Timely Hints to All.

FRIENDS.—Reader, if you have a valued Friend, in whose welfare you feel an interest, that frien will prize, as a precious memorial, your Daguerreotype

Miniature, if taken in Squier's peculiar style.

PARENTS.—If you are still blessed with Parents and no Artist's Pencil has or can truly trace the lineaments of his or her familiar face or form, you may well act the part of wisdom to advise or persuade them to visit, without delay, Squier's Daguerreotype Rooms, and have their Miniatures taken in his superior style of art.

TO ALL .- How many have lost a Father, a Mother a Sister, a Brother, or an innocent prattling child, and have not even the shadow of a resemblance to look upon. After the separation, some "little toy" or trifling article is often kept for years, and cherished as a token of remembrance. How much more valuable would be one of Squier's perfect Daguerreotype Miniatures of the "loved and lost."

There is scarcely any one who does not take pleasure in gazing on the features of a friend, and, when that friend has been removed by death, we often hear the exclamation uttered with an expression of deep regret, "Oh, what would I not give for such a picture of my

Florida Lands for Sale.

THE following valuable Tracts of LAND, lying in Marion and Alachma counties, will be offered at private sale during the months of October, November and December, next, viz: "WETUMPKA HAMMOCK," situated about ten miles North of Ocala, (the County Seat of Marion County.) containing 3,000 acres, about one half of which is hammock, unsurpassed by any in the State, and the remainder White Oak and Hickory land.

A TRACT, well known as the "Fort Drane" Plantation, containing 3,000 acres of Land, principally first quality hammock, between four and five hundred acres of which are thoroughly cleared and at present in cultivation. This place for several years averaged two hogsheads of Sugar to the acre, and every year that it has been cultivated has produced fine crops of Corn and Cotton. These tracts could readily be divided into two or three plantations, each being surrounded by high rolling pine land.

A TRACT of 1,000 acres on Orange Lake, consisting of hammock, orange grove and well-timbered pine

·TWO TRACTS of 1,000 each, near the Alchma Prairie. The greater part of these tracts is rich hammock.

Also, 5,000 acres on Indian river. Any one wishing to cultivate Sugar Cane would do well to examine that land, as, being remarkably fertile, and lying south of the region of frost, it is as well adapted to that culture as any in the United States.

ing, the rearing of orange groves, &c.

The above tracts of Land were purchased by the late Gen. Clinch immediately after the accession of

Florida to the United States. From his position at that time, his facilities for selection were unusually great, and it is believed they include as good land as can be found in the State. On account of their accessibility from Charleston

and Savannah, they offer great inducements to planters in Carolina and Georgia wishing to remove.

The titles are clear and indisputable. Terms cash, or payable at Charleston or Savannah

on or before the first of January.

Any further information on the subject, can be obtained by addressing the subscriber, at Orange Spring, Marion County, Florida. J. H. M. CLINCII, Ex'or.
