Florida Lands for Sale.

THE following valuable Tracts of LAND, lying in Marion and Alachma counties, will be offered at private sale during the months of October, November and December, next, viz: "WETUMPKA HAMMOCK," situated about ten miles North of Ocala, (the County Seat of Marion Country.) containing 3,000 acres, about one half of which is hammock, unsurpassed by any in the State, and the remainder White Oak and Hickory land.

A TRACT, well known as the "Fort Drane" Plantation, containing 3,000 acres of Land, principally first hammock, between four and five hundred quality acres of which are thoroughly cleared and at present in cultivation. This place for several years averaged two hogsheads of Sugar to the acre, and every year that it has been cultivated has produced fine crops of Corn and Cotton. These tracts could readily be divided into two or three plantations, each being surrounded by

high rolling pine land. A TRACT of 1,000 acres on Orange Lake, consisting of hammock, orange grove and well-timbered pinc land.

TWO TRACTS of 1,000 each, near the Alchua Prairie. The greater part of these tracts is rich hanmock.

Also, 5,000 acres on Indian river. Any one wishing to cultivate Sugar Cane would do well to examine this land, as, being remarkably fertile, and lying south of the region of frost, it is as well adapted to that culture as any in the United States.

12,000 acres, generally known as the "BAYARD TRACT," situated on the St. John's River, opposite Picolata. There are many small hammecks and orange groves on this tract, but it is principally valuable for its pine timber. It has a river front of 7 or 8 miles.

1,000 acres on Lake George, and several small tracts c , and near the St. John's river, well situated for farming, the rearing of orange groves, &c.

The above tracts of Land were purchased by the late Gen. Clinch immediately after the accession of Florida to the United States. From his position at that time, his facilities for selection' were unusually great, and it is believed they include as good land as can be found in the State.

On account of their accessibility from Charleston and Savannah, they offer great inducements to planters in Carolina and Georgia wishing to remove.

The titles are clear and indisputable. Terms cash, or payable at Charleston or Savannah,

on or before the first of January. Any further information on the subject, can be ob-
