GOOD INTENTIONS!!! Better Bargains! Best System!!

FOR 1852. CASH, QUICK SALES AND SMALL PROFITS.

THE heginning of a new year is generally admitted to be a good season to for Good INTENTIONS. I intend therefore, on the first day of January, 1852, to close the books so far as crediting is concerved, finding by experience, that "A LITTLE credit is a dangerous thing." I am aware that there are many—very many, with whom y-arly accounts might be made with perfect safety and much profit but a Cash Business, properly conducted, admits of no exception, on the principle that when Goods are sold at cash prices, the twelve months credit of

a John Jacob Astor is not as good as the cash in hand of the poorest citizen. Such may not be the doctrine usual-ly preached in the streets of Camden, but it is orthodox. evertheless, and has always been found current on change. In view of this arrangement, I have re-marked the whole of my stock, reducing the profits to the lowest possible scale, and established a UNIFORM PRICE to all.

There now "declared my intentions," and appeal to the public for a liberal support in carrying then out, in re-

turn for which. I promise you BETTER EARGAINS

than ever have been afforded in Camden -a strong assertion, but one I willy FULLY SUBSTANTIATE.

The above is beyond all doubt, the BEST system, combining every advantage to the buyer with every security to the seller, and wherever it has been fairly and honestly carried out, it has invariably succeeded and proved high-

ly popular.

To those who have so liberally encouraged me heretofore, I again return most hearty thanks, and with the extra inducements now offored, I hope confidently, for extra favors, as only Cash and Quick Sales can support Small Profits.
