The Great Cough Remedy. VATER'S CHERRY FECTORAL

For the Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP ASTHMA and CONSUMPTION

4

The annals of medical science, affording as they du ample proot of the power and value of many medical agents, have turnished no examples to compare with the salutary effects produced by "AVFR'S CLERRY PECTORAL."

The remarkable cures of the disease of the Lungs which have been realized by its use, attested as they are by many prominent professors and physicians in this and foreign lands, should encourage the afflicted to persevere with t e strong 28surance that the use of the 'Cheary Pectoral' will relic vo and ultimately cure them.

We present to the public unsolicited testimonials from some of the first men in our country, upon whose judgement and experience implicit con-

tidence may be placed. Dr PERKINS, President Vt. Medical College, one of the newst learned and intelligent physicians in the country, considers it a "composition of rare excellence for the cure of that formidable disease, Consumption."

NORWICH, April 26, 1946. Dr. J. C. Ayer-Dear Sir :- Agreeable to the request of your agent, we will cheerfully state we have known of the effects of your CHER-**RY PECTORAL** and they have been astonishing indeed. Mrs. Betsey Streeter had been afflicted with a severe and relentless cough, which reduced her very low ; so low that little hope could be entertained of her recovery, Numerous remedies had been tried without effect, before the Cherry Pectoral. And that has cured her. Gearge Watkinson Esq., had to our knowledge been afflicted with asthma, for eleven years, and grown yearly worse, until the Cherry Pectoral has now removed the disease and he is as free from any of its symp toms as we are. The Rev. Mark Dane had been so severely attacked with the Bronchitis, as to disable him from his duties, and nothing had afforded him relief until I (Mr. Thorniag) carried him a bottle of your Pectoral, which cured him at once. and he now officiates as usual in this place.

These are three of the cases in which we have kdown it successful, but never tail. We have great pleasure in certilying ,o these facts ; and are respected sir, your humble servants.

RER. D. THORNING. HON. J. BATTLES.

Among the distinguished authorities who have given their names to recommend "Cherry Pectorat," as the best, remedy that is known for the A. fections of the lungs, are "London Lancet," "Canadia: Journal of medical Science," "Boston Medical and Surgical Journal," "Charleston (S.S.) med cal Review," "New Jersey Medical Report-er," Prof. Webster, Harvard College, Prof, Bart. lett, Transalvania University of mecicine, President Perkins, Vermont medical College, Dr. Valentine Mott. New York City, Parker Cleveland, Bowdon College, Prof. Butterfield, Willoughby College, Ohio, Prof. Brailhwaite, Leeds (Eng. medical School, Sir Richard Kane, Queen's Col lege, Ireland, Prof. Rosenbaum, Leipsic.

The public have but to know the virtues and as tonishing success of the "Cherry Pectoral," in curing diseases of the lungs, when they will feel secure from these dangers, whenever this remedy can be obtained.

Their power over the above discass is not excelled, i, equalled, by any other preparation in the United States is the curve attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Posessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

"A GREAT MEDICINE "

"We have uniformly refrained from recommending to the public any of the various l'atent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, inven-ted by Dr. Hoofand, and prepared by Dr. Jackson, in Phil-adelphia. One instance in particular, in which the supe-rior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of rior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Brabill, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after using it, was so much relieved of his distressing mal-ady that he procured another bottle, and is restored entire-ly to bealth ly to health

The "Philadelphia Democrat," the leading German Jour-nal of Philadelphia. The editor said, Nov? 24th— "We again call attention to the removal of the German Menicine store, the principal depot for the sale of Dr Hoof-land's German Bitters, from 278 Race to 120 Arch street, one door below Sixth. Owing to the increased demand for this medicine, and for the accommodation of his numer-ous patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the groatest medicine extant for disease of the Liver and Bowels. A stubborn case of Chronic Diarrhoza has come under our notice, wherein the patient had exhausted the Materia Medicas of the different schools of medicine with mo apparent benefit. He was induced to the these bitters, Materia Medicas of the different schools of medicine with no apparent benefit. He was induced to use these bitters, and a few bottles of them have entirely cured him: Many uch cases we could refer to. We hope our readers will recollect this great restorative, should they be so unfortu-nate as to require its use Dr. Jackson possesses the orig-imal unpublished receipt of Dr. Hooffand, and he prepares this medicine with this care. Those purchasing should call at his store, or see that his name is written upon the wrapper outside, and blown in the bottle, as imitations of all good articles are common."

literary attainments, said in his "New York Weekly Mes-senger, Jan. 6. 1850, "Dr. HOOPLAND'S GERMAN BITTERS.—Here is a pre-paration which the leading prosess in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern tim s, the late Dr. Chris-topher Wilhelm Hoofland, Professor to the University of Jena. Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in liver complaint, dyspepsia, debility, vertigo, acidity of the stomach, constipation, and all complaints arising from a disordered condition of the stomach, the liver and the indisordered condition of the stomach, the liver and the in-testines. Nine Philadelphia papers express their convic-tion of its excellence, and several of the editors speak of its effects from their own individual excerience. Under these circumstances we feel warranted not only in calling the attention of our readers to the present proprietor's (Dr. C. M, Jackson's) preparation, but in recommending the ar-ticle to all afflicted."

Late Professor in Cincinnali Eclectic Medical College

Mr. A. L. Scovill ; However reluctant I have been to permit my name to be attached to patent medicine, I consider it a duty to the community to state that in three cases of incipient consumption, viz : miss Bell, Miss Barger, and mr. R H. Cox, one of our City (ouncil, that Dr. Rogers' Liverwort and Tar operated more like a specific than like any other remedy, that I ever used. Cincinnati, Nov. 8th, 1847.

Despair not though your Physicians and Friends give you up to die !!!

Your condition cannot be more helpless than that of mrs. Rowe.

This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although I had in attendance three physicians, one of whom was considered very skillful, all of their efforts proved alike unavailing. At last one of the physicians came in, and decided that I could not live more than one day longer ! All of my friends believed that a few days at most would end my earthly career.

My brother at this crisis, hearing of the astonish-ing cures made by Dr. Rodgers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine ; and, strange to tell. before I had used half a bottle my cough was entirely cured, and when I had used two bottles I was able to attend to my family vocations as usual. HARRIET ROWE.

Mr. Merriweather writes as Follows:

mr. A. L. Scovill, Dear Sir-Dr. Rogers' Liver wort and Tar came safe to hand. I have sold a number of bottles. I has met with great success. A young man of this place, supposed to have the consumption, has been entirely cured.

Mr. Charles Wade, of this city, was quite low with Pulmonary Consumption, for which I had been treating with less than usual success. At his request, and that of his Iriends, I permitted him to try Dr. Rogen's Liverwort and Tar; and (must confess that its effects were really surprising. After using the second bottle my Liverwort and Tar; and I must contess that its effects were really surprising. After using the second bottle my visits were discontinued, and he was soon restored to pealth. I do conscientiously recommend my brother prac-tioners to prescribe this remedy in all pulmonary com-ilaints which baffle the ordinary mode of treatment. WILLIAM I BIG HARDS: M D WILLIAM J.
