For the Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP ASTHMA and CONSUMPTION

The annals of medical science, affording as they do ample proof of the power and value of many medical agents, have turnished no examples to compare with the salutary effects produced by "AYFR'S CLERRY PECTORAL."

The remarkable cures of the disease of the Lungs which have been realized by its use, attosted as they are by many prominent professors and physicians in this and fareign lands, should encourage the afficted in persevers who the strong assurance that the use of the Cheary Pectoral will relieve and nitimately cure them.

We present to the public unsolicited testimonials from some of the first men in our country, upon whose judgement and experience implicit costidence may be placed.

Dr PERKINS, President Vt. Medical College one of the most learned and intelligent physicians in the country, considers it a "composition of rare excellence for the cure of that formidable disease, Constantion."

Norwich, April 26, 1946. Dr. J. C. Ayer-Dear Sir :- Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your CHER-RY PECTORAL and they have been astonishing indeed. Mrs. Betsey Streeter had been afflicted with a severe and relentless cough, which reduced her very low; so low that little hope could be entertained of her recovery, Numerous remedies had been tried without effect, before the Cherry Pectoral. And that has cured her. Gearge Wat-kinson Esq., had to our knowledge been afflicted asthma, for eleven years, and grown yearly a until the Cherry Pectoral has now removed the disease and he is as free from any of its symp, tons as we are. (The Rev. Mark Dane had been so severely attacked with the Bronchitis, as to disable him from his duties, and nothing had afforded him relief until I (Mr. Thorniag) carried him a bottle of your Pectoral, which cured him at once, and he now officiates as usual in this place.

These are three of the cases in which we have kdown it successful, but never fail. We have great pleasure in certifying to these facts; and are respected sir, your humble servants. RER. D. THORNING.

HON, J. BATTLES.

Among the distinguished authorities who have given their names to recommend "Cherry Pectoras the best remedy that is known for the A. fections of the lungs, are "London Lancet," "Ca-nada: Journal of medical Science," "Boston Medical and Surgical Journal," "Charleston (S. S.) med cal Review," "New Jersey Medical Reporter, Prof. Webster, Harvard College, Prof, Bact. tuline Mort. New York City, Parler Cleveland

College, Ohio, Prot. Brauchwaite, Leeds (Eng.) medical School, Sir Richard Kane, Queen's College, Ireland, Prof. Rosenbaum, Leipsic. The public have but to know the virtues and as-

tonishing success of the "Cherry Pectoral," in curing diseases of the lungs, when they will feel secure from these dangers, whenever this remedy can be obtained.

Nature will be much assisted by their use, in anticipation of certain periods, or where there is irregularity, suppression or absence of the natural changes, and will relieve the suffering, pain and distress common to many at those periods. There are other times, also, when the married and single will find them useful

Mothers do not mistake the ailings of your daughters; when afflicted with Head-ache, Dizziness, Fainting, Loss of Appetite, Sickness of the Stomach, Pains in the Sides or Breasts, Pains along the Back, Spine or across the Loins, Hysterical or Nervous feeling, Depression or Lowness of the Spirits, Melancholy Dislike to exercise and society, Palpitation of Heart, Bleeding at the nose &c. Too often are medicines given them for Liv er complaints, D spepsia, Consumption, &c., when the real cause is not suspected; and through improper medicines and treatment their constitutions are destroyed; and their constitutions are de stroved, and they become miserable during life.

Thousands of Females in Philadelphia, New York, Boston, Baltimore and elsewhere know the efficacy of those Pills, and many could be referred to, but delicacy and respect to the sex forbids it.

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

PREPARED BY DR. C. M. JACKSON, AT THE GERMAN MEDICINE STORE, 120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, ualled, by any other preparation in the United State the cures attest, in many cases after skilful physcians

had failed.

These Kitters are worthy the attention of invalids. Powershing great virtues in the rectification of diseases of the westing the most searching Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

READ AND BE CONVINCED. Chas. Robinson, Esq . Easton, Md., in a letter to I'm Jackson, Jan. 9, 1859; said "My wife and myself have received more benefit from

your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Teuth Legion," published at Weedstock, Va., Jan. 10, 1859, said—

"A GREAT MEDICINE" "We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Dr. Hoodand, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Brabill, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after using it, was so timely relieved of his distressing malady that he produced another bottle, and is restored entired to the lath.

ly to health. HEAD FURTHER A FEW FACTS. The "Philadelphia Democrat," the teading German jeur-nal of Philadelphia. The editor said, Nov. 24th.... We again call attention to the removal of the German Medicine store, the principal depot for the sale of Dr Hoofland's German Bitters, from 278 Race to 120 Arch street, one door below Sixth. Owing to the increased demand for this medicine, and for the accommodation of his numerous patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; be is described of it. The Bitters Mixture is without doubt larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the grantest medicine extant for diseases of the Liver and the greatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarritica has come under our notice, wherein the patient had exhausted the Materia Medicas of the different schools of medicine with no apparent benefit. He was induced to use these bitters, and a few bottles of them have entirely cured him: Many uch cases we could refer to. We hope our readers will recollect this great restorative, should they be so unfortunate as to require its use. Dr. Jackson possesses the original contracts of the property of the propert nate as to require its use Dr. Jackson possesses the original unpublished receipt of Dr. Hoofland, and he prepares this medicine with this care. Those purchasing should call at his store, or see that his name is written upon the wrapper outside, and blown in the bottle, as imitations of

