In my own case, it acted almost like a charm, removing speedily, the enervated state of the system, and exciting in the most agreeable manner, a tonic and invigorating nfluence.

Your Sarsaparilla is highly approved and extensively used by the army in Mexico, and my cousin, Gen. Zachary Taylor, has for the past five years been in the habit of using it, and recommends the same; he and myself adopted the article at the same time, and it is now considered an ulmost in dispensable article in the army. In conclusion, I would say that the better it is known, the more highly it will be prized, and trust that its health restoring virtues will make it generally known throughout the length and breadth of our widely

extended country. You's very respectfully, S. G. TAYLOR, U. S. Consul to N. Granada

REMARKABLE CURE OF BRONCHITIS. New York, Feb. 17, 1848 .- messrs Sands: Having suffered many years with a disease of my throat, affecting the larynx, during which time I was treated by the most eminent physicians in Europe and the United States, without receiving any permanent benefit, but all the time my generealth and strength declining, and the disease making fearful progress; caustic applications were used, and whatever else was thought most efficient for producing a cure; but I am confident the deplorable situation I was in, the laryngitis bring accompanied with phthisis and great difficulty in breathing, would soon have terminated my life, had I not obtained relief through your invaluable Sarsaparilla. I must say, gentlemen, when I commenced using the Sarsaparilla, I did not place much confidence in its virtues; and this will not surprise you when I inform you that I had tried more than fifty different remedies during the pas four years without any success; but after taking your Sarsaparilla a few weeks, I was obliged to yield at last to evidence. This marvellous sperific has not only relieve, but cured me; and I therefore think it my duty gentlemen, for the benefit of suffering humanity, to give you this attestation of my TARENT.

The Great Cough Remedy.

For the Cure of COUGHS, COLDS HOARSENESS, BROWCHITIS, WHOOPING COUGE, CROUP ASTHMA and CONSUMPTION

The annals of medical science, affording as they do ample proof of the power and value of many medical agents, have furnished no examples to compare with the salutary effects produced by "AYER'S CLERRY PECTORAL."

The remarkable cures of the dispase of the Lungs which have been realized by its use, attested as they are by many prominent professors and physicians in this and foreign lands, should encourige the afflicted to persevere with the strong assurance that the use of the Cheary Pectoral will relieve and ultimately cure them.

We present to the public unsolicited testimonials from some of the first men in our country, upon whose judgement and experience implicit contidence may be placed.

Dr. PERKINS, President Vt. Medical College,

ne of the most learned and intelligent physicians in the country, considers it a "composition of rare excellence for the cure of that formidable disease,

Norwich, April 26, 1946. Dr. J. C. Aver-Dear Sir :- Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your CHER-RY PECTORAL and they have been astonishing indeed. Mrs. Betsey Streeter had been afflicted with a severe and relentless cough, which reduced her very low; so low that little hope could be entertained of her recovery, Numerous remedies had been tried without effect, before the Cherry Pectoral. And that has cured her. Gearge Watkinson Esq., had to our knowledge been afflicted with asthma, for eleven years, and grown yearly worse, until the Cherry Pectoral has now removed the disease and he is as free from any of its symp toms as we are. The Rev. Mark Dane had been so severely attacked with the Bronchitis, as to dis able him from his duties, and nothing had afforded him relief until I (Mr. Thorniag) carried him a bottle of your Pectoral, which cured him at once, and he now officiates as usual in this place.

These are three of the cases in which we have kdown it successful, but never tail. We have great pleasure in certifying ,o these facts ; and are respected sir, your humble servants.

RER. D. THORNING. HON. J. BATTLES.

Among the distinguished authorities who have given their names to recommend "Cherry Pectoral," as the best remedy that is known for the A. fections of the lungs, are "London Lancet," "Canadia: Journal of medical Science," "Boston Medical and Surgical Journal," "Charleston (S. S.) med cal Review," "New Jersey Medical Report-er," Prof. Webster, Harvard College, Prof, Bart. lett. Among those we consider worthy of notice is the German Bitters, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Brabill, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after nsing it, was so much reflexed of his distressing malady that he procured another bottle, and is restored entiready that he procured another bottle, and is restored entire

Owing to the increased demand for this medicine, and for the accommodation of his namerous patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the publisher artists for discass of the Lives and harger store.

The Bitters Mixture is without doubt the groatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhoa, has come under our notice, wherein the patient had exhausted the Materia Medicas of the different schools of medicine with no apparent benefit. He was induced to use these bitters, and a few bottles of them have entirely cured him: Many uch cases we could refer to. We hope our readers will recollect this great restorative, should they be so unfortunate as to require its use. Dr. Jackson possesses the original unpublished receipt of Dr. Hoofland, and he prepares this medicine with this care. It is made after a prescription furnished by one of the most celebrated physiciaus of modern tim's, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. H. specially recommended it in liver complaint, dyspepaia, debility, vertigo, acidity of the stomach, constipation, and all complaints arising from a liver complaint, dyspepaia, dentity, verigo, action of the stomach, constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances we feel warranted not only in calling the attention of our readers to the present proprietor's Or. C. M. Your condition cannot be more helpless than that of mrs. Rowe. This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly

worse. Although I had in attendance three physicians, one of whom was considered very skillful, all of their efforts proved alike unavailing. At last one of the physicians came in, and decided that I could not live more than one day longer! All of my friends believed that a few days at most

would end my earthly career. My brother at this crisis, hearing of the astonishing cures made by Dr. Rodgers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine; and, strange to tell, efore I had used half a bottle my cough was entirely cured, and when I had used two bottles was able to attend to my family vocations as usual

Mr. Charles Wade, of this city, was quite low with Pulmonary Consumption, for which I had been treating with less than usual success. At his request, and that of his friends, I permitted him to try Dr. Rogers's Liverwort and Tar; and I must confess that its effects were really surposing. After thing the second bottle my were really surprising. After using the second bottle my visits were discontinued, and he was soon restored to penth.
