He has made and sold double the number of any other maker in the country, his sales averaging one Thousand per annum. This unequalled demand justifies the reputation claimed for his Gins, viz: that they Gin faster, run lighter, clean the seed better, take out more moats, make better lint, have Patent Water Boxes, far more durable and secure against Fire than any other, and that all other water boxes whether double or single are, not only a deception, but are an infringement on his rights, and will subject the Planter who uses them to pay damage for a vio-

lation of the Patent Laws.

These advantages justify him in offering to supply the Planting Community with Gins on better terms, according to quality, than any other Factory, Premium Gins
