

The Great Cough Remedy.

For the Cure of
**COUGHS, COLDS,
HOARSENESS, BRONCHITIS,
WHOPING-COUGH, CRUP,
ASTHMA and CONSUMPTION**

The annals of medical science, affording as they do a ample proof of the power and value of many medical agents, have furnished no more successful remedy to compare with the salutary effects produced by "AYER'S CHERRY PECTORAL."
The remarkable cures of the disease of the Lungs which have been realized by its use, attested as they are by many prominent professors and physicians in this and foreign lands, should encourage the afflicted to persevere with the strong assurance that the use of the "Cherry Pectoral" will relieve and ultimately cure them.

We present to the public unsolicited testimonials from some of the first men in our country, upon whose judgment and experience implicit confidence may be placed.
Dr. PERKINS, President of the Medical College, one of the most learned and intelligent physicians in the country, considers it a "composition of rare excellence for the cure of that formidable disease, Consumption."

Norwich, April 26, 1846.
Dr. J. C. Ayer—Dear Sir:—I agree to the request of your agent, we will cheerfully state what we have known of the effects of your **CHERRY PECTORAL** and they have been astonishing indeed. Mrs. Betsey Streeter had been afflicted with a severe and relentless cough, which reduced her very low; so low that little hope could be entertained of her recovery. Numerous remedies had been tried without effect, before the **Cherry Pectoral**. And that has cured her. George Watkinson Esq., had to our knowledge been afflicted with asthma, for eleven years, and grown yearly worse, until the **Cherry Pectoral** has now removed the disease and he is as free from any of its symptoms as we are. The Rev. Mark Dane had been severely attacked with the Bronchitis, as to disengage him from his duties, and nothing had afforded him relief until I (Mr. Thorning) carried him a bottle of your Pectoral, which cured him at once, and he now officiates as usual in his place.

These are three of the cases in which we have known it successful, but never fail. We have great pleasure in certifying to these facts; and are respected sir, your humble servants.
**R. D. THORNING,
HON. J. BATTLES.**

Among the distinguished authorities who have given their names to recommend "Cherry Pectoral," as the best remedy that is known for the Affections of the lungs, are "London Lancet," "Canadian Journal of Medical Science," "Boston Medical and Surgical Journal," "Charleston (S. C.) Medical Review," "New Jersey Medical Reporter," "Prof. Webster, Harvard College," Prof. Bartlett, Transylvania University of medicine, President Perkins, Vermont Medical College, Dr. Valentine Mott, New York City, Parker Cleveland, Bowdoin College, Prof. Butterfield, Willoughby College, Ohio, Prof. Braithwaite, Leeds (Eng.) medical School, Sir Richard Kane, Queen's College, Ireland, Prof. Rosenbaum, Leipzig.
The public have but to know the virtues and astonishing success of the "Cherry Pectoral," in curing diseases of the lungs, when they will feel secure from these dangers, whenever this remedy can be obtained.

CAN BE EFFECTUALLY CURED BY
**DR. HOOFLAND'S
CELEBRATED GERMAN BITTERS,**
PREPARED BY
**DR. C. M. JACKSON,
AT THE GERMAN MEDICINE STORE,
120 Arch Street, Philadelphia.**
Their power over the above diseases is not excelled, it is equalled by any other preparation in the United States as the cures attest, in many cases after skillful physicians had failed.
These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and other glands, exercising the most searching power on the weak and affections of the digestive organs, they are, without fail, certain and pleasant.
READ AND BE CONVINCED.
Chas. Robinson, Esq., Easton, Md., in a letter to J. R. Jackson, Jun. 9, 1850, said—
"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."
"The Teeth Legion," published at Woodstock, Va., Jan. 10, 1850, said—
"A GREAT MEDICINE"
"We have uniformly refrained from recommending to the public any Patent Medicines of the day, unless they are highly recommended by some of our countrymen worthy of notice in the German Bitters, invented by Dr. Hooffland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Brabb, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after using it, he was so much relieved of his distressing malady that he procured another bottle, and is restored entirely to health.
READ FURTHER A FEW FACTS.
The "Philadelphia Democrat," the leading German journal of Philadelphia. The editor said, Nov. 24th—
"We again call attention to the removal of the German Medicine Store, the principal depot for the sale of Dr. Hooffland's German Bitters, from 278 Race to 120 Arch street, in this city. Owing to the increased demand for this medicine, and for the accommodation of his numerous patients, Dr. Jackson has been compelled to occupy a larger store. We wish his success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the greatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhoea has come under our notice, wherein the patient had exhausted the most powerful medicines of the different schools of medicine with no apparent benefit. He was induced to use these Bitters, and a few bottles of them have entirely cured him. Many such cases we could refer to. We hope our readers will recollect this great restorative, should they be so unfortunate as to require its use. Dr. Jackson possesses the original and unpublished receipt. Dr. Hooffland, and he prepares this medicine with his care. Those purchasing should call at his store, or see that his name is written upon the wrapper around, and blown in the bottle, as intimations of all good articles are common."
Judge M. M. Noah, a gentleman with great scientific and literary attainments, said in his "New York Weekly Messenger," Jan. 6, 1850.
"Dr. HOOFLAND'S GERMAN BITTERS—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hooffland, Professor to the University of Jena. Private Physician to the King of Prussia, and one of the greatest medical writers of Germany has ever produced. He was eminent as the enemy of bluntern, and therefore called his medicine, which he was the inventor and endorser may be confidently relied on. It especially recommended in liver complaint, dyspepsia, debility, vertigo, acidity of the stomach, constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances we feel warranted not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."
MORE EVIDENCE.
The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says of DR. HOOFLAND'S GERMAN BITTERS.
"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers, and therefore, when we recommend Dr. Hooffland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are used about for a brief period and then forgotten after they have done their evil, but of a medicine of long standing, which has already acquired, and which has met the hearty approval of the Faculty itself."
Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is that there is more of it used in the practice of the regular Physicians of Philadelphia than any other individual preparation. Under these circumstances we feel warranted not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."**

