The application of the Plaster standards, find great relief from constantly wearing this Plaster. The application of the Plaster between the shoulders the plaster between the shoulders the plaster between the shoulders The application of the Plaster between the shoulders The applicat constantly wearing this Plaster. The application of the Plaster between the shoulders has been found a certain remedy for colds, coughs, Phthi-sic, and Affections of the 'Lungs in their primary stages. It destroys inflammation by perspiration. The following commendation is from an agent residing at Trenton, Tennessee : TRENTON, Gibson Co., Tenn., Nov. 7, '49. Messrs. Scovil & Mead-Gentlemen : The Hebrew Plaster for five hundred dollars a year. She was afflict-ed for some time with an enlargement of the spleen, which gave her a great deal of pain. The swelling and pain had estended up nearly to the armpit, and occasionally she could scarcely breather. She was confined for a consid-erable time, during which she was attended by some of our best physicians, but they gave her no relief. She pro cured a box of the Hebrew Plaster, and it relieved her almost immediately, and now she keeps a supply of it on hand constantly. These facts you are at liberty to use as you think proper-they are substantially true. Respectfully, yours, &c. IESSE J. WELLS. Beware of Counterfeits and Base Imitations !
