TO THE PUBLIC.
In consequence of an unfortunate occurrence which recently took place at the South Carolina Female Institute, the undersigned, friends of that institution, are apprehensive that serious injury will be done to it unless the public are properly informed of the facts. The interest we feel in this excellent institution, of which, we think, the State has reason to be proud, together with our desire to do justice to Dr. Elias Marks, its worthy principal, (a gentleman who has for the last forty years been favorably known to the people of this and the adjoining States as a teacher of young ladies,) has prompted us to make the following brief statement to the public:

We believe the affair has been very much exaggerated; but how far the improprieties spoken of were carried we are not prepared to say. We deem it sufficient, however, to state that, in our judgment, Dr. Marks was in no wise to blame; that from the first intimation he received of the affair he has acted with the proper feeling, and properly rid himself and the institution of both the parties charged with offending; that he has shown no disposition to screen either of the offenders, or conceal their imprudence or indiscretion from the public; and that he has afforded every facility in his power but to thorough investigation of the affairs, although he was thereby doing himself a serious pecuniary injury.

We further beg leave to state that as the offending parties have been removed, and as the institute is now under the sole and exclusive management of Dr. Marks and his experienced lady, we consider that all just ground of objection to the institute has been removed, and that we regard it at this time as eminently deserving the support and patronage of the public.

We further state that we have reason to fear that unless the friends of the institute step forward to sustain it, it will be destroyed, to the great detriment of the people of this State.

GOOD INTENTIONS!
Doctor Burgess' Best System!
FOR 1852.
CASH, QUICK SALES AND SMALL PROFITS.
THE beginning of a new year is generally admitted to be a good season for good intentions. I intend to begin on the first day of January, 1852, to close the books for the year as it is commenced, ending by experience that
"A lifetime credit is a dangerous thing."
I am aware that there are many—very many, with a truly worthy and upright character, who will perfectly justify me in a cash business, properly conducted. I am anxious to see you on the principle that when I give you credit on such terms, the twelve months credit of a J. J. Devals is not as good as the cash in hand of the prudent citizen. Such may not be the doctrine usually preached in the streets of Camden, but it is orthodox, nevertheless, and has always been found correct on "balance."
In view of this arrangement, I have resolved to reduce my stock, reducing the profits to the lowest possible point, and established in UNIFORM PRICES to all.
I have now "declared my intentions," and appeal to the public for a liberal support in carrying them out, in return for which I promise you
BETTER BARGAINS
than ever have been offered in Camden—a strong assertion, but one I fully rely upon as correct.
The above is beyond all doubt, the BEST system, combining every advantage to the buyer with every security to the seller, and wherever it has been fairly and honestly carried out, it has invariably succeeded and proved highly popular.
To those who have so liberally encouraged me heretofore, I again return most hearty thanks, and with the extra inducements now offered, I hope confidently, for extra favors, to my Cash and Quick Sales, and support Small Profits.