Jun. 6, 1850. "DE HOOFLAND'S GERMAN BITTERS.—Here is a preparation which the leading presses in the Union appear to be manimous in recommending, and the reason is obvious. t is made after a prescription furnished by one of the nos It is made after a prescription furnished by one of the most celebrated physicians of modern tim s, the late Dr. Chris-topher Wilhelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany bas ever produced. He was emphatically the enemy of humbur, and therefore ne of which he was the inventor and endorser may be confidently relied on. He specially recommended it is be confidently relied on. He specially recommended it in liver complaint, dyspepsia, debility, vertigo, acidity of the stonach, constipation, and all complaints arising from a disordered condition of the stonach, the liver and the in-testines. Nine Philadelphia papers express their convic-tion of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances we feel warranted not only in calling the aftention of one-studers to the present promistor's (1): the attention of one readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says of DR. HOOFLAND'S GERMAN BITTERS.

"It is seldon that we recommend what are termed Pat ent Medicines to the confidence and patronage four read-ers, and therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are n is al about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long chaclished, universally prized, and which has met

earty approval of the Faculty itself." the hearty approval of the Faculty usen.

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest resimony in its favor, is, that there is more of it usep in the practice of the regular Physicians Philadelphia than all other rostrums combined, a fact of Philadspina than an other that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval

hen presented even in this form. That this medicine will cure liver complaint and dyspepth, no one can doubt, after using it as directed. It acts the ifically upon the stomach and liver—it is preferable to aomel in all bilions diseases—the effect is immediate.—

y can be administered to female or infant with safety and reliable benefit, at any time

Mr. A. L. Scovill: However reluctant I have been to permit my name to be attached to patent medicine, I consider it a duty to the community to state that in three cases of incipient consumption, viz: miss Bell, Miss Barger, and mr. R H. Cox, one of our City o ouncil, that Dr. Rogers' Liverwort and Tar operated more like a specific than like any other remedy, that I ever used. give you up to die!!! Your condition cannot be more helpless than that of mrs. Rowe.

This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although I had in attendance three physicians, one of whom was considered very skillful, all of their efforts proved alike unavailing. At last one of the physicians came ir, and decided that I could not live more than one day longer! All of my friends believed that a few days at most would end my earthly career.

My brother at this crisis, hearing of the astonishing cures made by Dr. Rodgers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine; and, strange to tell, before I had used half a bottle my cough was entirely cured, and when I had used two bottles I was able to attend to my family vocations as usual. HARRIET ROWE.

Mr. Merriweather writes as Follows:

mr. A. L. Scorill, Dear Sir-Dr. Rogers' Liver wort and Tar came safe to hand. I have sold a number of bottles. I has met with great success. A young man of this place, supposed to have the consumption, has been entirely cured. I. MERRIWEATHER.

Mr. Charles Wade, of this city, was quite low with Pulmonary Consumption, for which I had been treating with less than usual success. At his request, and that of his friends, I permitted him to try Dr. Rogers's Liverwort and Tar; and I must confess that its effects were really surprising. In my own case, it acted almost like a charm, removing speedily, the enervated state of the system, and exciting in the most agreeable manner, a tonic and invigorating

offuence. Your Sarsaparilla is highly approved and exten sively used by the army in Mexico, and my cousing Con Zachary Taylor, has for the past five years been in the habit of using it, and recommends the same; he and myself adopted the article at the same time, and it is now considered an ulmust indispensable article in the army. In conclusion I would say that the bester it is known, the more highly it will be prized, and trust that its health restoring virtues will make it generally known throughout the length and breadth of our widely extended country. A ru s very respectfully, 8. G. TAYLOR, U. S. Consul m N. Ginnada

REMARK ABLE CERN OF BRONCHITIS.

New York, Pea 17, 1915 .- messrs Sands: Ifaving suffered many years with a disease of my throat, affecting the lary x, during which time I was treated by the most eminent physicians in Europe and the United States, without receiving ermanent Lesetit but all the time my ger at health and strength declining, and the disease making tearful progress; caustic applications were used, and what ver else was thought most efficient for producing a cure; but I am confident the deplorable situation I was in, the laryngitis being accompanied with phthisis and great difficulty in breathing, would soon have terminated my life, had I not obtained relief through your invaluable Sarsupar lla. I must say, gentlemen, when I emitmenced using the Sarsaparilla, I did not place much confidence in its virtues; and this will not surprise, you when I inform you that I had tried more than hi v different rem dies during the pas tour years without any success; but after taking your Sarsaparilla a tew weeks, I was obli ed to yield at last to evidence. This marvellous specific has not only relieved, but cured me; and I therefore think it my duty gent'e men, for the benefit of suffering humanity, to give you this attestation of my Crnsulate of France in the U. States.

The above statement and signature were acknowledged in our presence by mr. D. Parent, as true. For the Consul Gen ral of France, 1. BORG, Vice-consul.

The following interesting case is presented, and the reader invited to its careful perusal-comment on such evidence is unnecessary.

New York, April 26, 1847. Messrs Sands: Gentlemen-Having long been afflicted with general debity, weakness, loss of appetite, &c., receiving no benefit from the various remedies prescribed, I concluded, about three months since, to make use of your Sarsaparilla. I now have the pleasure of infor .ing you that its effects have been attended with the happiest resuits in restoring my hearth, and I am induced to add my testimony to the many others you already possess, and those desiring further information, I persanal y give the particulars of my case, and the effects of this invaluab e medicine, by calling
