**DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,**  
 PREPARED BY  
**DR. C. M. JACKSON,**  
 AT THE GERMAN MEDICINE STORE,  
 120 Arch Street, Philadelphia.  
 Their power over the above diseases is not excelled—  
 equalled—by any other preparation in the United States, as the cases attest, in many cases after skillful physicians had failed.  
 These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and Gallbladder, exerting the most searching powers in weak and affections of the digestive organs, they are without safe, certain and pleasant.  
 READ AND BE CONVINCED.  
 From the "Boston Bee."  
 The editor said, Dec. 22nd  
 Dr. Hoofland's Celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend of our fellow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience and to the afflicted we advise their use.  
 "SCOTT'S WEEKLY," one of the best Literary papers published, said, Aug. 25th  
 "DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health as we know from experience the salutary effect upon weak systems."  
 MORE EVIDENCE.  
 The Hon. C. D. HENSLINE, Mayor of the City of Camden, N. J., says:  
 "HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and soothes the nerves, bringing them into a state of perfect equilibrium."  
 "If the medicine is used generally used, we are satisfied that it will do more good to the city of real and liver and digestive organs. It has been used in a hospital and in a private practice, and in epidemics generally. In the latter case, we would advise our friends to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health as we know from experience the salutary effect upon weak systems."

 EVIDENCE.  
 From the Hon. C. D. HENSLINE, Mayor of the City of Camden, N. J., says:  
 "HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and soothes the nerves, bringing them into a state of perfect equilibrium."  
 "If the medicine is used generally used, we are satisfied that it will do more good to the city of real and liver and digestive organs. It has been used in a hospital and in a private practice, and in epidemics generally. In the latter case, we would advise our friends to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health as we know from experience the salutary effect upon weak systems."
