

remarks. On the first ballot to-day, (Tuesday), the vote stood as follows: for Law Judge, Glover, 63; Dawkins, 46; Fair, 39; Carroll, 2; Young, 1; Black, 2. On the second ballot the vote stood for Glover, 71; Dawkins, 45; Fair, 32. Election will be tried again on Wednesday.

P. S.—We learn from the Columbia papers of yesterday that Col. Glover has been elected Judge. The vote was Glover 59, Dawkins 54.

#### In our Next,

We shall notice several matters for which we have not room in our present number. Several favors which will receive our earliest attention.

**COUNTERFEIT.**—We were yesterday shown a counterfeit \$20 bill on the Commercial Bank of this town. The note has a villainous look, bad paper and badly executed. The head of the vignette runs into the curved line at the top of the bill "Columbia, South Carolina." The signatures of the Cashier and President, J. A. Crawford and A. Blanding, are evidently written with the same ink. The word "Twenty," on the left hand lower corner of the bill, is very much blurred.—*South Carolinian.*

**THE POPULAR VOTE FOR PRESIDENT.**—We have the official and unofficial vote in every State of the Union, with the exception of five, and estimating the majorities in these, the aggregates are as follows:

1852.	8148.
Pierce - 1,435,559	Cass - 1,223,795
Scott - 1,244,736	Taylor - 1,362,242
Hale - 147,759	Van Buren - 291,378

Pierce over Scott, 190,823; over Scott and Hale, 46,054.  
Taylor over Cass, 137,447; Cass and Van Buren over Taylor, 152,931.

**THE CHARLOTTE RAILROAD AND THE UNITED STATES MAIL.**—We learn through a proper channel, that there is a strong probability that the Charlotte & S. C. Railroad Company will shortly close its contracts with the Post Office Department, upon the ground that too little is offered for carrying the mail.

We think the Company will be fully justified in this step, inasmuch as the Postmaster General has attempted to cut down the pay to much less than what has been usually allowed to the mail coach system.—*Winnsboro Register.*

#### The South Carolina College.

It has been published in several of our contemporaries that a difficulty exists in this institution. We should not have mentioned the fact, but for such publications; but as they have been made, it is perhaps proper we should say a few words in relation to the matter. The withdrawal of one hundred and ten students, and that without any ill-feeling or insubordination against the Faculty, is, in an institution of this kind, a movement well calculated to attract attention and elicit discussion on the causes which produced it.

The grievance complained of is the compulsion to board at the Steward's Hall. The young men who leave have petitioned the Trustees to permit them to board elsewhere and in their petition have respectfully set forth the causes which have induced them to ask for the modification of the regulation alluded to. To our minds the reasons brought forward have much weight, and should have had some influence with the Trustees, as we cannot construe the action of the students into anything like insubordination. All the students were in favor of the modification prayed for, and we learn that the esteemed and distinguished President of the College also advocated the change before the Board of Trustees.

All this is evidence to our minds, that it was no wanton spirit of factious discontent which governed the petitioners. The system of Commons has been found not to work well, for experience and observation have made manifest that it has been and always will be a fruitful cause of discontent and consequent misconduct. In confirmation of this we need only state that the majority of the Colleges in this country and Europe have abolished their Steward's Hall.

The state of affairs now is that one hundred and ten of the Students, by a pre-existing agreement, have resolved to leave the College, in consequence of the prayer of their petition not having been complied with. The Trustees, after several meetings, have appointed a Committee with instructions we believe, to report in May next a modification in the system of Commons. The students considering their pledge an agreement of force will leave. We are sorry that the Trustees did not consider the matter as a question solely connected with the prosperity of the institution committed to their charge, and altogether independent of any combination or arrangement among the students. And in this light, in our humble opinion, it should have been discussed and deliberated upon.

In conclusion, after having expressed our opinion on the subject, we most devoutly and sincerely wish that, if no sacrifice of honor or principle be involved, the young men would reconsider their resolution and remain. We take it for granted that they are actuated by a high sense of honor, and that if any practical and honorable mode of abandoning their resolve can be adopted it will be done. They all love their Alma Mater and ought to make any sacrifice, save that of honor or principle, to avoid the infliction of any serious injury upon her. It is an institution of which every Carolinian is proud of, and one which we trust will long deserve such a high place in the affections of the people of the State.—*South Carolinian.*

#### College Commencement.

The exercise of the College Commencement yesterday were gratifying in the extreme. We have never attended a Commencement where the orations of the young gentlemen attained to a higher grade of excellence. The Poem is a new feature in the performances, and created a decided sensation. It was a spirited poem, well delivered, and elicited much applause. The orations of Messrs. Melton, Wardlaw, Gaston, Calhoun, Keitt, Youmans, and Hudson, were admirable. We had not the pleasure of hearing Mr. Porter's, but have heard it spoken of in the very highest terms. A Senator, in speaking of it, characterized it as a sublime performance.

Dr. Thornwell's address is said also to have been, as all his productions are, highly interest-

ing and impressive. Circumstances compelled us to be absent (much to our regret) during its delivery.

