DR. HOOFLAND'S CELEBRATED GERMAN BITTERS, PREPARED BY

DR. C. M. JACKSON, AT THE GERMAN MEDICINE STORE, 120 Arch Street, Philadelphia,

Their power over the above diseases is not excelled-if equalled-by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. essing great virtues in the rectification of diseases of the sessing great virtues in the rectineation of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are within safe, certain and pleasant.

Dr. Houland's Calabrated Carman Bitters for the cure

The editor said, Dec. 22nd
Dr. Hoofland's Celebrated German Bitters for the cure
of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint
from the use of this remedy. We are convinced that, in
the use of these Bitters, the patient constantly gains
strength and vigor—a fact worthy of great consideration.
They are pleasant in taste and smell, and can be used by
persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience
and to the afflicted we advise their use.

"Scott's Weekly," one of the best Literary papers
published, said, Aug. 25—

published, said, Aug. 25—
"Dr. Hoofland's German Bitters, manufactured by "Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. Assuch is the case, we would advise all mothers to obtain a bottle, and thus to themselves much sickness. Persons of debilitated onstitutions will find these Bitters advantageous to to be health, as we know from experience the salutary effect upon weak systems."

MORE EVIDENCE.

The Hon. C. D. Hineline, Mayor of the City of Camden, N. J., says:

"Hoofland's German Bitters.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting

which they came induced us to make inquiry respecting ts merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases

must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, brieging them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and and imaginary diseases emanate. Have them in a healthy condition, and vor can bid defiance to enidemics genliver, and nervous system the great majority of real and and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from alt sections of the Union, the hast three years, and the strongest testimony in us favor, is that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nestrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will care Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts

That this medicine will care Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomed in all hittous diseases—the effect is immediate. They can be administered to female or infant with safety and reliable benefit at any time.
