster have long since been universally ac-knowledged. Those who are laboring under weak backs, no matter from what cause the weakness may have origin nated-even if such persons have been misguided in pre-vious applications-in the use of the Hebrew Plaster they will find the affected part suddenly restored to its origindness. As a supporter in cases of constitutional weaknes it will

be found of great advantage. It is particularly recom-mended to females who are suffering from sudde weak ness, or general debility. In short, it ombraces all the virtues which the most scientific mind was capable of com-pounding from valuable substances found in the old world and will be found entirely free from those objections which are a source of compaint with the numerous spread-plasters now before the public.

Where this Pluster is applied, pain cannot exist. These Plasters possess the advantage of being put up in air-tight boxes, hence they retain their full virtues in all climates.