Upward of Ten Thousand Cures.
Consumption can be Cured!!
DR. ROGERS' COMPOUND SYRUP OF LIVERWORT AN TAR.
For the cure of Consumption and all Diseases of the Lungs and Breast.
FROM DR. HIRAM COX.
Late Professor in Cincinnati Eclectic Medical College
Mr. A. L. Scovill: However reluctant I have been to permit my name to be attached to patent medicine, I consider it a duty to the community to state that in three cases of incipient consumption, viz: Miss Bell, Miss Barger, and Mr. R. H. Cox, one of our City Council, that Dr. Rogers' Liverwort and Tar operated more like a specific than any other remedy that I ever used. One of the cases, viz: Miss Bell, pronounced by several Physicians to be laboring under the last stage of Scrophulous Consumption. She is now in good health, from the use of a few bottles of the above syrup.
Cincinnati, Jan. 25, 1847.
FROM THE HON. JUDGE HENRY MORSE.
Mr. A. Scovill: I am well acquainted with Dr. Hiram Cox and his practice, he having been my physician for many years, and can cheerfully say that I have as much confidence in his skill as any man living.
Cincinnati, Nov. 8th, 1847.

Dr. Keeler's Cordial and Carminative.
Your condition cannot be more helpless than that of Mrs. Rowe.
This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although I had in attendance three physicians, one of whom was considered very skillful, all of their efforts proved alike unavailing. At last one of the physicians came in, and decided that I could not live more than one day longer! All of my friends believed that a few days at most would end my earthly career.
My brother at this crisis, hearing of the astonishing cures made by Dr. Rodgers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine; and, strange to tell, before I had used half a bottle my cough was entirely cured, and when I had used two bottles I was able to attend to my family vocations as usual.
HARRIET ROWE.

Mr. Merrivether writes as Follows:
Mr. A. L. Scovill, Dear Sir:—Dr. Rogers' Liverwort and Tar came into my hands. I have sold a number of bottles. I have met with great success. A young man of this place, supposed to have the consumption, has been entirely cured.
MERRIVETHER.

Demark, Tenn, June 30, 1845.
The following certificate from one of the most distinguished physicians in Cincinnati, is entitled to great credit: I feel constrained from a sense of duty to make the following statement, conscious that it may appear unprofessional, but I believe it is true. My patient, Mr. Charles Wade, of this city, was quite low with Pulmonary Consumption, for which I had been treating with less than usual success. At his request, and that of his friends, I permitted him to try Dr. Rogers' Liverwort and Tar; and I must confess that this medicine was really surprising. After using the second bottle my patient was greatly improved, and he was soon restored to his usual health. I do conscientiously recommend my brother practitioners to prescribe this remedy in all pulmonary ailments which baffles the ordinary mode of treatment.

A RESCUE TO THE AFFLICTED.
THE CELEBRATED
**JEW DAVID'S
HEBREW PLASTER.**
A certain remedy for all fixed pains in the Side, Chest, Loins, Back, Bowels, Muscles, rheumatism in all its varieties, Nervous Affections, Lung and Liver Complaints, Spinal Affections, Female Weaknesses, etc. For the above complaints this plaster has no EQUAL. The great celebrity which has already acquired, not only in the old, but in the new world—the extraordinary cures it has performed in the most extreme cases of suffering, have acquired for it such a reputation, that the proprietor has not—until recently—been able to supply his demand.
The sales throughout every city, town and village in the United States, are without a parallel!
A circumstance not surprising, when the vast amount of human suffering relieved by its use is considered. In spinal defects, the benefit usually is of the most decided character. In Nervous Complaints, nineteen cases out of twenty readily yield to the penetrating stimulus combined in this valuable preparation.
In Rheumatism, either acute or chronic, the claims of the Hebrew Plaster have long since been universally acknowledged. Those who are laboring under weak backs, no matter from what cause the weakness may have originated—even if such persons have been misguided in previous applications—in the use of the Hebrew Plaster they will find the afflicted, art suddenly restored to its original soundness.
A supporter in cases of constitutional weakness it will be found of great advantage. It is particularly recommended to females who are suffering from sudden weakness, or general debility. In short, it embraces all the virtues which the most scientific mind was capable of comprehending from valuable substances found in the old world and will be found entirely free from those objections which are a source of complaint with the numerous practitioners now before the public.
Where this Plaster is applied, pain cannot exist. These Plasters possess the advantage of being put up in airtight boxes, hence the most delicate virtues in all climates. We have just received the following testimonial from C. C. Sellers, an eminent lawyer in successful practice in Wilcox county, Alabama. He is a gentleman in high standing, and one whose influence has great weight:
Camden, Ala., Nov. 21, 1848.
Messrs. Scovill & Mead: Gentlemen—Having been requested to state what has been the result of my experience by the use of your Hebrew Plaster, I cheerfully comply, by saying that I have found it to be a heretofore recommended, an invaluable medicine. In different cases recommended, an invaluable medicine. In different cases of my family I have applied the Plaster to chronic sores, tumors, and pains, and it has never failed to afford instant relief. I have also used it with good effect upon my own person, in the cure of ulcers, with which I have been severely afflicted.
Respectfully, &c.
C. C. SELLERS.