Mr. Thomas' oration promulgated an entirely new system of metaphysics, making woman the highest type of mind and civilization. It was, however, exceedingly well received, and deservedly so.

Mr. Means, whose subject was "Speculation higher than Speculative Truth," delivered a very ingenious discourse; but we are inclined to doubt the truth of the maxim upon which his acute mind expended so much curious argument. Nothing is higher than truth, whatever epithet we may choose to apply to it.

We were gratified to notice that Dr. Thornwell conferred the degrees, according to university usage, in the Latin language.

The fine elocution of the graduates reflects great credit on the instructions of the accomplished Professor of Rhetoric and Belles Lettres, the Rev. Dr. Reynolds.—*Id.*

**A FAST MAN.**—A case was before the Circuit Court of Dallas county at its recent session which terminated rather unfortunately for one of the parties. The case was John G. Peak and others vs. John Camp and others, involving the heirship to the estate of Joseph Camp, deceased, amounting to \$40,000. During the progress of the trial, a deposition purporting to be the testimony of John Arnold, introduced by the plaintiff, was clearly proven to be a forgery, which terminated the case in favor of the defendants. His Honor Judge Cook, ordered the plaintiff, John G. Peak, to be arrested, with the view to his being bound over to answer a criminal charge.—The Solicitor, however, finding no law making it a penal offence to forge testimony in a case, Peak was discharged. On Thursday evening, after an unsuccessful attempt to pass counterfeit money, Peak suddenly left Calaha, and shortly after his departure it was discovered that Mr. Mitchell Hardy's horse had also disappeared.—Suspicion resting upon Peak, he was pursued, overtaken, brought back to Calaha, and committed on a charge of horse stealing. Judge Cook ordered the summoning of a special Grand Jury, who found a true bill, and the prisoner was arraigned for trial. He pleaded guilty, and was sentenced to ten years imprisonment in the Penitentiary.

*Hayneville (Ala.) Chronicle.*

#### A Triumph of Science.

We had the pleasure a few days since, (says the Columbia Family Friend,) of examining one of the most beautiful specimens of artistic skill that it has been our fortune to meet with for a long time. It was in the shape of a set of Artificial Teeth, with Porcelain Gums, manufactured by our talented townsman, Dr. Blanding, according to the valuable plan of Dr. Allen. So perfect were the teeth, so natural seemed the gums, that the fairest belle in sunny Southern land could desire no change in them. Dr. Blanding is a gentleman of rare skill in his profession—and richly deserves the very extensive patronage he enjoys.

#### Roofland's German Bitters.

Hundreds of our citizens complain of debility and languor of the system, derangement of the liver and stomach, want of appetite, &c.; they are frequently the result of too close application, and a variety of causes we cannot here name; but we would say to all afflicted, do as we have done—get a bottle or two of Dr. Roofland's German Bitters, prepared by Dr. Jackson, and our word for it you will be cured. We recommend this medicine, knowing from experience that it is much superior to the generality of patent medicines. We would say to our readers, purchase none unless prepared by Dr. C. M. Jackson, Philadelphia. October 22.

#### POISONING.

Thousands of parents who use Vernifuge composed of Castor Oil, Calomel, &c., are not aware, that while they appear to benefit the patient, they are actually laying the foundations for a series of diseases, such as saturation, loss of sight, weakness of limbs, &c.

In another column will be found the advertisement of Hobensack's Medicines, to which we ask the attention of all directly interested in their own as well as their children's health. In Liver Complaints and all disorders arising from those of a bilious type, should make use of the only genuine medicine, Hobensack's Liver Pills.

"BE NOT DECEIVED," but ask for Hobensack's Worm Syrup and Liver Pills, and observe that each has the signature of the Proprietor, J. N. HOBENSACK, as none else are genuine.

#### ANOTHER SCIENTIFIC WONDER.

**IMPORTANT TO DYSPYPTICS.**  
DR. J. S. HOUGHTON'S PEPSIN, THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE, prepared from RENNIN, or the FOURTH STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiologist and Chemist, by J. S. HOUGHTON, M. D., Philadelphia. This is truly a wonderful remedy for INDIGESTION, DYSPEPSIA, JAUNDICE, LIVER COMPLAINT, CONSTIPATION and DEBILITY, curing after Nature's own method, by Nature's own Agent, the GASTRIC JUICE. Pamphlets, containing Scientific evidence of its value, furnished by agents gratis. See notice among the medical advertisements.

#### TO THE SICK.

For the effectual rooting out from the system of all diseases brought on by indigestion, biliousness and impurity of the blood, it is a widely and well known fact that **WRIGHT'S INDIAN VEGETABLE PILLS** are the great PANACEA. Throughout the entire South, these Pills have long been held in the highest repute, both by private individuals and by the Medical profession. The unfortunate victim to "earthy ills and woes" is made faculty of our country. Southern fevers and Southern diseases generally, yield to their influence at once; and to thank Heaven that a sovereign balm has been provided.

Let each try them for himself and if the medicine fails to satisfy, the experiment shall cost him nothing.

THOS. J. WORKMAN, Agent for Camden, S. C., and sold by Druggists and Merchants throughout the country. June 28—17.
