"A GREAT MEDICINE"

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, naless thoroughly convinced of their value. Among those we consider worthy of notice is the Ferman Bitters, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Fraham Brabill, of this country, was very seriously affilized with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after using it, was so much relieved of his distressing malady that he procured another bottle, and is restored entirely to health.

The "Philadelphia Democrat," the leading German jour-nal of Philadelphia. The editor said, Nov-24th— "We again call attention to the removal of the German Medicine store; the principal depot for the sale of Dr. Hoof-land's German Bittern, from 278 Race to 120 Arch street, land's German Bitters, from 278 Race to 120 Arch street, one door below Sixth. Owing to the increased demand for this medicine, and for the accommodation of his numerous patients, Dr. Jarkson has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the greatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhosa has come under our notice, wherein the patient had exhausted the Materia Medicas of the different schools of medicine with measurement benefit. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although I had in attendance three physicians, one of whom was considered very skillful, all of their efforts proved alike unavailing. At last one of the physicians came in, and decided that I could not live more than one day longer! All of my friends believed that a few days at most would end my earthly career.

My brother at this crisis, hearing of the astonishing cures made by Dr. Rodgers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine; and, strange to tell, before I had used half a bottle my cough was entire y cured, and when I had used two bottles I was able to attend to my family vocations as usual.

The following certificate from one of the most distin, guished physicians in Cincinnati, is entitled to great credit:

I feel constrained from a sense of duty to make the following statement conscious that it may appear upprofessional. M. Charles Wade, of this city, was quite low with Pulmonary Consumption, for which I had been treating with less than usual sneeds.

At his required, and treating with less than usual success. At his request, and that of his friends, I permitted him to try Dr Rogers's Liverwort and Tar; and I must confess that its effects were really surprising. After using the second bottle my visits were discontinued, and he was soon restored to pearls. I do conscientiously recommend my brother practioners to prescribe this remedy in all pulmonary consistents which baffle the ordinary mode of treatment.

Sidnky, : ew Jersey, July 12, 1848. DR. A. H. CHRII IR—Dear Sir You wish to know of me what has been the . wult in my or n case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

follows:

For about twenty years I had I een suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment sia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About foursees year since, in consequence of frequent exposure to the weather in the discharge of my pastoral duties, I became subject it a severe Chronic Rheumatism, which for year after yes, caused me indescribable anguish. Farther: in the winter of '46 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My nerveus system was new thoreuschig prestructed, and as my Bronchitis became worse, so also did my Dyspepsia and Rheur atic affection—thus evincing that these disorders were connect ed with each other through the medium of the Nervous System. In the whole pharmacopois there seemed to be no remedial agent which could reach and recuperate my Nervou System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency.) I determined to try the effect of the applicatio. of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. To my orkat associatements, it was reasted to preserved a sincle service on account ethics. There is not a sincle service on account ethics and was experiment. I have recommended the BELT and FUID to many whe have been likewise suffering from 1 suralgic affections. They have tried them, with havy age Lt. I allowed. I am, dear sir, ver respectfully yours,

Tic Doloreux and Neuralgia.

These dreadful and agonizing complaints are immediately relieved by the application of the Galvanic Belt. Negalack and Fluid. The Belt diffuses the Electricity through the system; the Necklace has a local effect, and the Fluid acts directly upon the affected nerves. In these distressing afflictions the application NEVER FAILS.

FITS AND CONVULSIONS.

These alarming and terrible complaints are always caused by a derangement of the Nerver. The Britz, Brackers are Figure will cure nearly every case, no matter how young of sld the patient, or how confirmed the complaint. Numerous and astonishing proofs are in possession of the proprietor.

The following pertificate from col, Samuel 6. Taylor, a gentleman of high standing and extensive acquaintance through the southern states, and lately appointed consul to New Granda, conmends itself to the attention of all.

New York, January 7, 1848. Mesers. A. B. & D. Sands-Oed lemen: Having used and witnessed the effects of your va uable preparation of Sareaparilla ou different persons in different parts of the southern country, viz-Viginia, Louisian, Texas and Mexico, I feel much pleasure in stating the high opinion enter-tained of its medicinol value. In my own case, it acted almost like a charm, removing speedily, the enervated state of the system, and exciting in the most agreeable manner, a tonic and invigorating

Your Sarsaparilla is highly approved and exten-sively used by the army in Mexico, and my cousin, Gen. Zachary Taylor, has for the past five years been in the habit of using it, and recommen same he and myself adopted the worde at the same time, and it is now considered an ulmost is dispensable article in the army. In conclusion, would say that the better it is known, the us nighly it will be prized, and trust that its health restoring virtues will make it generally know throughout the length and breadth of our willer

extended country. You a very respectfully, S. G. TAYLOR, U. S. Consul to N. Grandel

REMARKABLE CURR OF BRONCHITIS.

New York, Feb. 17, 1812.-Messrs Sands: 11 ving suffered many years with a disease of my throat, affecting the laryrx, during which time I was treated by the most eminent physicians in Europe and the United States, without receiving any permanent benefit, but all the time my general health and strength declining, and the disease making fearful progress; caustic applications were used, and whatever else was thought most efficient for producing a cure; but I am confident the deplorable situation I was in, the laryngitis bring acc companied with phthisis and great difficulty in breathing, would soon have terminated ny life, had I not obtained relief through your invaluable Sare saparilla. I must say, gentlemen, when I commenced using the Sarsaparilla, I did not place much confidence in its virtues; and this will not surprise you when I inform you that I had treet more than fif y different remedies during the pa-four years without any success; but after taking your Sarsaparilla a tew weeks, I was obliged to yield at last to evidence. This marvellous specific has not only relieve, but cured me; and I therefore think it my duty gentlemen, for the benefit of suffering humanity, to give you this attestation of my D PARENT.

Crusulate of France in the U. States. The above statement and signature were acknowledged in our presence by Mr. D. Parent, as
