

A PLAN
To Restore the Mail Service to the South.

TO THE PEOPLE OF VIRGINIA, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Louisiana, Tennessee, Arkansas, Missouri, Florida and Texas. Having recently returned from the South, I am well aware of the great inconveniences to which the Southern people are subjected on account of lack of mail facilities. This is, to a very great extent, owing to the oaths with which contractors are required to comply, there being but few men at the South who can take it. Having conferred with the proper authorities, (and obtained their approval,) I find that this difficulty can be obviated and the mails established upon every route at the South, and at the highest rates admissible for the people of either the North or South. Being a National Union man, (late of North Carolina,) by which I mean one that is alike opposed to the heresies of the Extremists North and South, I can take this oath and thus form the connecting link between the Southern people and the United States Government. This I propose to do and establish mails on every route at the South now destitute of them as follows:

Any person who is desirous of becoming a contractor will address me at once, stating the route or routes for which he wishes to become contractor, (stating the extreme points to be connected, which, of course, should be on some route heretofore established.) I will then contract for such route or routes in my own name, and let the parties have them at a discount of 2 1/2 per cent. on the annual amount for carrying the mails on said route or routes, which will be about 25 cents per mile for a weekly, 50 cents for semi-weekly, and 85 cents for a tri-weekly mail—payment to be at the close of the quarter. This arrangement will secure the route to the sub-contractor substantially the same as if it were his own contract, and frequently at a better price than could be obtained in the usual way where there are so much competition. Persons confiding to my care may rely upon fair dealing. All accepted bids will be entered upon the books of the Post Office Department, where they will be opened for inspection.

Persons when making application should send a guaranty signed by at least two guarantors. The guaranty should be certified to by a postmaster or a judge of a court of records. Applicants can, if they desire, obtain blank forms, printed by the Government by addressing either the undersigned or the 2d Assistant Postmaster General, George W. McClellan, who will take pleasure in giving all the information that may be desired. The proposal, (a form of which it is not necessary to give here,) will be filled by the undersigned.

Editors throughout the South will please give the foregoing two insertions and forward bill with a copy of paper to the undersigned. Those giving two or more additional insertions will be entitled to a copy of my book, "A Ray of Light," the price of which by mail is \$2 00.

All communications relative to the foregoing should be addressed to
BRYAN TYSON,
Box 1000, Washington, D. C.
